**Russia is Faced with New Menace**

(INTERNATIONAL NEWS SERVICE)  
LONDON, April 30.—With "practical peace" with the allies almost within grasp, a new menace has arisen to confront Soviet Russia and keep her armies busy in many parts of the old empire. A renewal of the war wrangles which has kept Russia in a ferment for the last year either is in progress or is threatened from several sources.

Continuing their great offensive, began Sunday the Poles have bitten deeply into the Red lines, and today's dispatches declared them to have captured

Overstab, 32 miles north and east of Jitmir, which the Poles occupied yesterday. Kersten and smaller towns also were occupied by the Poles in the course of their advance.

An Exchange Telegraph dispatch from Vienna today said that the Poles have met and defeated 35 Bolshevik divisions in the course of their advance. Many prisoners and much booty have been captured.

Official advices to the foreign units announced that Polish cavalry units are driving hard toward Kiev.

Simultaneously with the Polish drive, the Ukrainians are rising and threatening to divert the forces of Lenin and Trotsky from the more serious menace of the Polish offensive.

It is also learned authoritatively that the "whites" of Petrograd and the Baltic district are attempting to reorganize.

In Western Siberia a new menace has arisen in the shape of the "White Tsarists" who are proving exceedingly troublesome for the Moscow government.

In Eastern Siberia, the Japanese have landed additional marines.

**FIERY, ITCHY SKIN  
QUICKLY SOOTHED  
BY SULPHUR**

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema, that is covered with ugly rash or pimples or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store—adv.

**FRANK B. McILROY**  
OF HAMMOND  
Republican Candidate for  
SENATOR

In making my announcement as a candidate for Senator I deem it my duty to briefly but frankly state the principles upon which I stand, and which will govern my course, if I am elected by your generous suffrages a seat in the Senate of Indiana. These principles compressed into the narrowest compass are as follows:

I declare for state rights and individual liberty, I believe in the support of state sovereignty and local self-government. I am opposed to the National and State Prohibition act, because the people were denied any direct voice in its ratification or rejection, which is an infringement on personal rights.

I am opposed to the present obnoxious Tax Law, and if I am honored with a seat in the senate I will do all in my power to enact a new tax law that will be just and equitable to all taxpayers, whether large or small. I am opposed to the taxation of the poor whose personal property is valued at less than \$500.00. I believe in taxation justly proportioned to such an extent only as is necessary for maintenance of government economically administered.

I favor a just and liberal appropriation to the American Soldiers of the world war, maimed or injured while fighting somewhere in France or upon the high seas to make the world safe for Democracy. I believe that each state should take care of their own. We owe the American Soldier a debt of gratitude that we can never repay.

Labor: The difference from times immemorial between capital and labor lies in the development and acceptance of the sharing of profits. Capital is dependent upon labor and labor upon capital. There must be co-operation between the employer and the employee—harmony must exist for the happiness and prosperity of both.

I believe in and stand for the rule of the people, and I invite all men, who so believe, to stand with me to the end.

**RUSSIAN "JOAN  
OF ARC" ARISES**

(INTERNATIONAL NEWS SERVICE)  
LONDON, April 30.—A Russian "Joan of Arc" has arisen in Western Siberia gathered considerable strength and is proving exceedingly troublesome to the Soviet government, according to advices reaching London today.

The newcomer calls herself the "White tsarina" and claims to be a great grand daughter of Alexander, who reigned from 1841 to 1855.

Like the famous French maid of Orleans, the "White tsarina" dresses in white. Her troopers are also clad in white. Her headquarters are at Murgan, a town of Western Siberia from which she directs her own operations against Bolshevik outposts and railroads.

The Omsk government is reported to have placed a price of 1,000,000 rubles on her head.

**THEY WONDERED  
WERE SHE GOT  
HER CLOTHES**

**Well Dressed Woman Has  
Her Neighbors Guessing  
Until She Volunteers  
To Enlighten  
Them.**

This certain young lady tells her story in simple language:

"With the price of clothes top-notch, I found myself in the same circumstances with hundreds of others earning a like amount of money. It seemed as if I could never save up quite enough to buy that suit or coat or dress. I would get that amount about half saved, when something else would come up and I would be back to where I started. My pay envelope didn't seem to cover. I was sacrificing my personal appearance and trying to make the old clothes do."

"Finally, one day when returning from work, I found a very dear girl friend of mine waiting for me, and noting that she was outfitted in a smart tailored suit and becoming hat, I frankly asked her how much she was earning in order to buy such clothes.

"She smiled and said: 'Why, my dear, you earn as much as I do—the only difference is that I know how and where to buy and you don't. Just come down with me to the Liberal Credit Clothing Co., at 529 Hohman street, Hammond. They have a fine showing of new apparel. They allow you to pick out any garment you want, pay a little down and a small amount each week. You will hardly miss the little payments, and you will always be well dressed.'

"The following day I headed my friend's advice and paid a visit to the Liberal Store, where I was given every courteous attention. No embarrassing questions were asked. Just my promise to pay has made me the possessor of the finest clothes I ever wore—and today I am the happiest girl in the city."

Don't let your personal pride stand in the way of your personal appearance. If you want to be well dressed, pay a visit to the Liberal Credit Clothing Co., 529 Hohman st., Hammond.—Adv.

The best organized and most thoroughly vicious machine has had you by the throat for the last four years—The American Profiteer.

Four million and a half of ex-service men, all intensely patriotic, and who entered the war with the greatest enthusiasm, left the army disgusted with machines.

JOE GRAHAM is not a machine candidate. He has put up a clean, strong, honest fight absolutely alone.

Everywhere in Lake County the Sheriff's race has been conceded by ninety per cent of the voters to lie between Joe Graham, of Hammond, and the machine candidate.

The New Lake County Machine has been on the road for the last six months, fighting tooth and nail to elect its own candidate, pulling every possible and impossible wire to gain its ends, spreading religious and anti-military propaganda, and even resorting to threats against the underworld, claiming that they will beat Joe Graham with the Negro and pro-German vote.

MR. VOTER: Are you for the man, regardless of his creed, color or nationality, or are you in sympathy with these conniving, underhand machine politicians?

MR. VOTER: Are you satisfied with the machine that has controlled the county for the last four years?

Are you satisfied with your liberty at the present time?

Are you thinking that the working man has had a square deal?

MR. VOTER: If you are for the MAN and not for the MACHINE,
