

## EMERSON SCORES A VICTORY

Emerson High topped East Chicago High 23 to 17 at the McKinley gymnasium last night, after a hard fought battle.

Emerson allowed her anxiety for the outcome of the game to overshadow her good sportsmanship. At the beginning of the game both teams played strenuously and at the end of the first quarter with a tie score of 6-6 East Chicago's boys were pretty well played out, at the start of the second quarter Emerson brought out a fresh team to outplay the East Chicago boys. Having substituted a fresh team against tired players Emerson should have made a better show but East Chicago stuck to the last and held them to a score.

Strutridge starred for Emerson, by making seven field goals.

East Chicago had no individual star as the entire team played their positions exceedingly well against odds.

Following is the lineup:

EMERSON—Goal: E. S. Johnston; 2. Emerson, 3. Strutridge, 4. Sibley, 5. Crosswell, 6. Johnston, 7. Emerson, 8. Crosswell, 9. Emerson, 10. Sibley, 11. Emerson, 12. Sibley.

The East Chicago Freshman defeated the Indiana Harbor Scouts Troop 2, with a score of 24 to 5, in a curtain raiser game.

## GARY BRICKLAYERS FORM OWN LOCAL

Win 13-Year-Old Fight for Organization of Their Own

After a long fight extending over a period of thirteen years, Gary bricklayers are going to have a local of their own.

At a meeting of the bricklayers organization of Lake, Porter and Newton counties at the headquarters at Whiting last night, a resolution was adopted and passed, agreeing that Gary members of that organization take steps to secure a charter and form an organization of their own.

The first initial steps to organize will be taken at a meeting to be held at the branch labor temple at 13th avenue and Broadway in Gary tomorrow afternoon when officers will be elected. They will be installed at a meeting to be held several weeks hence when their charter arrives.

As a result of the decision of the Whiting local which previously governed the bricklayers in the three above named counties, Gary bricklayers are highly elated today.

It will end the long 13 year old fight for a local of their own as well as the inconvenience that they have been put to in the past of making the tiring trip to Whiting and back to attend sessions of the organization.

## Jewelry Thief Is Captured

Negro Who Uses Padded Brick on Window Taken By Harbor Police

In one of the most daring robberies with which the Harbor police have been called upon to solve, two negroes, one who has already been captured, broke into the window of the jewelry store of Arthur Berkovitz, 3221 Michigan avenue this morning, stealing a large number of watchfobs and other jewelry.

That the thieves are men with wide experience can be seen in the manner in which they worked. Before breaking the window, they smeared the glass with molasses, and then with the aid of a padded brick, completed their work. The robbery is said to have occurred about 1:15 A. M., and at 4:45, officer Thacker of the Merchant Police, while patrolling his beat on Cedar street came across a negro, who said that he was seeking employment as a dishwasher, in order to get a meal. His story did not appeal to Thacker, who took the negro to the Harbor station. Upon being searched, a number of watches, besides a handful of rings, stolen from the jewelry window were found in the negro's possession. The negro who gave his name as Arthur Howell, of 3681 Pennsylvania avenue, admitted breaking into the window, and accused another negro, who is known to the police as his accomplice.

Howell, who has a long police record, has previously been in the hands of the Harbor police, but somehow or other has always managed to escape through some technicality. Some time ago he was arrested for the stealing of a number of tires from the garage of the Police Auto Sales Company, but he managed to secure an acquittal.

According to Mr. Boerg, a Times reporter this morning he was headed toward Gary and while traveling at a lively clip, the Ford started to wobble and unable to control the machine, it plunged down an embankment and turned a complete somersault.

Although Mr. Boerg did the forced aerobatic stunt with the machine, he escaped without a scratch. He stated that it was nothing short of a miracle that he escaped injury. The only damage done to the Ford was a dented fender and after getting the car out of the ditch he cranked up and drove back to Gary as if nothing had happened. The spill was due to the heavy fog.

## JUNKETER SAYS HE WAS ROBBED HERE

By W. H. BLODGETT  
INDIANAPOLIS, Ind., Feb. 5.—This is a short story of an innocent abroad, the innocent being Representative Geo. H. James of Clay, and "abroad" being Lake county. Mr. James was one of the legislative junketers to that part of Indiana recently. Besides a big suitcase in his strong right hand he had \$100.75 in his pocket. As the train neared Hammond a young man stumbled over the suitcase. Mr. James lunged forward to save his property and was caught between two more young men who were making their way out of the car. That was all there was to it. Later Representative Pined, desiring to use a telephone at a pay station, accosted the representative from Clay thus:

"George, gimme a nickel so I can telephone."  
"Certainly—is a nickel all you need?"—and at that moment there burst upon the ambient morning atmosphere a yell that would make a Comanche warwhoop sound like a squeak. In reaching for the nickel the representative from Clay made the discovery that he had been robbed—every penny was taken about the time the young man stumbled against his suitcase. Being hustled flat, Mr. James became the guest of the Lake county delegation, who paid his expenses during the day, and staked him to enough to get back to Indianapolis. Now when Mr. James draws his pay as a legislator he puts it in a sack, sews the sack in the waistband of his trousers, and does not remove his trousers when he goes to bed.
