JONES, BASS & CO.

SIR JAMES CLARK'S Celebrated Female Pills!!

THE GREAT English Remedy.

PREPARED from a prescription of Sir Jas. Clark, M. D., Physician Extraordinary to the Queen. This invaluable Medicine is unfailing in the cure of all those painful and dangerous diseases incident to the female constitution.

It moderates all excess, removes all obstructions, and brings on the monthly period with regularity. These Pills should be used two or three weeks previous to confinement, they fortify the constitution and lessen the suffering during labor; enabling the mother to perform her duties with safety to herself and child.

These Pills should not be taken by females during the first three months of pregnancy, as they are sure to bring on miscarriage; but at any other time they are safe.

In all cases of nervous and spinal affections, pain in the back and limbs, heaviness, fatigue on slight exertion, palpitation of the heart, loss of spirits, hysterics, whites, and all the painful diseases occasioned by a disordered system, these Pills will affect a cure when all other means have failed, and although a powerful remedy, does not contain iron, calomel, antimony or any other mineral.

Full directions accompany each package. Price in the United States and Canada, \$1.00. For sale in Ligonier, by O. ARNOLD & CO.

## THE LIVER INVIGORATOR!

Prepared by Dr. Sanford,

Compounded entirely of Gums

and Liver Medicines, before the

public, that acts as a Cathartic, easier, milder and more effectual than any other medicine known. It is not only a Cathartic but a Liver

remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operation of most cathartics. It strengthens the system at the same time that it purges it, and when taken daily in small doses, will strengthen and build it up with unusual rapidity.

The liver is one of the principal regulators of the human body, and when it performs its functions well, the power of the system is fully developed. The stomach is entirely dependent on the healthy action of the liver. When the stomach is at fault, the whole system suffers in consequence of one organ—the liver—having ceased to do its duty.

For the diseases of that organ, one of the most remedial remedies has made its study in a practice of more than 20 years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, a person complaining in any of its forms, has but to try a bottle, and all morbid or bad matter from the system supplying in their place a healthy food to digest well, purifying the blood giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Billions of attacks are cured, and what is better, prevented by the occasional use of the liver invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night, loosens the bowels gently and cures constiveness.

One dose taken after each meal will cure Dyspepsia.

One dose taken for ten days will always relieve Sick Headache.

One bottle taken for ten days, cures chronic rheumatism, removes the cause of the disease, and makes a perfect cure.

Only one dose immediately cures cholera, while one dose often repeated is a sure cure for cholera morbus, and a preventative of cholera.

Only one bottle is needed to throw out of the system the effects of medicine—a long sickness.

One bottle taken for Jaundice removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures chronic Diarrhea in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by Worms in children; there is no surer safer, or speedier remedy in the world, as it never fails.

A few bottles cures Dropsy, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventative for Fever and Ague, Chills, and all Fevers of a Billious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix Water in the mouth with the invigorator, and swallow both together.

THE LIVER INVIGORATOR.

Is a scientific medical discovery, and is daily working cures almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one dose is required to cure any kind of Liver Complaint, from the most Jaundice or Dyspepsia to a common Headache, all of which are the result of a Diseased liver.

## DENTAL NOTICE

Preserve Your Teeth!!

NOW is the time to preserve your Teeth, and thereby secure to yourselves and posterity the blessings of Health, Beauty, Happiness and Long Life. Dr. B. C. Dewey, Surgeon Dentist, would inform the

LIGONIER,

that he has become permanently located in this place, and that he is prepared to do all operations in the Dental Art with neatness and dispatch.

The importance of having decayed teeth cured with gold or other pure metals, is too strongly urged; as the neglect of this important duty, often results in the entire loss of a good set of Teeth, thus giving rise to Dyspepsia, and various other diseases, to say nothing of the irreparable loss to Beauty, Speech and Happiness, at the same time giving the most revolting breath to the individual.

To those in want of artificial teeth I would call special attention to my new method of mounting Porcelain teeth upon Gold plate with continuous doubled raised linings and flanged plate, making the most beautiful, durable and useful dental substitute in the known world, giving any required fullness to the face, ensuring the most perfect articulation, and rendering mastication perfectly easy and agreeable.

Teeth removed with care and comparative little pain. Chloroform or ether administered with safety in all cases of necessity.

Parents having children whose teeth require attention, may rely upon good advice and kind treatment.

Finally, being assured from past experience of my abilities to perform any operation entrusted to me. I take pleasure in tendering my services to a discriminating public, pledging myself to give satisfaction in all cases.
