

## PASQUALE MAY BE BLUEBEARD OF MODERN DAY

(INTERNATIONAL NEWS SERVICE)  
HARRISBURG, PA., Oct. 13.—August Pasquale, self-confessed kidnapper and murderer of 13-month-old Blakely Coughlin, or Norristown, and 15-year-old Mrs. Rose Asherman, of Philadelphia, may prove to be the modern "Bluebeard" of the East.

When Pasquale told Maj. Lynn C. Adams, superintendent of the state police, that he smothered the Coughlin baby and had killed an aged woman in a rooming house in Philadelphia, he did not tell of the killing of Edward Ryan. Since Sunday he has admitted shooting and killing a man in a saloon in Philadelphia which police records show was Ryan.

With these three murders already admitted, there is a strong suspicion that Pasquale was the murderer of Paymaster Zehner and Watkins, of the Lehigh Coal and Navigation Co., on a lonely mountain road in the coal regions of Carbon county.

Records of several other murders in Eastern Pennsylvania which have never been solved, are now being gone over to ascertain if Pasquale could have had some connection with them.

Sadler was visibly shaken when he gave himself up and demanded protection from federal authorities.

"The gangsters," Sadler said, "are vicious enough to go to any lengths to remove a witness against them. I've had my warnings and I know they'll get me if they're given the chance."

**What Caused Queer Sounds.**  
Complaints made about a woman's club in London because of a noise of thumping on the walls that began at 7:30 every morning brought out the fact that a woman of sixty and a woman of seventy-five, trying to reduce flesh, were competing in high kicking. "I have hit the wall at four and one-half feet," said the sixty-year-old woman, "and have lost two pounds. The old lady of seventy-five has kicked seven inches higher, but I won't be beaten by her."

# What is Your Standing in This Community?

**Not Your Estimate of Yourself, Because that is Prejudiced Testimony, But the Net Worth of Yourself as Determined by the Testimony of Others.**

The community can't judge you by your clothes, your entire personal fortune may be on your back or in your wardrobe; nor by your automobile, for you may have bought that on time and you may be squandering time and money in its enjoyment that should be saved; nor by your social standing, for that is the most intangible of assets.

**BUT YOUR STANDING IS ALWAYS ENHANCED  
BY OWNING YOUR OWN HOME!**

The successful business man builds a home, regardless of cost, thinking of it as an investment, because home-building is the most unselfish act of a man's life. It evidences his moral, financial and personal stability; it proves his solicitude for his family; it begets the confidence of his friends, neighbors and business associates; it establishes his credit.

## BILLY SUNDAY SAYS:

*"The Man Who Sings 'Home, Sweet Home' in a Rented House is Kidding Himself, and Serenading the Landlord"*

Successful business men are flocking to Kenwood, where they are erecting homes that are to be the monument to their successes, the tribute to their devotion to family, the contribution to the up-building of the community which for a generation will stand to their credit.

The man who advances arguments against immediate home-building has an imperfect perspective, a lack of knowledge of real values, and can merely stake his guess against yours that a world-wide deficiency of millions of homes is going to be made up in a few months.

## A Building Boom is on The Way!

When people get tired of waiting for an imaginary readjustment of building conditions, that may not come for years, the pent-up yearning for a home will precipitate a building boom that will be unprecedented and will quickly absorb every vacant subdivided lot in Hammond.

Already the demand is far in excess of the supply. In two years no desirable South Side residential home-site will be available for less than \$2,500.00 to \$5,000.00. What is already true in other cities surely is coming true is Hammond, a much more desirable residential city.

## Last Call for "KENWOOD"

We have a few desirable home-sites scattered over the entire subdivision. Prices range from \$1,500.00 for 50 foot lots to \$4,000.00 for some of our larger lots in prime locations. We expect to sell out in the next few months.

## There is Something in a Tube besides Rubber

**WHAT** every motorist hasn't yet found out is that you can't always judge the quality of a tube by the kind of materials that go into it.

U. S. Red Tubes contain the pick of the world's rubber—more and more of it coming from the United States Rubber Company's own plantations in Sumatra.

But what gives them their quality is the United States Rubber Company's manufacturing experience—longer and more varied than that of any other rubber organization.
