PIERCE'S

Picture Gallery of Fine Arts!

LIGONIER, INDIANA.

I AM happy to announce to the public, and to my former patrons, that I have purchased a Building on Calvin St., directly opposite McLean & Shobe's Hardware Store, and have finished the second story off for a Gallery: Have put in a

Large Sky-Light, which, being combined with a Side-Light, enables me to produce good Pictures in all kinds of weather. I therefore solicit the patronage of all who wish good and durable Pictures, as I feel safe in announcing that I have procured all the latest and best improvements, not merely because they are profitable, but because they will give added happiness to my patrons; and have placed my Pictures at such an unprecedented low price that they may become universal. Consider this; Life is uncertain. Call immediately!

And secure the shadow Ere the substance fades.

N. B.—Pictures put up in good cases for only twenty-five cents!

Instructions given on reasonable terms. 1-11.

WEEKLY TOLEDO BLADE,

FOR 1858.

DURING the past year this old and popular Newspaper has been greatly improved in typographical appearance, and in the character and variety of its contents, and it now, in the extent and variety of its matter, is unsurpassed by any Paper within the range of its wide circulation.

The publishers refer with pride to the improvements of the past as the best guarantee that its future will be one of continued progress. The aim of the publishers of

The Weekly Blade

Will ever be to make it a high toned, useful and instructive Journal, and they will, therefore, exclude from its columns whatever has a tendency to debase the morals or enervate the taste.

At the same time great care will be taken to please its readers by providing for their entertainment whatever seems appropriate from the abundant stores of modern literature. Among the topics thus embraced may be mentioned—A wide range of News Items, Political News and Articles, Scientific Matters, Recent Inventions, Sketches, Poetry, Tales, &c., together with the best Washington correspondence to be found in any Western paper.

Humor and Humor also receives a full share of attention. Especial pains are taken to furnish the latest and most accurate quotations of the

Produce, Grain, Cattle and Money Markets

Of the principal cities of the Union, as well as of Liverpool and London.

A special department will hereafter be devoted exclusively to the interests of the Farmer.

The Proprietors invite a comparison between the WEEKLY TOLEDO BLADE and any other Western Weekly Journal, feeling assured that it is well worthy the attention of the reading public as a good, interesting, agreeable and valuable Newspaper for all classes of readers, and especially as a Paper for the Fireside.

The wide circulation which the Weekly Blade has attained enables the proprietors to offer it at the following

Irving's Life of Washington

Putnam & Co. having now published the first volume of the Illustrated Edition of Irving's Life of Washington, being the complete life of Washington before the Revolution, are ready to furnish the same to subscribers free of postage on the receipt of \$3.50 Single numbers sent post paid, to any part of the Union on receipt of 25 cts.

The following inducements are offered to clubs desiring to subscribe to this magnificent and national publication. Any person remitting four subscriptions for the first volume comprising 14 numbers will be entitled to five complete sets, delivered free of postage. Clubs of six, remitting \$21 dollars will be entitled to two extra copies of the volume or an extra copy of any of Putnam & Co's publications of an equal value. Clubs of twelve remitting \$42, will be entitled to four complete extra, or an extra copy and a complete set of Addison's works in six volumes; delivered free of postage. The same premiums will be given for a like number of subscriptions to the succeeding volumes. Each number of the Illustrated Washington will contain one and every other number two first class Steel Engravings or Maps. In addition to the Steel engravings, the work contains numerous elegant Wood engravings, illustrative of historical subjects.

CAUTION.—Persons subscribing for the Life of Washington should be particular to obtain the only work which must forever remain the standard authority. Irving's Life of Washington bears the imprint of G. P. Putnam & Co., the only publishers of Irving's Works.

Every American should put this work side by side with his Bible on his book-shelf. Let your children read it, and learn by the example of the Great Washington, the lessons of patriotism, moral courage, perseverance under difficulties which the history of his life affords. We know of no American work which we had rather own than this; it is worth a thousand of the trashy publications which the press is daily sending forth.—[Scientific American.]

PROSPECTUS OF THE

THIRTY-SEVENTH VOLUME OF THE INDIANA STATE JOURNAL!

THE Journal is now entering its thirty-seventh volume. It was established in 1822, and is the oldest paper in Indiana. It is equal in age to the city of Indianapolis, and is nearly as old as our State Government. It was established when Indiana was little else than a wilderness, and when Indianapolis scarcely existed except in name. It has lived and grown upon its own merits—seldom receiving official patronage or governmental favors. Its name is as a "household word" throughout the length and breadth of the State, and its position upon all public matters—political or otherwise—is so well known that anything said in reference to its course upon any of the questions now before the people would be superfluous.

While the Journal will continue to advocate the great principles of freedom, and give its support to the Republican Party, as the party of the people—acting with the party when right and repudiating it when wrong—it will be for the coming year more of a family paper than it has ever been, and be made more acceptable to the general reader than a purely political paper could be.

The Session of Congress under a new Administration is always fraught with more or less importance to the welfare of the country and the present Session will be looked upon with feelings of peculiar interest. The position of the Administration upon Kansas affairs is a matter of much public concern. The Union and the progress of the anticipated war in that quarter, will be subject of great public interest as long as it remains unsettled. Events are transpiring in our own country and throughout the world to make a newspaper indispensable to every individual.

Bounteous crops have blessed the husbandman throughout the land; peace, plenty and prosperity reign upon all, and we appear before the public, asking for their support, feeling that we shall receive it liberally. The past course of the Journal will be the best index of what the future will be, and promising to improve upon former efforts in producing an acceptable family and political newspaper, we submit our claims to a generous and intelligent people.

TERMS: One copy one year, \$1.50 Ten copies one year, and one to the getter up of the club, 15 00 Twenty copies one year, to one address 20 00 Thirty five copies one year, to one address, and one to getter of club, 35 00 Fifty copies one year, to one address, and two to getter of club, 50 00

In Clubs of ten the name of each subscriber will be written on his paper, but in larger Clubs where the papers are sent for one dollar each, no name will be written on the papers, but the entire club sent to one person for him to distribute. This is the invariable practice of all papers sending out Clubs at cheap rates, and cannot be departed from in any particular.
