

LIVE NEWS FROM THE TWIN CITIES

POSTAL EXAMINATION

Announcements have been made by the East Chicago post-office authorities of an examination to be held at the Indiana Harbor public library next Saturday, April 24, for appointment as clerks or carriers. The salary of the clerks and carriers varies from \$1,000 to \$1,500 a year.

Preference in appointments will be given to honorably discharged soldiers, sailors and marines, and their widows and to the wives of injured service men. Height and weight requirements will also be omitted in favor of service men. Additional information in regard to the examinations may be obtained from Miss Dona Kucowicz at the Indiana Harbor postoffice.

WHAT CAN BE DONE

The East Chicago street department is swamped. Each day Street Commissioner Peter Sterling receives numerous telephone calls complaining of the dirty streets and alleys in the city but the department is powerless to better conditions.

The law permits the city to hire teams at a price not to exceed \$1 an hour and the street department is also authorized to pay laborers fifty cents an hour. Sterling has been able to get enough labor to keep the city's streets moving but finds it impossible to hire a team at \$1 an hour.

Following the long winter a spring clean-up was planned and the street department intended to place several additional teams at work until the city was clean. Now the number of teams that are available is not sufficient to take care of the routine work, leaving all clean-up work the same as it was when the snow left. Some of the alleys are almost blocked with rubbish and the street department is unable to get men or teams to move it.

REPUBLICANS GIVE DANCE

A dance under the auspices of the Young Men's Republican Club of East Chicago at Kampa's hall last evening drew a crowd of a couple of hundred people among whom were a number of the political leaders of the city and their wives. The dance is a first of a series of entertainments and dances to

be given by the club and swell the membership.

During the evening time was taken from the dancing for presentation of a beautiful silk flag by Miss Helen Ruth Huber on behalf of her father, A. C. Huber. The flag will be placed in the club's new rooms into which they have recently moved.

BENEFIT ENTERTAINMENT

An entertainment for the benefit of the Social Service League of the Twin Cities will be held at the Riley school in Indiana Harbor next Friday evening. The program will consist of speaking, dancing and singing and will be presented by both Chicago and local talent. The local talent has been selected from the high school and the graded schools of Indiana Harbor.

CHRISTIAN CHURCH REVIVAL

With the revival at the Christian Church of Indiana Harbor entering the fourth week those in charge are very enthusiastic over the results which have been obtained. In addition to the large number of conversions which have been made, there has been a decided increase in interest in the church work and many are joining the church by letter.

Last Sunday marked the banner day in the church activities with nineteen additions and an attendance in the Sunday School of 354. An effort is being made to make a further increase in the Sunday School attendance and break the record held by the church at Hammond.

Rev. Snyder last night spoke on "Some things Indiana Harbor Doesn't Need" and will tonight use for his subject "Bicycles and Baptism." One of the nightly features is the showing of moving pictures and several reels of Red Cross and Social Service films have already been shown.

POLICE DANCE TOMORROW

The annual police dance of the East Chicago and Indiana Harbor forces will be held tomorrow evening in both the Masonic Temple at East Chicago and the Oddfellows Hall at Indiana Harbor. The music for the East Chicago dance will be furnished by Sterling and the Indiana Harbor music will be by Gorman.

The dance promises to be the biggest affair of its kind ever given in this part of Indiana and if all attend who have purchased tickets the halls will be packed four or five deep. The division of dancing floors was made not only to accommodate the crowd but to eliminate the need of persons from one end of the city going to the other end. The proceeds of the dance will be used

by the officers for purchase of new uniforms and according to present indications will be well over \$3,000.

RESIGNS FROM ASSOCIATION

Citizens of East Chicago and Indiana Harbor were surprised today to learn of the resignation from the Welfare Association of Rev. Rollo C. Speer, the president; Miss Ada Coffey, supervising nurse and seven nurses who have been resignations in the Twin City field. The Board of Directors and appointments to fill the nursing positions will be made within a few days. The resignations of the present nurses are effective May 1. Election of a new president will be taken up at a meeting to be called the latter part of the week.

Although there has been no statement from the Welfare Association or those who resigned, as to the reason for the resignations, it is understood that a difference in opinion as to the policy of the organization was responsible.

The Board of Directors at their next meeting will discuss plans for the year which it is anticipated will include extensions in many branches of the work.

LECTURES ON PERSIA

Paulus Boodagh, the Persian who delivered a most interesting and amusing address last Sunday evening at the East Chicago Congregational Church will be turned tonight to give his illustrated lecture on Persian Customs and Manners. He has been asked to also touch on the political situation of Persia at the present time. Mr. Boodagh will appear in his native costume and his manner of address is so novel it is guaranteed no one will go to sleep whilst he is talking. The lecture commences at 7:45 p. m.

The Boys' Club of the Indiana Harbor Christian church will meet at the church this evening at 8:45.

A happy betrothal took place in Indiana Harbor this week when Mrs. Grace Martin of 4221 Ivy st., widow of the late Harry Martin who passed away more than a year ago, became reunited with her former husband, Mr. James Reubart, who came from St. Petersburg, his present home to claim his wife from whom he became separated some four years ago. They are presently settling their business affairs here in view of leaving for the south in a month or six weeks where Mr. Reubart is engaged in the painting business and where they will ultimately settle to make their future

The Savers are Coming in Regularly

There's a steady increase in the number of our savings depositors, and what's more those who already have savings books are making it a point to save a little more.

If ever times were good they are now, work is plentiful, and wages at top notch. And if ever there was a time to save it is now.

The day may come when work is not so plentiful, perhaps wages not so high.

If that day should come have you a nice little balance in the bank? If not why not start now? Something put in a savings account each pay day will give you a cash reserve that will stand back of you when you need it most.

A Padlock is all right for a Shed

But a bank vault needs a time lock. The more valuable your possessions, the better the protection you need. A few years ago your fire policy was adequate. Today you are under-insured, because you could not rebuild your house for twice its original cost. You need more insurance in the old reliable Hartford Fire Insurance Company.
