Somebody created a sensation in Rome City Tuesday night by posting about the town placards reading: "Warning—The Ladies Social Party League will hold a meeting to discuss ways and means of purifying the morals of Rome City." The notice was not a bona fide affair, and the identity of the practical joker has not yet been discovered, but it set the town aagog with excitement.

Topeka business men have been trying to interest the trustees of the Kendalville-Goshen interurban line in a route that would bring the road into the Hawpatch. The Topeka people suggest that the road be run to Rome City, then to their town and from that point to Goshen. This would be a good thing for Topeka but will hardly be carried out. The people out there do not seem to care whether they have a road or not.

factory route to the city if it is to the

promoters. It will allow the station

to be in the central part of the busi-

ness district, affording excellent ser-

vice to all.
