

GARY'S NEW
COMPTROLLER
EX-SERVICE MAN

ATTORNEY JOHN W. SCOTT

Although Attorney John W. Scott, overseas veteran has been learning the inside workings of the office of City Comptroller of Gary for the past week, he will not officially assume the title until August 1, when he will fill the vacancy caused by the resignation of John A. Brennan nearly a month ago.

When Mayor W. F. Hodges named Attorney Scott to succeed Mr. Brennan upon his return from Indianapolis late last week residents of the city were well pleased with his selection as Mr. Scott is known as a man who is well qualified for the task that is ahead of him. A number of Gary men had put out wires to land the comptroller's job, but when Mr. Scott's wide circle of boosters got busy it did not take the mayor long to decide that he was the man for the job.

With the exception of the time that Attorney Scott served overseas in the world's war and the camps in this country he has been a resident of Gary for the past six years. As a lieutenant with the 28th Infantry, First Division, Mr. Scott saw service on the Somme, Toul sector, the St. Mihiel drive and served in Germany as a member of the Army of Occupation. At Cantigny he was wounded by machine gun bullets, one of the missiles striking the groin and went clear through his leg, from the effects of which he has never fully recovered.

Mr. Scott is married and 26 years old, and is probably the youngest city comptroller of any city in the state of Indiana. He is a graduate of the law department of the Valparaiso University and as a member of the Harrison club has taken an active part in politics in both city and county campaigns. He also belongs to the Elks, the Consistory at Fort Wayne, and a charter member of the Gary Post of the American Legion.

In 1917, Mr. Scott was chief clerk of the Indiana State Senate and last fall was elected by a unanimous vote to the office of secretary of the Gary Bar Association. Four years ago he also acted as president of the Young Men's Republican Club of Gary.

(BULLETIN)
BERLIN, July 30.—Two French army corps could have saved Poland, it was admitted in a Russian government radiogram, sent out from Moscow today and picked up here. The soviet government declares that the sole hope of the allies is that Germany will allow the transportation of allied troops across German soil to Poland.

Leaving for work yesterday morning at 4 a. m., a switchman, living at the Lyndora hotel forgot his watch and left it lying on a bureau top. When he returned it was gone. Police were notified and arrested the switchman's room-mate. He admitted he'd taken the watch, but only to "keep it safe for his friend." He had over \$150 in his pocket when arrested. After spending the night in jail the man who lost the watch decided his room-mate was all right and refused to prosecute. The case was dismissed.

George Brooks, 231 State street, arrested on a charge of intoxication, will be arraigned August 2.

Officers Lute and Warner after traveling for seven years the thoroughfares of Hammond as motorcycle men will be assigned to "beats" beginning August 1. Constant riding over the city's cavernous streets now threatens the health of both men.

The "river squad" of Central Station answering a call from the Hammond Malleable Iron Works yesterday raced to the scene of the plant where it was reported a negro and a white employee of the company were engaged in a fight. When the "river squad" arrived the negro had successfully beaten up the man and escaped on a motorcycle. The cause of the argument could not be learned.

Durelle E. Barber arrested last night at the Lyndora hotel on a charge of intoxication was fined \$15 in the city court this morning.

Lee Price, "wild man" amongst East Hammond's colored populace, was fined \$200 and sentenced to six months on the penal farm where, according to Special Judge George Elder he will have an opportunity of working off his wildness. Price was arrested on a charge of assault on William Cole, following an argument over a crap game at the latter's residence, 560 Merrill avenue. Cole, 22 years of age, is the hero of the day around his community. It didn't phase the young negro when Price, alleged "bully," told him he was the original "bad man." Cole replied that "Price didn't need think he was any bear or panther cat, by any manner of means, no sir." Cole laid the husky negro low with a blow on the head. Cole used an axe.

Mrs. L. G. Kolb of Northcote ave. entertained the members of the Nu Epsilon Club with cards and luncheon being the chief entertaining features and for which awards were given in the card competition. Those most fortunate in securing them were the Misses Lillian Artibey and Sadie Joyce.

Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torturous Suffering. Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million. Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood. When any of these symptoms appear you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S.S.S., which is sold by druggists everywhere. Begin taking S.S.S. today, and write to our Chief Medical Adviser, who will give you special instructions without charge. Address: Swift Specific Co., Atlanta, Ga.
