

ARMISTICE PROTOCOL IS SIGNED

INTERNATIONAL NEWS SERVICE
LONDON, Oct. 6.—An armistice protocol was signed by the Russo-Polish forces at Riga at 11 o'clock Tuesday night, said a Warsaw dispatch to the Daily Express today.

A general agreement was reached by the Poles and Russians on all the main points preliminary to peace negotiations.

The actual armistice, which will bring hostilities on the Russo-Polish battle front to an end after more than seven months of violent and continuous warfare, probably will be signed on Friday. The protocol was in the form of a preliminary agreement on both sides to accept conditions which will govern the actual truce.

It is reported from Berlin that both Gen. Brusiloff and M. Tchitcherin, commissar for foreign affairs in the soviet government, have gone to Riga. If the Russian and Polish envoys carry out their present plan of fighting on the great 700-mile battle line, between the Lithuanian frontier and Western Ukraine, will end by Sunday.

Only one incident of crookedness involving the trio took place in Chicago, according to information given the jury. This was when one of the three approached Benny Kauff and tried to bribe him to "throw" a game during an important series with the Cubs in 1919. Kauff refused and the incident was closed. Testimony given the grand jury is said to have indicated other instances of crooked work but they all occurred in the east.
