There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Scientific treatment, proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Aint It Awful, Mabel?

The Chicago Lincoln Park Commissioners who leaped into fame—and ridicule—by the enforcement of a rule prohibiting men and women from bathing together at the city-owned beaches are now considering the matter of segregating the sexes in the park itself. It is proposed to provide benches for men and separate benches for women. As it is a man and his wife may not bathe in the waters of the great Divervee Beach, unless the man is on one side of a rope and the wife on the other side of another rope, with a space 20 feet between ropes. This prohibition has been in effect nearly all summer, in spite of the protests of highly respectable people who use the beach. But the commissioners refuse to budge an inch from their attitude and now threaten to go still further in the benches-for-women proposition.

Listen, daughter. Whenever a town girl gets too proud to marry a man with 100 acres of land and 20 red pigs, just because he wears blue jeans and can't tell the tango from a shoe gin rickey, you can set it down as a fact that she will either die an old maid or marry a \$6 a week clerk with a head full of ozone and only one change of hole-proofs. We would rather see you hooked up to some fellow who wears 49-cent overalls and knows when to hit the top of the market than to be yoked to some Cuthbert who plays the mandolin, smokes Turkish cigarettes and lives on the edge of the town. Still there's no accounting for tastes. That's why they are establishing courts of Domestic Relations here and there.

A farmer tells us that he has practically rid his farm of gophers by the use of gasoline. He carries a bottle and a bunch of cotton batting with him while working in the field and when he sees a gopher run into a hole he pours some gasoline upon a wad of cotton and places it at the mouth of the hole and covers the opening with dirt. The gas fumes are heavier than air and go to the bottom of the hole. In an attempt to get air, the gopher comes to the top of the hole and the gas does the rest. Remove cotton in about half an hour and the gopher will be dead. The plan will apply to many other burrowing animals.

The greatest disappointment some people have is when their worst suspicions don't come true.

A man has no business to marry a woman who can't make him miserable; it means that she can't make him happy.
