

HOW BUFFALO BOOSTS CITY

The way Buffalo, N. Y. school children boost their native city, will be of interest to the boosters hereabouts. Each child writes a letter to some newspaper of which there are thousands in

the country and in this way the city gets a valuable lot of advertising. The letter to THE TIMES is given here-with:

Hutchinson Central High School, April 18, 1920.
To the Publishers of the Lake County Times, Hammond, Ind.

Simple Way To
End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid soap from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better—adv.

of Buffalo listen to my letter carefully and you will surely know a bit of Buffalo before I finish. The reason for my writing is that each pupil in Hutchinson Central high school is asked to write to a different newspaper concern in the United States during the "Buffalo Week."

Buffalo is located at the western end of the Erie canal and the eastern end of the chain of Great Lakes. It also enjoys the benefit of cheap water transportation.

The state of New York has spent a large amount of money in improving its roads, so that Buffalo has unusual facilities for the shipment of freight by motor trucks.

This method of transportation is rapidly gaining in popularity because of its promptness in delivery and with the rising cost of railroad transportation a center which can use motor trucks for freight shipment is bound to have a strategic advantage.

Buffalo is a city of homes. There are miles of beautifully shaded and asphalted streets upon which are erected the individual houses owned by the people occupying them.

When you have your vacation this summer come up to Buffalo and see if the things I am telling you are not

Buy Your Coal Direct
From Mine—Big Saving

The high cost of coal is a thing of the past! At least, there are no complaints on this account—since the removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct from the mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a car load buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 445 Como Building, Chicago.

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice Coal Co., at once for prices, stating kind and quality of coal you use.

true. The city will spend more than \$8,000,000, upon its schools with the completion of the present program of new construction.

There will be its pupils better located than the city of Buffalo.

Buffalo has the second largest stock market in the world and one of the largest steel plants, so I tell you for the second time come up to Buffalo this summer with your friends and have a good time, for if you do I assure you will enjoy yourself and be amazed at our progressiveness.

Will you help us?

Sincerely yours,
MARGARET HOGAN.

CROWN POINT

Mr. and Mrs. Homer DeWitt and Mrs. Ed. DeWitt of Hammond and Mr. Clarence Baldwin of the Great Lakes, spent Sunday with Mr. and Mrs. Arthur Volk on East Joliet st.

An unusually large crowd attended the April Horse Sale on Tuesday. In spite of the disagreeable day, quite a few horses changed hands during the sale, but the Chicago horsebuyers did not purchase many on account of the strike and being unable to get

them into the city, keeping stock is quite a problem these days with hay at \$45.00 a ton and other feed priced accordingly.

Crown Point streets will remain in their present condition if the number of remonstrances filed against the improvement cuts any figure with the city council, who were nearly swamped with protests against putting the streets in better condition.

Many are of the opinion that putting on the top dressing is but of temporary value as this experiment has been tried so many times but is not lasting. If we pave, why not pave with something lasting.

Mrs. Horlene Heinze entertained the Monday Auction Club at her home on Monday, substituting for her mother, Mrs. Julius Rockwell. Mrs. Heinze and Mrs. Rockwell were the winners of the prizes.

Miss Sarah Winer has returned to Chicago after spending the weekend with friends in Crown Point.

Mrs. Margaret Heiser has disposed of the lot adjoining her home this week to William Tuthill who will at once begin the erection of a handsome new home on the property. Mr. Tuthill paid \$2,000 for the lot and barn.

Mrs. P. G. Fagen and son Roy were in Chicago on Monday on busi-

ness.

Mrs. Mary Higginbotham and Mrs. Fox of Chicago, are visiting at the residence of Mrs. Martin Smith this week.

Mrs. Frank Hack accompanied by

Mrs. John Ludwig spent Monday in Chicago with friends.

Judge E. Miles Norton and family, are moving to the Meyer house on Main street, which they recently purchased, this week. This is vacation week in the Circuit Court and the Judge is incidentally spending his vacation moving.

Atty. Ray M. Royce of East Chicago, spent Tuesday in Crown Point.
