# HOUSE LEADERS SEEK TO PREVENT JAM

Are Confident They Will Be Able to Pass All Important Bills

(INTERNATIONAL NEWS SERVICE) INDIANAPOLIS, Ind., March 2.—Republican leaders in the Indiana house of representatives were confident today that all important bills would be disposed of during the remaining four days of the session without the usual jam in the closing hours as a result of a meeting last night of the "steering committee" appointed to classify all measures and establish a priority schedule for their passage. The "steering committee" consisting of representatives Newman, Osborn, Gibbons, Mallott and Morgan was named late yesterday by representative Noll, republican caucus chairman.

With the operation of the "steering committee" floor leader Einfeld is hoping to do away with night sessions until Monday night, when the legislature will adjourn sine die.

# COLORED CHURCH OFFICIAL DIVORCED

Judge Reiter Grants Separation to Wm. Betts of Indiana Harbor

William Betts, one of the officials of the First Baptist church, Indiana Harbor's colored congregation, was granted a divorce from his wife, Margaret, this morning by Judge Reiter in room 1 of the Hammond superior court.

Mr. Betts evidently has had enough of married life for a while, for when Judge Reiter informed him that he would be enjoined from marrying again for two years he replied, "Thank you."

The couple had been married about seven years. In 1916 they moved from Indiana Harbor to Denver, Colorado. Later Betts returned, rented a house and furnished it. Then he wrote his wife to return "if she was willing to live straight." She had been making it miserable for Betts in Denver by running around nights and frequenting saloons. Margaret refused to return and Betts turned the furnished home over to a friend.

# PORRAS APPOINTS DEFENSE COUNCIL

BALBOA, Panama Canal Zone, March 2.—A council of national defense has been appointed by President Porras, of Panama, to initiate and carry out necessary military action to defend the country against Costa Rica. There is one American member, A. R. Morrell, assistant fiscal agent of the Panama government.

Passengers on a Pacific mail liner arriving here today via Puntarenas reported that the steamship Isabel and the motor schooner Belenquazada were at Puntarenas with from 200 to 500 Costa Rican soldiers on board armed with cannon. Both vessels were ready to sail. The passengers also reported anti-American feeling in Costa Rica as a result of the belief that the United States will support Panama in the territorial controversy.

# SAYS DEATH IS UNREAL

Proves That the Dead Still Live

Remarkable evidence that there is no death, there are no dead, is offered by Lloyd Keaton Jones, Room 1260, 538 S. Clark St., Chicago, in his book entitled "God's World," in which he shows how, through God's own law, the spirits of those who have passed through the portals of death can and do communicate with those on earth. One should be covered by the thought that loved ones have not been transmuted into cold, unemotional, individualities by death, for God's door is always open between earth life and eternal life, where we all will be united forever. In his illustrated booklet "Communication," he presents his view of life here and beyond the grave, which will enable you to understand "God's World" and show you how to obtain happiness and a fuller understanding of life here and in the hereafter. Simply send your name to the author at the above address and the book will be sent to you free of all charges—Adv.
