No End of Machines.  
The Kendallville News Sun of Monday says: "There were twenty-seven trucks and large autos stuck in the mud between here and Ligonier at one time, the trucks all heavily loaded. Last night five Packards parked on our main street, as there was no room in our garages. These Packards at \$6,000 each, show where the money goes. New machines keep coming every day and the News Sun wonders where the end will be."

Mrs. Smith Improves.  
Mrs. Joseph Smith, who recently underwent a serious operation in a Garrett hospital is reported as improving rapidly and her full recovery will be complete. Mr. Smith wrote under date of April 20 that the operation was a complete success.

Pay Bank Robbery Loss.  
The State Bank of South Bend has received a check for \$10,000 from the U. S. Fidelity & Guaranty Co. to cover its loss in the robbery a week ago Monday, when five unmasked men walked into the bank and held up all the employees. The robbers apparently have escaped, and authorities at South Bend have no clue.

"I had tried so many different medicines without being benefited I had almost given up hope of ever getting any better, but my husband and I had been reading so much about the good Tanlac was doing others we thought it might be good for me to take. Well, the way I began to improve was simply remarkable. I commenced to sleep more at night, and it was not long before I had such a splendid appetite I was hungry all the time. Now I eat just anything I want and everything agrees with me perfectly, my nerves are steady as a clock and I sleep fine every night. I have regained my strength so that my housework is actually a pleasure to me, in fact I never felt better in my life. I am only too glad to give Tanlac the praise it deserves, for I certainly owe a great deal to it."

Tanlac is sold in Ligonier by S. J. Williams and by the leading druggist in every town.

Sunday morning, 9:30—Sunday school.

### DID NOT HAVE WELL DAY IN 12 YEARS'

Mrs. Johnson Could Hardly Get About, But is Now in Splendid Health.

"My friends and neighbors say they never saw such a wonderful improvement in a person as they have in me since I started taking Tanlac," said Mrs. Elizabeth Johnson, 298 Reed avenue, Peoria, Ill., recently.

"For twelve years," continued Mrs. Johnson, "I don't believe any one ever suffered more from stomach trouble than I did. I was so badly run-down and in such poor health that every day was a day of misery and I can't recall the time in all these years when I was free from suffering until I started taking Tanlac. I had absolutely no appetite and practically lived on milk, toast, but would suffer for hours after every mouthful I ate. Gas would form on my stomach and puff me up until I was in misery and cause heart to palpitate so I would become deathly sick and turn as pale as a ghost. I also suffered with terrible dizzy spells when everything would get in a whirl and I would have to sit down to keep from failing. My nerves were in such dreadful shape the least little thing would completely upset me and cause me to tremble like a leaf and break out all over with cold perspiration. It was impossible for me to get much sleep, as I just rolled and tossed all night long and in the mornings I would be almost completely exhausted. I had lost so much weight and was so weak I could hardly get about at all and often I would have to stop my housework and lie down.

"I had tried so many different medicines without being benefited I had almost given up hope of ever getting any better, but my husband and I had been reading so much about the good Tanlac was doing others we thought it might be good for me to take. Well, the way I began to improve was simply remarkable. I commenced to sleep more at night, and it was not long before I had such a splendid appetite I was hungry all the time.
