

EAST CHICAGO
—AND—
THE HARBOR

ROBINSON TO SPEAK

Ardent workers, for the candidacy of Albert J. Beveridge for United States Senator, announce that another Beveridge meeting will be held at the East Chicago Masonic Temple, tomorrow night.

Judge Robinson of Indianapolis, Senator Frank N. Gauley of Gary and former city judge, Hyman M. Cohen are scheduled to speak.

Owing to the fact that Albert J. Beveridge did not visit either East Chicago or Indiana Harbor while on his visit to Lake County recently it is believed to be the reason for this last minute meeting. Then too, the captains of the Beveridge campaign failed to credit Mayor Lew Shanks of Indianapolis with very much when visiting Indiana Harbor a few weeks ago and drawing less than 300 persons. Hence the meeting tomorrow night.

HOME TALENT PLAY

The four sub-lodges of the Amalgamated Association of Iron, Steel and Tin workers of the Twin Cities have consolidated in giving a home talent play to be held at the McKinley school auditorium tomorrow night for the benefit of their co-workers in Newport, Kentucky.

What will be considered one of the greatest demonstrations of unionism ever attempted here will take place in the form of a parade preceding the entertainment. The line of march, headed by Thomas J. Godfrey, general chairman of the local lodge and the Hammond citizens band will form at the McKinley school and proceed through the business sections of the city, returning to the school again to witness the entertainment.

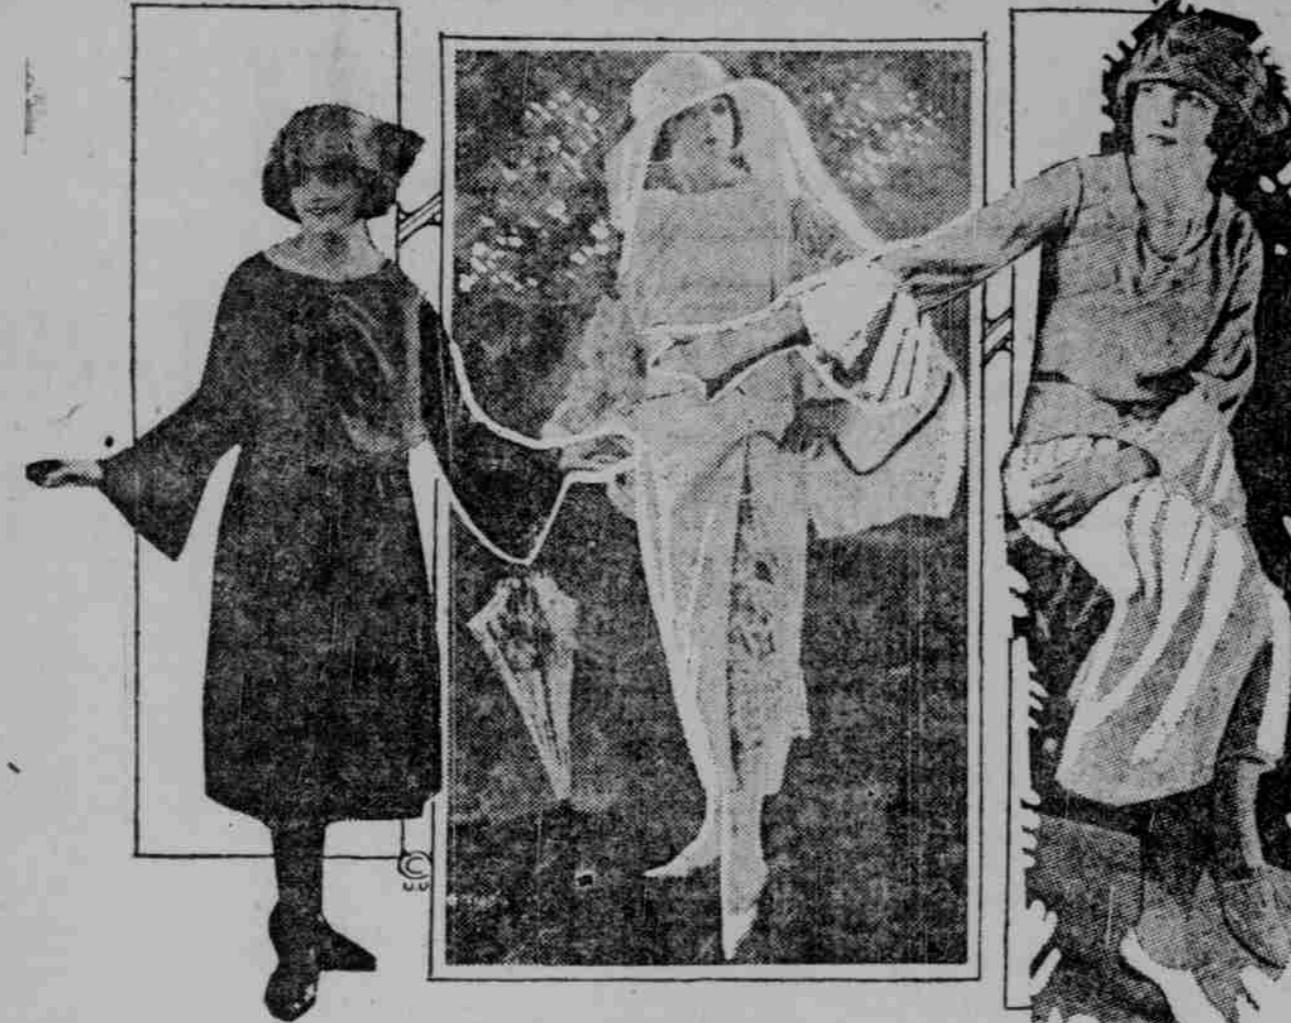

The added attraction to this combination gathering of unionism will be the presence of National President M. F. Tighe, who is making a flying trip here from Detroit where a convention of the Amalgamated steel workers is now in progress, to address the meeting tomorrow night.

YOUNG THIEVES STOPPED

John Fancasaki, owner of a hardware store at 4757 McBride avenue, East Chicago, stopped two young thieves early this morning from carrying away miscellaneous hardware equipment from his place of business, when he fired upon the fleeing burglars and caused them to drop their loot.

He says about two this morning he was aroused from his sleep by muffled sound in the building. Going to the rear porch, Mr. Fancasaki watched the thieves for nearly an hour without disturbing their operations. When he saw that they were about to leave with some of the hardware equipment, he fired after them causing the burglars to
