## We Sell Genuine International Repairs

Made For

By the

INTERNATIONAL HARVESTER COMPANY

**REPAIRS** made for International implements and other farm equipment by the Harvester Company are the only repairs made from the original patterns. All others are copied from copies, and in this roundabout reproduction they may lose in correctness of shape, sharpness of detail, closeness in fitting, and quality of material. These repairs are made for Deering, McCormick, Milwaukee, Titan and other International-made machines.

### Genuine IH Repairs

Are Better in Quality  
Fit Better and Wear Longer

The Harvester Company stands back of its machines. Be fair in the matter. Do not substitute imitation repairs for the genuine and expect best service. Repairs made by other concerns and marked "Made for" or "Will fit", are not genuine IH repairs. They often lack weight, are not always correct in shape, are imperfectly finished, do not fit properly, or are made of inferior material. Buy Genuine International Repairs for your International Farm Equipment.

Beware of Any Other Kind!

## REAL ESTATE MAN

### IS ENTHUSIASTIC

South Bend Business Man Says Tanlac Built Him up After the 'Flu'

Frank J. Anderson, a prominent real estate man and a member of the South Bend Real Estate Board, with offices at 663 Farmers Trust Building, South Bend, Ind., gives the public the benefit of his experience with Tanlac, the medicine that proved so effective in building up his system following an attack of influenza a year ago.

"In the spring of 1919," said Mr. Anderson, "when the 'flu' epidemic was at its worst I was an easy victim, for I was already in a run-down condition. It took hard work to pull me through and when I did get out of bed I was too weak to do anything. My appetite was gone and my stomach troubled me worse than ever. For six or seven years my stomach had been in such a condition that if I ventured to eat such things as fried potatoes, soup or beans, or any of the more substantial and nourishing foods, I would bloat up with sour gas, get short of breath and just feel miserable. I had neglected the importance of keeping my system built up, and when the 'flu' came along it came near ending me."

"After being up for sometime and getting no strength I decided it was high time for me to do something to bring back my strength and keep from having a back set. One of my friends advised me to get Tanlac, saying he believed it was the only medicine that would actually do the work in such cases, as he had tried it himself. So I took his advice, got me some Tanlac, and in almost no time I was able to walk all about the house. I soon began to eat heartily, and as everything agreed with me to commenced to get my stomach and natural feeling back. My stomach was in better shape than it had been in years and I can now eat things that used to hurt me and I never feel a sign of indigestion afterwards. I kept on improving and in a short time I was working about the house again. In two or three weeks after I began taking Tanlac I was absolutely free of any bad feeling and have been ever since I took any Tanlac until now. I am taking it now as a preventive against the 'flu' I can now sit down to the table and eat a square meal with as much pleasure as I ever could in my life and I'm always feeling too good to complain of a thing. I certainly feel thankful to the Tanlac Company for making such a splendid medicine."

Tanlac is sold in Ligonier by S. J. Williams and by the leading druggist in every town. adv

### ANITA STEWART AS JOCKEY WINS IN TRILLING HORSE RACE

Great Kentucky Handicap Is Shown, with Its Thousands of Cheering Spectators

An actual horse race with all its thrills is shown "In Old Kentucky," the great American classic, presenting Anita Stewart. This picture will be screened at the Crystal Theatre on Thursday and Friday.

It is the great Kentucky handicap race, and you see it from start to finish. There is shown the gigantic grandstands in which thousands upon thousands of persons are crowded all cheering wildly for their favorites. You get a flash of the stables where the jockeys are rubbing their mounts, in preparation for the great event and then the jockeys coming one by one onto the track to be greeted by cheers by the spectators. Finally you see Miss Stewart, come on the track at the last minute dress-

ed as a jockey, to ride for one of the jockeys who has been drugged, in order to frame the race.

Then comes the call for the start from the judges' stand and a score of mounts are off in the great race. The camera follows the horses practically from the start to the finish, as one forges ahead and another drops gradually behind.

Miss Stewart, who is an expert horsewoman, rides in a mad gallop, at first far behind but gradually working her way to the front, until at the end she goes under the wire a nose ahead, winning the race.

There is all the wild enthusiasm of the most exciting race, and it grips with the same dramatic intensity those who watch the picture.

Gen. Wood at Fort Wayne.

Gen. Leonard Wood will speak in Ft. Wayne on Thursday night, April 29th. Any republicans who desire to attend that meeting should see L. K. Thompson, city chairman of the Wood campaign committee and make arrangements for reserved seats. ANY PERSON WANTING THE BEST COMMERCIAL FERTILIZER SEE GEORGE RAMSBY. GET YOUR COMMERCIAL FERTILIZER OF GEORGE RAMSBY.—Ligonier Leader.

In order to set the republicans right the Banner will state that the Wood meeting in Fort Wayne will be held Wednesday evening, April 23.
