## C. H. REEVE,

Candidate for Representative, will speak at the  
COURT HOUSE, in PLYMOUTH  
Saturday, October 10th

## FRANK BLAIR

Slave holder, and defeated candidate for  
Congress in the St. Louis district, made  
an attempt at a speech here yesterday,  
for the benefit of Schuyler Colfax. The  
editor of the "350" Press, no doubt, told  
him to tell that yarn.

## The County Expenses.

As the County expenditures are the bur-  
then of the delinquent Republican candi-  
dates' song, we have taken the trouble to  
examine the record in reference to the in-  
debtedness of the County, and the means of  
liquidating the same.

The Auditor's Report to the County  
Commissioners at their June term, 1858,  
shows the entire indebtedness of the Coun-  
ty, at that time, to be \$3,630. The  
amount of delinquent tax returned to the  
Auditor, by the Treasurer, was something  
over \$12,000; of this, there was about the  
sum of \$5,500 County tax, proper. A  
portion of it will not be collected, of  
course; but it is reasonable to suppose that  
there will not be more than \$1,000 lost,  
which would leave \$4,500. In addition  
to this, there is the sum of \$924 due from  
the Pittsburg, Fort Wayne & Chicago Rail  
Road Company, for 1857, which the Audi-  
tor of Allen County informs us he has  
made arrangements to have paid in April,  
1859; this added to the \$4,500 would  
make \$5,400, which is about \$1,800 over  
and above the County indebtedness.

The Republicans are circulating the  
statement in different parts of the County,  
that our County indebtedness is \$5,000—  
some put it as high as \$10,000—but are  
very careful not to say a word about the  
amount due the County. Any person, with  
ordinary discerning powers, can see from  
the foregoing figures that the bug-bear  
story of the Republicans is for political effect,  
and not for the purpose of posting the peo-  
ple in regard to the facts.

The expenses of the County cannot be  
calculated one year in advance; but the  
Commissioners estimate the probable ex-  
penditures of the County, and levy the tax  
accordingly. If the year should prove to  
be an unhealthy one, the expenses of the  
Poor, Insane, &c., may be double that  
of the year from which their estimate is  
taken. It was not expected that they  
would foresee that there would be a storm  
which would damage our Jail to the amount  
of three or four hundred dollars. The  
Poor are taken care of by the Township  
Trustees, and the Commissioners allow  
their orders, or those interested appeal.—  
The fees in criminal cases, the allowances  
of Jurors, Bailiffs, Assessors, Commissioners,  
Road Viewers, Judges of Elections,  
&c., are all fixed by law. The law makes  
provision for taking care of the Insane,  
and specifies the allowance for the differ-  
ent items of expense connected therewith.

From these, and many other allowances  
made by law, it will be seen that but few  
of the County expenses can be reduced,  
unless the laws are changed. The Com-  
missioners have but a very small margin  
left to operate upon for the purpose of re-  
ducing the expenses of the County. Last  
year, the amount of receipts was within  
two dollars of being equal to the expenses.

After examining the County records,  
and the acts of our County officials, we  
are assured that every officer has discharg-  
ed his duty faithfully. Their duties are

plainly marked out, and if they fail to  
discharge them properly, any citizen of  
the County can file an affidavit, setting  
forth cause of complaint, and have the  
matter investigated. If they fail to do  
this, but sneak behind the contemptible and  
cowardly plea that "it's no use, they have  
all the money," &c., you may conclude  
that they know their statements to be  
false, else they would bring forward  
some testimony for the purpose of sub-  
stantiating them. Until they do this, set  
them down as those who "falsify the re-  
cord." The delinquent Republican candi-  
dates do not tell the people that nearly  
one half our County expenses are from or-  
ders and allowances of Republican Judges.  
We do not charge them with making al-  
lowances not authorized by law, but men-  
tion the fact to show the unfairness of those  
who are so anxious to get the management  
of the County affairs.

We have given a general outline of the  
state of our County finances; the statements  
are all taken from the record, and are not  
mere idle rumors, but are facts that dare  
not be denied. Their leaders manufacture  
false statistics in regard to the expenditures  
of the County. They charge our officers  
with taking more fees than the law allows  
—squandering the people's money, and  
other crimes equally black—but bring no  
proof. Until they do prove their state-  
ments correct, we shall consider them  
wholly and entirely false.

Mr. Barnard, in his electioneering  
rounds, tells the people that if they will  
elect him Sheriff, he will have the Printing  
done where it will not cost half as much  
as at the Democrat Office. He will take  
it to the "350" Printing Office, where  
one third more is charged for all kinds of  
Printing. But we do not think the people  
want Mr. Barnard for Sheriff. He is a  
pretty clever sort of a fellow, but he is a  
kind of wail, floating about. He owns no  
property in this County—has no family—  
nothing to keep him here. He has a very  
nice little farm in Kosciusko county, and  
no doubt could manage it better than the  
Sheriff's office. We don't blame Mr. B.  
for telling the people that he will not let  
us have the Printing if he is elected. The  
editor of the "350" Press, no doubt, told  
him to tell that yarn.

## That Affidavit.

Editors DEMOCRAT:  
I am told that W. C. Shirley is circu-  
lating a story that I filed an affidavit in  
the late Circuit Court here, for changes of  
venue in cases in which he and Oglesbee  
are parties, in which I stated that "there  
were not twelve honest men in Marshall  
County." It seems hardly necessary to  
contradict so palpable a lie, but still there  
are persons who believe him. Mattingly  
(through Oldbuck's letters, I am told),  
has published the same thing. The truth  
is, I filed no affidavit at all; nor did I  
move for a change; and below I hand you  
the official certificate of the Clerk. Shir-  
ley was in Court at the time the change  
was taken; and he knew he was lying when  
he told the story. Every man ought to  
know that no such affidavit as he says was  
made, would be entertained by the Court;  
and an Attorney who would offer it, would  
be punished. I will give any man \$50  
to produce a certified copy of an affidavit  
sworn to or filed by me for change of venue  
in those cases or any other, at the last  
term.

Publish this and the certificate; and any  
person who wishes to learn the truth can  
do so, by calling at the Clerk's office or  
at your office, or on me; and no honest  
man will make a charge or believe it  
when made, when he has the proof of its  
falsity within his reach.

Respectfully, &c.  
C. H. REEVE.

STATE OF INDIANA, } SS.  
Marshall County, }

I, NEWTON R. PACKARD, Clerk of the  
Marshall Circuit Court, hereby certify,  
that at the August Term 1858 of said  
Court, C. H. Reeve filed no affidavits  
whatever for a change of venue in any case;  
nor were any affidavits placed on file by  
any other person that were made by him;  
nor was any motion made by him in any  
case for change of venue.

In the cases of Oglesbee & Shirley  
changes of venue were moved for by J.  
A. Liston, Esq., the original counsel in  
the cases, as agent for the party, on his  
own affidavit, sworn to, endorsed and filed  
by him in person, and in which proceed-  
ings C. H. Reeve took no part to my  
knowledge.

And in said affidavits are no facts or  
statements in relation to the honesty or  
credibility of any citizen of Marshall Coun-  
ty.

In witness whereof I have hereto set my  
name and affixed the seal of said Court  
at Plymouth, this 28th day of Septem-  
ber, 1858.

[SEAL.] NEWTON R. PACKARD,  
Clerk.

We notice that A. Billows has ad-  
ded much to the appearance of Barber shop,  
by raising the largest and neatest pole  
have seen anywhere "round about." Bil-  
lows is the best Barber we have ever had  
in this place. All who desire to have sci-  
entific tonsorial operations performed will  
find Billows the man!

## RELIGIOUS NOTICE.

Elder CHAPMAN will preach on Sunday,  
Oct. 10th, at the North School-  
house, near Richard Corbaley's.

Last Sunday evening, about 10  
o'clock, Sheriff Van Valkenburg arrested  
two boys, on a charge of stealing \$100 in  
Dolphi, last Saturday morning. Eighty-  
three dollars were found in their posses-  
sion. They are now in jail awaiting the ar-  
rival of an officer to take them back.

FIVE REPUBLICAN CAN-  
DIDATES FOR COUNTY OF-  
FICES WERE RETURNED  
DELINQUENT FOR NON-  
PAYMENT OF TAXES!!!!!!

From all parts of the county, we  
hear that our worthy candidate for Sena-  
tor, G. S. CLEVELAND, will receive the  
unanimous support of the party, besides  
many votes from the opposition. Marshall  
will do his duty, and give him a handsome  
majority. There is not a better man in  
the State, and the people know it.

## "And Still they Come!"

KEEP IT BEFORE THE PEOPLE,  
THAT  
MOSES KEYSER,  
Republican Candidate for Commissioner,  
was returned

DELINQUENT  
for the non-payment of his Taxes for  
1857.

## And yet Another!

KEEP IT BEFORE THE PEOPLE!  
THAT  
JAMES PLANT,  
the Republican Candidate for Assessor  
of Union Township, was returned

DELINQUENT  
for the non-payment of Taxes for the years,  
1855, 1856 and 1857.

We shall make additions to the above  
list of Candidates, from week to week,  
until it is complete.

Are men who manage their own  
private affairs so loosely, fit to be trusted  
with the affairs of the Public?

Rice & Smith are receiving their  
stock of Fall and Winter Goods, which is  
extensive and varied. They are doing a  
good business, both for themselves and  
customers, and we hope they may continue  
to prosper.

## KEEP IT BEFORE THE PEOPLE!

That FIVE of the REPUBLICAN  
CANDIDATES were returned

DELINQUENT  
for NON-PAYMENT OF TAXES, for  
last year!!

## KEEP IT BEFORE THE PEOPLE!

That EVERY REPUBLICAN CAN-  
DIDATE, for County Office, in Marshall  
County, (with but ONE exception)  
has been returned

DELINQUENT  
for the NON-PAYMENT OF TAXES for  
last year.

We mention this as "A little relief to  
[friends] in distress."

## New York Market.

New York Sep. 28.

FLOUR—market dull, and fully 10  
cents lower. \$3 30 & \$4 70 for unsound;  
\$5 40 & \$5 80 for extra.

WHEAT—Buoyant, with fair demand.  
\$1 25 for old white, \$1 40 for new white  
Michigan.

The editor of the "350" Press  
states that his taxes on the Tax Dupli-  
cates, are \$650. We do not dispute that.  
We have reference to PERSONAL prop-  
erty, including the Printing Office.—  
The Lot, and improvement on it, will  
probably make the amount.

We refer our readers to Ignatius'  
statement as given to the Assessor, and  
now on file in the Auditors office. The  
following is the statement:

No of clocks and watches, and  
their value ..... \$2 00  
Value of Household furniture ..... 100 00  
" of personal property, not  
specified above, nor included  
in statement No. 1, ("350"  
Press.) ..... 350 00  
The \$2 was not added to the totals.

Now, Tax Payers, you see how this  
"shrieker" for the "poor oppressed" Tax  
payers' sympathizes with you. Instead  
of helping to bear the burden, he gives in  
his property at not more than ONE-  
THIRD what it was worth, or what he  
would be willing to take for it.

## Destruction of the Steamer

Austria by Fire!

553 LIVES LOST!

A telegraph dispatch of the 27th inst.,  
from New York, states that the steamer  
Austria was burnt at sea, on the 13th  
inst. Sixty-seven passengers only, out of  
600 on board were saved. They were tak-  
en from the burning vessel by the barque  
Maurice that happened to be passing.

The fire is known to have originated  
from the very culpable negligence of some  
of the steamer's crew. The captain and  
surgeon considered it expedient to fumigate  
the steamer with burning tar. The boat-  
swain heated the end of a chain to dip tar  
in to produce smoke. The end became  
too hot for him to hold, and he let it drop  
upon the deck, to which it set fire. The  
tar upset, and immediately all about was  
in a flame. A feeble attempt was made to  
extinguish it, but without effect.

600 souls were supposed to have been  
on board, including women and children.  
Many jumped into the sea, while others  
were suffocated, and many perished in the  
flames.

The Austria left Hamburg for New  
York, on the 4th inst.

Halifax, Sep. 27.

Good and regular currents from New-  
foundland were received to the 13th inst.,  
but no words have been received since  
the 21st.

The testing shows a want of insulation  
about three miles from Valencia, but I hope  
to work through it.

## Col. John C. Walker.

A Republican contemporary of North-  
western Indiana, terms Col. Walker a murder-  
er—having reference, of course, to his  
difficulty with a showman, some years  
since, in which self-protection compelled  
Col. W. to take the life of his assailant.  
The sympathies of all honorable men are  
with Col. Walker, in that unfortunate af-  
fair—and none but the lowest political  
demagogue would endeavor to make that  
difficulty a source of injury to the private  
and political reputation of Col. Walker.—  
Fair play, gentlemen of the Press.—Mich.  
City Enterprise. (Republican paper.)

Halifax, Sep. 25.

Capt. Shear, of the barque Arabian,  
which arrived this morning, reports that  
on the 15th inst., she fell in with an iron  
steamer on fire. No name was distin-  
guishable.

No doubt is entertained that the burnt  
steamer was the Austria. She had eight  
of Francis' metallic life boats, each of which  
would hold fifty persons, and three or four  
ship launches. Several steamers were  
doubtless in the vicinity at the time of the  
disaster, and the probability is that all the  
lives, numbering 540 passengers and crew,  
were saved.

Boston, Sep. 25.

The case of Townsend, the alleged cap-  
tain of the slave brig Echo, was called up  
to-day, before commissioner Loring.

Lieut. Bradford, who first made the cap-  
ture, could not identify Townsend as the  
Captain, it being dark at the time. The  
morning after he claimed to be a passen-  
ger, which character he has since contin-  
ued to assume. The case was postponed  
until Thursday next.

The question of jurisdiction is the main  
one involved in the present examination.

Lockport, Sep. 25.

Mr. C. A. Wesson completed the great  
feat of walking one thousand miles in one  
thousand hours, at 8 o'clock this morning.

Leavenworth, Sep. 22.

The Salt Lake mail has arrived.

Brigham still remains housed, though  
it is supposed no harm would be done him.  
Everything is peaceable between the  
Gentiles and the Saints, though the latter  
still keep strong guard upon their women.

The troops at camp Floyd are all well.  
Gen. Johnson intends wintering there, and  
the soldiers are building huts.

Boston, Sep. 22.

Ebenzer Francis died at his residence  
here to-day. He was 82 years old. He  
leaves about four millions in property,  
nearly two and a half of which is in cash.

Columbus, O., Sep. 22.

A woman by the name of Scheilling at  
Groveton, in this county, committed murder  
and suicide this morning by throw-  
ing four children, one boy and three  
girls, the oldest being twelve and the  
youngest two, and herself into a well 35  
feet deep, drowning all of them. She is  
supposed to have been insane through  
jealousy.

New York, Sep. 23.

A despatch received this morning from  
Trinity Bay, states that the Atlantic Ca-  
ble is in good order again, and the elec-  
trical current is passing through as per-  
fect as ever. It is hoped that the Cable  
will be ready for business in a few weeks  
at the farthest.

Washington, Sep. 24.

The receipts into the Treasury last  
week were \$1,155,000, a reduction of  
nearly \$264,000 as compared with those  
of the previous week.

At the Ohio State Fair, at Sandus-  
ky, on Saturday last, a trial of speed oc-  
curred between four horses, in the pres-  
ence of several thousand people. One of  
the horses rushed into the crowd with  
fearful speed, knocking down and tramp-  
ling upon several persons. An old gen-  
tleman named Wallock and a young girl  
about seven years old, were so much in-  
jured that they died in a few hours.

The Postmaster General has decid-  
ed that if postmasters do not give pub-  
lishers of newspapers or periodicals no-  
tice of their papers remain in the post  
office, without being taken out by those to  
whom they are addressed, five weeks,  
they are liable for the pay.

Gen. Scott, who is now stopping  
at West Point, met with a severe accident  
last week. While passing down stairs, at  
the residence of Col. Delafeld, his feet  
slipped, and he fell to the bottom. The  
General was taken to his bed, and though  
he feels better, he is still suffering great  
pain.

## One of the Courts of the State

of Indiana, recently made a de-  
cision, which is of interest to all  
newspaper proprietors throughout  
the Union. A controversy existed  
relative to the charge for adver-  
tising, between the commissioners  
of Hamilton county and the Pa-  
triot newspaper. It was held by the  
Judge that "the published terms  
of newspapers constitute a con-  
tract. If the work is given to news-  
paper publishers, without a special  
contract contravening the publish-  
ed terms, the publisher can charge  
and receive according to the terms  
so published. It is not necessary  
to prove what the work cost, or  
was worth; the publishers have a  
right to fix the estimate value of  
their columns, and if so fixed, no  
other question need be asked, but  
the price so asked can be recover-  
ed."

## What is the oldest table now in use?

The multiplication table.

MONEY FOUND.—Found in the street, in  
Plymouth, a sum of money, which the  
owner can have by calling at my resi-  
dence, six miles east of Plymouth.  
Sept. 30, 1858. BENJ. CLEMENS

Brave actions are the substance  
of life, and good says the or-  
nament of it.

## Railroad Casualties.

Seven persons were killed by the  
late accident on the Hannibal and  
St. Joseph's railroad. Fifteen were  
badly injured.

An accident occurred on the  
Pennsylvania railroad, last Wed-  
nesday, near Harrisburg.

The Harrisburg Patriot says:  
"The scene was frightful. On  
either side of the track rose an  
embankment, and the locomotive  
ran off upon the right hand, was  
throwing itself with desperate  
force against the mountain. Cylin-  
ders, levers and fragments of the  
engine house were lying scattered  
all around, as the velocity gradu-  
ally diminished, and the tender,  
express, baggage and smoking cars  
were grating against the embank-  
ment. At length the halt took  
place.

Jeremiah Kane, the brakeman,  
was severely crushed, and died the  
same afternoon.

Mr. Huffmaster, the fireman,  
was severely scalded.

The accident was caused by ne-  
glect in attending the switch.

Last week, as the western train  
on the Central Ohio Railroad was  
in the vicinity of Dillon's Falls,  
an axle of the tender broke, caus-  
ing the first car to run over, and  
partly throwing the second off the  
track. Six passengers were injur-  
ed—three severely slightly, 2.

A shocking accident occurred  
on the Pennsylvania Railroad last  
week. Mr. Myerly, of Cassville,  
and his two daughters, attempted  
to cross the track, when the train  
was only a few rods from the  
crossing and unable to check up.  
The engine struck the wagon,  
smashing it to pieces. Mr. Myerly  
and his eldest daughter were shock-  
ingly mangled; the youngest  
daughter was severely but not  
dangerously injured. Mr. Myerly  
died of his wounds on Thursday  
afternoon.

A disaster occurred on the Au-  
gusta and Savannah Railroad on  
the 17th inst. Luther Norther, the  
engineer, and two firemen were  
killed. The accident was caused  
by the sinking of the rails in con-  
sequence of heavy rains.

The Boston Post states that  
several young ladies have been at-  
tacked with partial paralysis of  
the hands and arms after devoting  
some time to the modelling of  
wax flowers. The white wax con-  
tains white lead; the green, cop-  
per, the yellow, chrome yellow;  
the orange, chrome yellow and  
vermillion—strong poison a l l,  
while many other kinds of wax  
are equally poisonous.

Flogging schoolboys may make  
them smart, but then it is in the  
wrong place. If a boy has intel-  
lect, he will get along without the  
cane. If, on the contrary, he is dull  
and stupid, pelting him over the  
head will make him not so ambi-  
tious to overcome Algebra, as to  
overcome the schoolmaster. Believers  
in rattan will please notice.

A wagish fellow recently cured  
his wife of divers ills in this way.—  
He kissed her hired girl one morn-  
ing, and got caught at it. His  
wife was up in an instant. She  
forgot all her complaints, and the  
man of the house declares that he  
has not had to pay a cent since  
for hired help.

The South Bend Forum of the  
22 inst., says:

A fatal duel was fought at  
Mishawaka last night, after the  
speaking at the Institute, by Hen-  
ry Kelley and Charles Eaker, a  
butcher. Knives were the weapons,  
and the former was killed. The  
tragic work was done in a melee,  
in which other participants suffer-  
ed slightly from knives and  
bludgeons.

Mr. Kelly's family reside in  
South Bend, Mr. Eaker's in Mish-  
awaka. Eaker was arrested.

There was probably no political  
feeling in this affair. The parties  
were both Democrats. The meet-  
ing last night was the result of a  
pending quarrel, and mutual chal-  
lenge and acceptance.

## We have no particulars.

(The last number of the Forum states that the  
above report was "erroneous as to a duel appoint-  
ment.")

A Mail Robbery occurred at Dan-  
ville, Hendricks county, last night. The  
thief was pursued by Mr. Smith, the  
Postmaster, and James Slapp, Jr., of Dan-  
ville, who captured him at Pecksburgh, to  
the Terre Haute railroad, and marched him  
back to Danville. When arrested he had  
on three coats that he had appropriated to  
his own use on the way to Pecksburgh. He  
is a young man, and his name is John  
Baies. He belongs to a very respectable  
family in Indianapolis.—National Democrat.

## September.

She has kindled her watch-fires in the  
West! Piles of amber and crimson make  
glorious her sunsets. The nights are  
cool with dews, and with the chirping  
of crickets. The glory of the year is up-  
on us; the stillness, the culmination.—  
In a little while the banners of yellow and  
crimson will be run up among the forest  
oaks and maples, and the anointed  
among men shall read the message. "The  
tables of the year's great Feast are spread  
in valleys and meadows and orchards!  
Lo! the earth has made ready her banquet."  
And the hearts that read this message  
shall thrill back to the triumph their  
blessed answer: "God is good."—V. F.  
Townsend.

## Men's Wrongs.

A good deal has been said about Wo-  
men's wrongs, but the other side is rarely  
ever presented. Here it is, written, doubt-  
less, by some hen-pecked husband, or re-  
jected lover:

"A woman may say what she likes to  
you without danger of being knocked  
down for it.

She can take a snooze after dinner  
while her husband has to work.  
She can dress herself in neat and tidy  
calicoes for a dollar, which her husband  
has to earn and fork over.

She can go forth into the street without  
being invited to treat at every saloon.

She can paint her face if it is too  
pale, or flour it if it is too red.  
She can wear corsets if too thick—and  
other fixings if too thin.

She can eat, drink and be merry, with-  
out it costing her a cent.

She can get divorced from her husband  
when she sees one she likes better.

And she can get in debt all over, until  
he warns the public not to trust her on his  
account."

## Wealth.

The great end of human exertion ap-  
pears to be, to enlarge our fortune, that  
it may be commensurate with our desires,  
real or imaginary. Some one quaintly said  
once, that when he set out in life, he  
wished to be rich, but his wife only wish-  
ed to be comfortable. He had long since  
acquired riches, but his wife was not com-  
fortable yet; so much do our wants in-  
crease with our wealth. The true road to  
human happiness, as all philosophers have  
instructed us, is to limit our desires by  
our ability to gratify them. Content takes  
from poverty its sting more than poverty  
deprives us of pleasure. Increase of wants  
and unsatisfied desires sink wealth down  
into all the inconveniences and unpleasant-  
ness of poverty. And, after all, what can  
wealth buy that is most valued in life—  
not love, friendship, health, beauty or long-  
evity, and without these is human  
happiness to be found?

THE FOOT OF A HORSE.—It is a marvel  
of mechanical ingenuity, which no mere  
human inventive faculty ever could have  
devised. Often has the human hand been  
taken to illustrate the Divine Wisdom,  
but however may examine his horse's foot,  
he will find it scarcely less curious. Though  
all its parts are somewhat complicated, yet  
their design is simple and obvious. The  
hoof is not, as it appears to the careless  
eye,
