TAKING A CENSUS OF AM. LEGION

NOTICE

All Legionnaires are requested to watch tomorrow night's Lake County Times for instructions. Those who volunteered their services are requested to communicate with the chairman of Service Drive Committee immediately.

RALPH S. HENSEN,
Chairman Service Drive Committee.
Phone: Office 31; Res. 1824M.

The national census of veterans of the World War, recently authorized by the American Legion, will begin here on Monday of next week, when every ex-service man and woman in Lake county will be enumerated. The census of Hammond will be carried on under the direction of Hammond Post No. 16 and Ladies Auxiliary of the American Legion.

A house to house canvass of every city block will be made. Every veteran will be interviewed, asked forty-eight questions and his answers recorded. When the national census is complete, national headquarters of the Legion expects to have a concise and complete record of every man and woman who was in the service. The record will be invaluable to the Legion in prosecuting its fight for the disabled, and for the classes of veterans who have unsettled claims or adjustments to make with the government. In the past two years, the national service division of the Legion has been instrumental in settling claims in favor of veterans totaling more than \$10,000,000.

Every veteran will be asked if he

was wounded or gassed or injured by accident, if his health was impaired in any way while in the service, and if he has received satisfactory medical treatment and compensation. It is known that there are many still suffering in various ways as a result of their military service, who have never been reached by their government relief. The services of the Legion are laid at the disposal of all persons in this position.

All veterans are to be sought out, whether members of any soldier organization or not. The matter of state membership in the Legion is of no consequence. The fact is that there is no other organization of sufficient scope to undertake and carry through a national census of veterans, and with the very apparent need of such a census the Legion has taken it up.

All back claims against the government are likewise to be entered into the census. If a man did not get his \$500.00 bonus on discharge, he is requested to make it known. If the government owes him back pay, if his allotments or Liberty Bonds have gone astray, if he has never received his Victory Medal, he is to enter his complaint on the Legion questionnaire.

"We want to know everything the ex-service man has coming to him," is the word that has come from state headquarters at Indianapolis. That is what this post is going after. There are thousands of ex-soldiers, broken in body, suffering because of the lack of medical attention; there are thousands of men who served their country in the time of danger who need attention and who must not be neglected.

The task we have undertaken is big. It will require the earnest support of every citizen. It is an opportunity to prove to the veteran who needs help that he is not forgotten, that the promises made when in the face of danger were sincere.

"MEN NOT WANTED," SUCCESS

Pretty girls, musical voices and a delightful theme attributed to the successes of the comedy, "Men Not Wanted," presented last evening in the hall room of the Masonic Temple by the young ladies of the Trestle Club under the able direction of Mrs. Ben Wolf. The stage setting was comfortably luxurious and tasteful as any drawing room, greatly enhanced the charms of the cast members.

The play, a travesty of a feminine revolt against mankind in general, showed the follies of such a measure when an attractive young lady, betrothed, showed her newly acquired solitaire to the envious eyes of the throne. The first resolutions and forewarned declarations of the number were swept away forthwith, and all acclaimed themselves "heart whole and fancy free, BUT on the marriage mart."

The skit was a thoroughly enjoyed and highly successful one, and the results of Mrs. Wolf's careful training were meritorious and praiseworthy. These who saw the pleasing play are anxious that it be presented again, so that more people may enjoy the privilege of seeing it, and it is believed that this end may be accomplished. Those in the cast were:

- Mrs. Richard D. Kellogg.....Charlotte Winer
 - Grace Kellogg.....Rose Winer
 - Margaret Branson.....Rena Schlesinger
 - Laura Fitzsimmons.....Ruth Grossman
 - Emma Summers.....Amelia Stiglitz
 - Helen Stoddard.....Erna Hellerman
 - Frances Ayres.....Pauline Wolf
 - Mary Castle.....Sarah Winer
- The delightful playlet was followed by a well attended dance, and Benson's five piece orchestra, from Chicago furnished an excellent musical program. Mrs. Milton Given of East Chicago gave several exquisite solos to insure the complete success of the evening's pleasure.

The Wabash College Glee Club is going to give an interesting and versatile program and concert in the auditorium of the First Presbyterian church on Thursday evening, April the sixth. WE ARE PREPARED

In anticipation of a possible coal strike, we began months ago to buy large reserve stocks of oil, gas coal, steam coal, and coke. These materials are now stored in our yards, to make reasonably sure that your gas and electric supply will not be cut off. All of this means added expense to us in storing, teaming and rehandling, but it is a part of our service.

While appreciating this great insurance against suffering and hardship in the home, would it not be well for you to come in and inspect the new Gas Ranges and the various types of Gas Water Heaters? Easy term payments if desired.
