Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, cleaning the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, grining cathartics are derived from Dr. Edwards' Olive Tablets without grining, pain or disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week to note the effect. 10c and 25c.

## How Superstitions Arose.

The Friday superstition arose because the crucifixion is supposed to have taken place on that day. Some persons think it is unlucky to spill salt, because Judas Iscariot seems to be spilling it in Da Vinci's picture. Others think that it is because salt is a symbol of incorruptibility, and spilling it is, therefore, a sign of broken friendships and general upsets.

## NUXATED IRON A DRIVING FORCE BEHIND KEEN SUCCESSFUL MEN AND WOMEN

When you think of the successful men and women you know—people who are doing things worth while—you will find that they possess force, vim and energy—the kind that simply brim over when the blood is filled with iron. Nuxated Iron by enriching the blood and creating new red blood cells, strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed force and energy into the whole system. Three million people use it annually as a tonic, strength and blood-builder.

## MAKE THIS TEST

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form.

Take The Times and keep it touch with the whole world.

## OUR 14,000 ACRE SUNNY FLORIDA FARM

Can Supply the Needs of the Calumet Region and Cut "The High Cost of Living"

## The Florida-Calumet Fruit and Farming Syndicate

428 Broadway, GARY, INDIANA

DR. HARRY E. L. TIMM, President.

JOHN R. FISCHRUSS, Treasurer.

FRANK W. DUGGAN, Vice-President.

J. B. SOMERS, Farm Superintendent.

GEO. A. JONES, Secretary.

## LOCATION

This tract of 14,000 acres of land is located in Townships 41 and 42, Range 30 east, De Soto County, Florida. This is a part of the wonderful and renowned Caloosahatchee River District and is just 12 miles west of Lake Okeechobee. The Haines City branch of the Atlantic Coast Line Railroad extends through the Tract from north to south and Hall City, covering 2160 acres, is located in the center of the Tract, which affords excellent shipping facilities.

## THE DEVELOPMENT

The Syndicate will drain, fence and break the land, putting it under cultivation as rapidly as possible. It is our purpose to plant a large acreage of sugar cane, which, at the present market prices, will yield a profit of from \$300 to \$400 per acre.

Cattle and hog raising is one of the main features of farming in this locality. As grass grows 12 months in the year the cost of feeding them is but a small item and ready markets are awaiting them in Jacksonville, Florida, and in Cuba.

## FRUITS

While great varieties of fruits are being raised, only a few have been brought to a high state of cultivation. The following more or less extensively raised in the location of our Tract: Oranges, Lemons, Limes, Grape Fruit, Pineapples, Bananas, Mangoes, Avocado Pears, Sapodillas, Guavas, Cocoanuts, Strawberries, Pecans, Pears, Peaches, Plums, Grapes and Figs.

## VEGETABLES

On neighboring farms all around this Tract are raised fine crops of Sweet Potatoes, Peas, Beans, Peanuts, Onions, Lettuce, Celery, Peppers, Potatoes, Cabbage, Tomatoes, Squash, Egg Plant, Cucumbers, Watermelons, Canteloupes, Beets, Sugar Corn and Lima Beans.

## FARM PRODUCTS

The following products are among the leading: Corn, Oats, Wheat, Rye, Broom Corn, Sugarcane, Sorghum, and a number of varieties of Hay.

## LIVE STOCK AND POULTRY

The following are being successfully raised: Cattle, Hogs, Horses, Sheep, Goats, Chickens, Ducks, Geese and Turkeys.

## HIGH COST OF LIVING

The problem of reducing the high cost of farm products and fruits can only be solved by co-operation. THE FLORIDA-CALUMET FRUIT & FARMING SYNDICATE purposes, so far as possible, to ship its products in carload lots directly into the Calumet Region and sell to the local merchant, thus saving a number of jobbers' commissions.

Our plan includes a permanent marketing organization, both at Hall City, Florida, and in the Calumet District.

## GOOD INVESTMENT

Why not invest \$2,500.00 (cash or deferred payment plan) and get a grove that will net you from \$2,500.00 to \$5,000.00 per year, and enjoy summer time all the year round? REMEMBER! No winter clothes or coal to buy! No snow to tramp through! But beautiful sunshine, summer flowers, and shade trees and fresh vegetables from your own garden all the year round.

## SHARES

All shares of the FLORIDA-CALUMET FRUIT & FARMING SYNDICATE have a par value of \$250 each, and are guaranteed by the 14,000 acres of land of the Syndicate and all money received from the very limited number of shares offered for sale will be used to develop this tract. All shares are dividend bearing and will be redeemed in acreage of developed bearing groves, if desired, and each share will be accepted in full payment for an acre of developed land.
