JUDGE CRITICS TO SPEAK

A stimulus for children's work in the public grade schools of East Chicago has been found with the reorganization of the Parent-Teacher Association. This organization of the Washington grade school, under the direction of Principal Roy W. Peck is holding a dinner meeting tomorrow evening at the Washington grade school building.

The speakers on the program for the evening are Madame E. Orles, of Room 2 of the Superior court, Hammond, and City Judge Allen P. Tewes, to talk upon the subject of School Work and Its Relation to the Home. Superintendent E. N. Canine of schools, is announced to speak also on school work. Following the program of the evening refreshments will be served.

The object of this association is to bring the home and school work of the children closer together, to stimulate equal interest among parents and teachers, and to knit the acquaintance of child, parent and teacher more firmly. The work of the organization, while yet in its prime, is believed to be assisting greatly in school work.

AN EXPLANATORY LETTER

The following letter was received by City Comptroller Parks from the State Tax Commissioners:

"Mr. P. A. Parks, City Comptroller,
East Chicago, Ind.

"Dear Sir—Your letter addressed to

Mr. Harrison has been referred to me,

and in reply will say that if the \$100.00 has been issued by order of the city council ordinance, regularly adopted, and if this amount is to be paid out of revenue to be collected this year, revenues for which tax levies have already been made, it will be considered a temporary loan and the approval of this board is not required in view of this kind.

"The attorney general has so ruled and if your banks hesitate in any way to take these time warrants, we would be glad to write each a letter stating to them that the approval of this board is not required. It is only where bond issues of certificates of indebtedness are issued that are not paid out of existing levies, but are paid in a series of either one, two, three or four years, whatever the case may be. The statute itself defines a temporary loan as one that is issued in anticipation of revenue already levied.

"STATE TAX BOARD.

"Member."
