C. L. MORSE, Agent.
Plymouth, May 29, 1858.

PERSONAL.—Messrs. Millikan & Holmes of the LaPorte Union, and Powell, of the Westville Herald, honored us with a call, last Tuesday. The favorable opinion we had heretofore formed of these gentleman, was strengthened and confirmed when we had the pleasure of meeting them "face to face." They are true gentlemen, and we wish them success in everything—politics excepted.

Soda Fountain.
There was a wonderful rush down to F. H. Hall's store last Saturday, and on inquiry we learned that Fred had fitted up a Soda Fountain. Reader, if you want something nice to drink these hot days, go to Hall's Soda Fountain.

LA GARE GAMBREL, of the Rail Road Eating House, is the Prince of good fellows. That Ice Cream was delicious. His table is always loaded with an abundance of good things.

REMEMBER the Firemen's Dance to-morrow evening, and be sure and go.

THE Cosmopolitan Art Journal, for March and June, is on our table. The lovers of the fine arts can find information in this magazine that cannot be found in any other periodical now published. Terms, \$2 per annum; single copies, 50 cents.

WE have not received the Atlantic Monthly for July. What is the matter?—Will the Pubs. please forward?

Harper's Magazine, one of the best periodicals of the day, has failed to reach us for two or three months.

W. W. Hill keeps the best quality of Ice-Cream for the accommodation of those who love something "exquisitely fine."

JOHN Wambaugh, Baggage Master on the P. & W. & C. R. R., has our thanks for late papers in advance of the mail.

T. J. Sherwood has removed his stock of Groceries a few doors south of his old stand, where he would be pleased to see all who wish to purchase cheap Groceries. Read his advertisement, and give him a call.

Chicago never subscribed a dollar to aid a railroad.

From the N. Y. Times, June 24.

Tae Atlantic Telegraph- Probability of failure.

The telegraphic Squadron are engaged in laying the Cable. In common with the whole world, we earnestly hope that the attempt will be successful; but we are compelled to confess that our advices are not encouraging. We fear this second experiment will prove a failure.

The letter of our Special Correspondence, on board of the Niagara, which we publish this morning, gives a condensed, but very clear, and reliable report of the result of the experimental expedition to which references have already been made in the English papers. It was there stated, as also in the report of the engineer, that these experiments were entirely satisfactory—though the London Times recorded the fact that the cable parted once or twice, though this accident occurred only to the old cable and in a rough sea. From our Correspondent's letter, however, it will be seen that the cable parted no less than five times during the trip of three days—that this calamity occurred both the old and new cable alike—and that it was not fairly chargeable either to the weather or the sea, or to any special accident whatever. We have private advices, also, of a disconcerting tenor, though from persons officially connected with the enterprise.

One of these letters, written on board the Niagara, says:

You will see, if you get an accurate report of the experimental trip, that a more favorable opportunity could not occur for practice and experiments in laying the cable. The weather was calm and the sea was smooth. There was no swell—the ship was perfectly still, yet, I must confess, it was not so successful as I had hoped and expected. Disguise the fact as we may, there were mishaps, misjudgments, and miscalculations. The cable parted at every trial, whether condemned or not, it is utterly for want of a cause. In the end, in the grave, as they unhook the passage, leave parts in a healthy condition.

ETC.

Iron City College, Pittsburgh, Pa.

Extract of a letter dated June 21, from Mr. Samuel Bridge, of Blair county, Pa.

Mr. F. W. Jenkins—Dear Sir—After a trial of better than three months in keeping the books of an extensive Iron Works, I am exceedingly happy to inform you that I find the knowledge and practice acquired at the Iron City College more than sufficient to enable me to succeed in my undertaking. At first I had some doubts, and no little anxiety, to know whether I was fully competent for the task, but though short my experience, I deem it amply sufficient to warrant me in saying that a young man can become practical book-keeper in the Iron City College. I am fully persuaded that were the merits of the "Iron City" fully known, you could not accommodate the pupils that would apply for admission.

Respectfully yours,

SAMUEL BRIDGE, JR.

For specimens of writing and circulars address F. W. Jenkins Pittsburgh, Pa.

ANNOUNCEMENTS.

[ONE DOLLAR will be charged for announcing candidates' names.]

We are authorized to announce the name of JOSEPH B. BRELFORD, as a candidate for Representative for the counties of Marshall and Stark, subject to the decision of the Democratic nominating Convention.

We are authorized to announce the name of PETER SCHLARB as candidate for the office of Treasurer of Marshall county, subject to the decision of the Democratic convention.

MR. EDITOR—I would announce myself to the Democrats of Marshall County, as a candidate for the office of Treasurer of said County, subject to the decision of the Democratic County Convention.

MR. EDITOR—Please announce the name of A. C. STALEY, as a candidate for the office of Treasurer of Marshall county, subject to the decision of the Democratic county convention.

MR. EDITOR—Please announce the name of CONRAD CUSHMAN, of Polk township, as a candidate for the office of Treasurer of Marshall county, subject to the decision of the Democratic county convention, and oblige.

MANY DEMOCRATS.

MR. EDITOR—Please announce the name of JOSEPH EVANS, of Center township, as a candidate for the office of Treasurer of Marshall county, subject to the decision of the Democratic county convention.

MR. EDITOR—By announcing the name of WILLIAM C. EDWARDS, of Center township, as a candidate for the office of Treasurer of Marshall county, subject to the decision of the Democratic convention, you will confer a great favor on MANY DEMOCRATS.

MR. EDITOR—Please announce the name of CONRAD CUSHMAN, of Polk township, as a candidate for the office of Treasurer of Marshall county, subject to the decision of the Democratic county convention.

MR. EDITOR—By announcing the name of WILLIAM C. EDWARDS, of Center township, as a candidate for the office of Treasurer of Marshall county, subject to the decision of the Democratic convention, you will confer a great favor on MANY DEMOCRATS.

The Democrats in the several townships are requested to meet in Township convention, on the 17th day of July, next, to elect delegates to the County Convention. This step is highly necessary, and is most earnestly urged upon the Democrats of every township, and it is hoped that no township will neglect it, and particularly that Democrats will not permit any others to meet and appoint for them, while they stay at home. The time honored usage of the party in holding Delegate conventions, has been followed by harmony and success, while Mass meetings and the action of self constituted delegates, have generally resulted in confusion and discord; therefore it is hoped that each township will select delegates who will attend the County Convention. It has been thought that an apportionment of delegates based on the last Congressional vote, would be as equal as it can be made—and that ratio has been adopted. This will give each township delegates as follows:

North 5; German 7; Bourbon 6; Tippecanoe 4; Green 7; Union 8; West 5; Polk 2; Centre 23.

Let every Democrat consider it his duty to attend the township meeting, and see that delegates are selected who will attend.

We have a vigilant and harmonious set of opponents to meet, and when we begin, we act promptly and with willingness, our usual success will reward the effort.

TURN OUT THEN TO THE TOWNSHIP MEETINGS.

At the same time and place, a Candidate for Representative will be nominated for the District composed of the counties of Marshall and Stark.

The Townships will do well to take some action in reference to this matter.

A cordial invitation is hereby given to the Democracy of Stark, to meet the Democracy of Marshall, in Plymouth, that time.

By order of the Central Committee.

T. MCDONALD, Chairman,

C. H. REEVE, Sec'y.

Health for the Sick

Dr. Robock's SCANDINAVIAN REMEDIES are creating a revolution in Medical practice. They act directly upon the circulation. Disease originates in the blood, and these medicines purge it out.

Indigestion, nervous complaints, fits, liver complaints, bronchitis, fever an ague, and all disorders of the lungs, the stomach, the liver, the bowels, the nerves or the skin, they are infallible. See advertisement.

OSIR Hail Oil, Genuine Bear's Oil, Roberts' Hair Regenerator, (31) Brooks & Brooks.

SAOLON AND EATING HOUSE!

The subscriber has opened an establishment

of the above kind, in Fitch's new building,

west side of Michigan street, and trusts, by strict attention to business, to merit a liberal share of public patronage.

Farmers, and others, visiting town, will find every accommodation for a

First-Class Saloon and Eating House!

J. G. JELLY.

P. S.—Connected with the above is a BILL

IRD ROOM, kept in the best order, for amusement only. Betting and gambling prohibited by strict orders.

MCDONALD & BRO., Proprietors.

One of these letters, written on board the Niagara, says:

By this we understand a collection of sand-like substance having been lodged in the passage of the urine. When the system is in a healthy state, this substance is carried off by the natural passage of the body; but when there is a weakness of any organ, especially the kidneys, urethra, or bladder, causing great inflammation to those organs, and great pains and swelling, and great difficulty in voiding urine. It has been admitted by many physicians, that Morse's Indian Root Pills are made out of some particular plants which have a wonderful charming influence in dissolving the substance which has clogged the passage, and by their cooling properties, they expel all inflammations, and leave the water passing in a free and active state.

From three to four of these pills night and morning, from one to two weeks, will dispose of this disease.

Disguise the fact as we may, there were mishaps, misjudgments, and miscalculations. The cable parted at every trial, whether condemned or not, it is utterly for want of a cause.
