## Save Money by using our Battery Service

IT'S a sheer waste of money not to give your starting battery the systematic care it needs to have. Regular inspection will save that waste. Storage batteries are bound to wear out but they need not be wrecked. The

is called the "fighting battery" not only because Uncle Sam uses it for the Army and Navy, but because it wears out stubbornly and takes a long time about it. The plates are the reason. Let us tell you why.

### CHIC COAT ON RUSSIAN LINES

There is no style that has more chic character than that of the Russian blouse and none so becoming to thin women. Here is a perfectly new achievement in a coat cut with remarkable cleverness in Russian blouse lines, although it is not a blouse at all. Its designer is to be credited with about the most original piece of work that the season has so far presented.

In this model of tan-colored cloth, the fullness that is usually belted in, in the Russian blouse, is cut away at the waist line, and arranged in plaits above and below it, in the manner shown by the picture. A folded belt is smartly trimmed with round buttons and the long sleeves flare and turn back at the waist.

On account of the express embargo at Cleveland and Chicago I will pay for young roosters 23 cents old hens 23 cents

Bespoke Your Success With Their Unquestionable Style and Quality

Society Brand Clothes will dress you up to your ambitions—your improved appearance will invite prosperity to knock at your door.

It is very extravagant practice to wear cheap, style-dead clothes—you are placed in the same class with the clothes you are wearing and it takes but one glance to get your classification.

Stores like nem, hub hobbies. One of our big hobbies is CLOTHES. We have always shunned "average" clothes. That a pattern "is popular" and that "everybody is buying it"—dooms it with us.

There's no welcome here for the same, tame and lame. The main spring of our CLOTHING is it's different.

If every man knew how wonderfully good Society Brand Clothes are—business suits, evening clothes, overcoats—the demand might embarrass us.

The knowledge is extending though.

We have prepared for the biggest season in our history.

We shall be happy if you will come in and see the new spring styles, and make your selections while the choosing is at its best.

Our great business has attained its present size by being built on a solid foundation of value giving and courteous dealings.
