clothes, and say that the best way we know how for a man to be sure of getting what he wants is to come to this store and ask for those clothes.

In the first place, they're right in quality: all-wool fabrics, thoroughly shrunk; best of other materials, perfectly tailored, in the second place, the styles are good, correct. You may not like every style, or color, or pattern we show you, but we'll show you one you will like. In the third place, they'll fit you; we'll see that they do. And finally we guarantee your satisfaction we'll see that you get that, too.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Piero's Favorite Prescription the most potent, invigorating restorative and strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a precious aid in preparing for the day of birth, and in reducing the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Diseased Nervous women, weak women, who suffer from frequent headaches, back-ache, dragging-down distress, low down in the abdomen, or from painful or irregular menstruation, will find a most agreeable, well-timed, and comfortable anæsthetic or nervous-soother, other diseases of women of various organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find in Dr. Piero's Favorite Prescription a most valuable aid in reducing faithfully and fairly persistently Dr. Piero's Favorite Prescription.

This world-famed specific for woman's weakness and peculiar ailments is a pure, dryer, and non-irritating, non-narcotic, medicinal root without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapped label, and its directions, thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the medical profession, and all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and medicinal endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Piero, Buffalo, N. Y., for his free booklet treating of same.

We will afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

ISLANDS SWEEP BY STORM

HURRICANE IN BAHAMAS WAS MOST DISASTROUS.

Settlements Practically Obliterated and Many Lives Lost—Inhabitants Are in Great Distress.

Nassau, Bahamas, Sept. 30.—Only fragmentary reports have yet reached the seat of government here as to the damage done to the outlying islands of the dependency which were ravaged by a hurricane recently, but such news as has arrived is sufficiently bad.

The storm appears to have originated near Turks Island and swept with ever-increasing fury up the long string of islands running southeast from here. Inagua, Acklins, Crooked, Ragged, Fortune, Long, Watlings, Run Cay, Exuma and the southern part of Andros islands all appear to have suffered for two days and the settlements are practically obliterated from end to end, the principal place, Clarencetown, having only five houses left standing. The inhabitants were forced to find shelter in caves, and food and water are almost unprocureable.

The government schooner Sarah E. Douglas was blown from her anchorage at Long Cay and was driven ashore on Long Island. Many other boats were lost, but it will be weeks before the full accounts will reach Nassau. There is no doubt that the loss of life is heavy. The whole countryside, even so far as Cat Island, is burnt as if with fire from the terrible driving of the salt water across the land. While the actual money loss is insignificant, the houses destroyed for the most part being mere shanties, nevertheless the loss to the owners is severe, representing as it does practically everything that they possessed.

The government has taken relief measures and schooners are being daily dispatched laden with foodstuffs, lumber and nails.

TERrible PLAQUE KILLS 30,000.

Bubonic Scourge in China Responsible for Many Deaths.

Peking, Sept. 30.—There have been 500 deaths from the bubonic plague at Tong Sha, 60 miles northeast of Tien Tsin since the outbreak of the epidemic. No alarm is felt, however, and it is not believed that the disease will spread. The cholera in the Yangtze valley is abating, but the toll of deaths this season has been heavy. In Hankow 30,000 natives and a score of foreigners have died of the malady.

Bombay, Sept. 30.—Thousands of native houses have been washed away and there has been a heavy loss of life in the Hyderbad and Deccan districts as a result of the floods which followed an unprecedented rainfall.

Prominent Woman a Suicide.
Milford, Del., Sept. 30.—Della Cirwin, wife of William Cirwin, a prominent citizen of this town, ended her life Tuesday by sending a bullet into her heart. Death was instantaneous.

Bank President Dead.
Pittsburg, Pa., Sept. 30.—John McClurg, president of the Cosmopolitan National bank, and for many years a well-known business man of this city, died at his home here.

Col. Goethals at New Orleans.
New Mexico, Sept. 30.—Col. George W. Goethals, chief engineer of the Panama canal, arrived here Monday on the steamer Cartago from Colon, en route to Washington.

Dorr's Assets Fixed at \$75,000.
Liabilities Are Placed at \$440,000 in Report.

Los Angeles, Cal., Sept. 30.—When the report of Fred Dorr's assets and liabilities was filed with Receiver Allen Tuesday it was shown that the broker, who had offices in six cities and whose business had a volume of \$25,000,000 or more annually, had liabilities aggregating \$440,000 and assets of about \$75,000. Dorr's failure came about two months ago and was a surprise in stock circles.

That there are any assets left was believed to be due to the unconscious action of George L. Crenshaw, a Los Angeles capitalist, the heaviest creditor of Dorr.
