The colored people of the community especially those allied with the A. M. E. Zion church of Indiana Harbor, listened to a band concert at the Auditorium last evening with the performers all members of the 37th Infantry, 8 Illinois regiment. The concert was given for the benefit of the church fund. Rev. J. M. Howard, pastor of the church has made endeavors to build up his congregation and provide adequate church room for the worshippers. The drive on for finances for the many past months is ready for publication at the church this coming Sunday. The various rallies at the church have been most productive of good and reports concerning them will be also read at the Sabbath Service. A good attendance of members is desired.

There has been several deaths in the McCloskey family in the past year, Mrs. McCloskey losing her mother, sister and brother-in-law, all deaths superinduced by the influenza, with the exception of the death of her father whose death was caused by complications.

The dance given last evening by Twin City Circle, Daughters of Isabella at the Odd Fellows hall, Indiana Harbor, proved another delightful function in the category of their entertainments. The hall was cheerfully donated in its use by the Odd Fellows who grant concessions to their various sub-leagues, once a year and giving an opportunity for the lodge gaining so great an advantage, to gain a benefit for their organization. The music was ideal last evening and rendered by the John Sterling orchestra. The committees all ably dispensed the parts assigned to them. Miss Bessie McAnley was the appointed chairman of the Harbor reception committee and Miss Berenice Dewey of the East Chicago committee. Miss Marie Mylott of Gary was appointed to make introductions of the Gary assemblage of people. The Mesdames Jesse Dewey and Margaret Ryan constituted the door committees. Mrs. Elizabeth Sirles had charge of the sale of tickets at the window. The check room was well handled with a score of boys who looked after the careful handling of the guest's wraps. Punch and other cooling drinks were enjoyed throughout the evening and a bevy of young ladies dispensed them. Another like affair is anticipated in the near future and the Circle members have intentions of continuing their social affairs and will diversify them. The committees sponsoring the affair of last evening express a sense of gratitude to the public for their assistance in making the event so great a success.

The public will hear the explanation of "The Fatal Night" should they choose to be present this evening. The services are almost to a conclusion and a most cordial welcome is extended to all for this evening. There are one hundred and six accessions to the church to date. More are steadily coming and at the conclusion of the week it is evident that there will be quite a rapid jump in the numbers as totaled.
