In another column will be found a letter from Iowa, written by Mr. Simon P. Moon, a former citizen of Southeast township. From it it would seem that the hard times are not confined alone to this part of the country.

There has not been, as yet, any strike on the Lake Erie, Evansville and Southwestern railroad at this point. There is nothing that would please our citizens better than to see a strike—of spades and picks on that road.

Mrs. Maria Mills, widow of James L. Mills, died Thursday night of consumption. Mrs. Mills has been in ill health nearly ever since the death of her husband, which resulted from the same dread disease. She leaves three little orphan children to mourn the loss of a mother's care.

The case of Gray, Bowles and Condon, claiming to be School Trustees of Orleans, vs. David F. Stucker, Auditor, to compel him to issue to them warrants on the Treasurer for the school funds of that town, was decided Monday morning by Judge Pearson in favor of the defendant.

While at Orleans Monday we were shown through the new granger store building, now nearly completed. It is a splendid two story building with two good business rooms below, and three large, elegant rooms above, suitable for secret society rooms, for which we were informed they would be used. The building is complete in every respect and reflects credit upon the order and upon the builder, Mr. John A. Mickey, of this place.

The Cantata, "An Hour in Fairy Land," given at the Methodist church yesterday evening, under the management of Mrs. Lillie B. King, was a complete success.

The exercises were opened by an overture by the orchestra, "Poet and Peasant," followed with a song, "La Farfalletta," by Miss Mattie Simpson, which was well rendered. The five characters representing fairies, with their attending sprites, particularly deserve much credit for the admirable manner in which they performed their several parts. Also the tableaux, consisting of "An Old Fashioned Fireside," "A Winter Scene," "A Hay Making Scene," and "A Golden Wedding," were particularly interesting.

The church was completely filled, and notwithstanding the extreme warm weather the most respectful attention was given throughout the entire evening. The audience expressed their appreciation of the performances by frequently applauding the different scenes. Considering the great labor and expense necessary in getting up an entertainment of this kind Mrs. King deserves much credit for her enterprise, and should receive the patronage and encouragement of every one.

This evening a musical entertainment will be given by Mrs. King's music class at the same house. The exercises will be both vocal and instrumental, and we bespeak a treat for all who may attend.

Master John F. Simpson, son of our worthy Clerk, had a birthday party last Wednesday evening, on the occasion of his eleventh birthday, to which he invited all his little friends. At an early hour in the evening the spacious parlors were filled with a joyous, noisy crowd, and until a late hour mirth and jollity prevailed. Johnnie was the recipient of many handsome presents. Taken all in all it was an occasion long to be remembered.

Ed. News—I wish to inform the many readers of your paper that the personage referred to by the correspondents of the News and Republican as "one of Orange county's best teachers," in connection with saloon keeping, is not a licensed teacher of Orange county.

He has taught school, but his license expired before he went in to the saloon business.

ONE WHO KNOWS.

It requires the united efforts of Treasurer Wells and Auditor Stucker at Orleans to-day to collect \$20 license from the circus. Too thin, boys. We'll bet a new hat that, just about now, they are lounging around the monkey cage with a quarter section of ginger bread each.

Rev. George Harding, of the Indianapolis Saturday Herald, is at West Baden Springs. The Reverend George is one of the best newspaper men in the State, and the Herald is one of the sprightliest and best papers.

So far this season Paoli has luckily been given the "go by" in the show business. We hope it will continue so. Times are too hard for our people to spend money going to a circus, but of course they would go if one was to put in an appearance.

In the case of the State of Indiana, ex rel Samuel Seybold vs the Boardman of Wm. P. Shively, late Sheriff, the court rendered a judgment in favor of plaintiff for one hundred and ninety-two dollars.

The case of the State of Indiana, ex rel John H. Plunkett, vs the Boardman of the late Wm. P. Shively was continued by the plaintiff.

The fair ground track is being put in order preparatory to training horses. We learn that a number of horses will be put in training there soon.

The jury failed to agree and were discharged last week in the case of the State ex rel Joseph Cox vs the Boardman of Wm. P. Shively, late Sheriff.

There will be an ice cream supper at Magnier's school house next Saturday evening, for the benefit of the Sunday School at that place.

Jan. M. Andrew and John Stoll took in the strike at Louisville last week. They didn't want any more of it in their'n.

The next term of the Orange Circuit Court will begin on the third Monday (19th day) of November.

John H. Hamilton, pastor of the First Christian Church, New Albany, Ind., was in town to-day and called on us.

Our attention has been called to some new and useful cooking utensils recently invented. One of which is known as the Centennial Cake and Baking Pan, made of Russia iron, and is so constructed that after your cake is baked, you can instantly remove it from the pan without injuring it; and having a raised bottom the cake can not possibly burn. It is also provided with a slide on the bottom, so that when you remove the tube, you can close the hole making a pan with plain bottom for baking jelly or plain cakes, bread, etc.

Another—the Kitchen Gem—is also a very useful and long-needed household necessity. It is a plated wire boiler or steamer to hang inside of an ordinary iron pot for boiling or steaming vegetables, which, when done, can be easily removed perfectly dry without lifting the heavy, sooty iron pot off of the stove, avoiding the danger of burning the hands with the steam in pouring off the hot water. And the vegetables can not possibly burn, if the water boils dry, as the steamer does not touch the bottom of the pot.

These goods are sold exclusively through agents to families, giving universal satisfaction, and presents a splendid opening for some reliable lady or gentleman canvasser of this county to secure the agency for a profitable business. For terms, territory, etc., write to L. E. Brown & Co., Nos. 214 and 216 Elm Street, Cincinnati, Ohio.

THE TROTTER HORSE.

Chancellor Black Hawk.

Will be found Mondays, Tuesdays and Wednesdays at the stable of T. N. Braxton, in Paoli; on Thursdays, Fridays and Saturdays at Van Mallory's stable in Orleans. Marcs insured to be with foal for ten dollars.

DESCRIPTION AND PEDIGREE. Chancellor Black Hawk is 15 1/2 hands high, jet black, fine style and action, open gaited, &c. Was sired by Mitchell's fast trotting Black Hawk Morgan horse, and he by the Myrick horse, half brother of Ethan Allen, the fastest trotting stallion in the world; and the Myrick horse by the old original Black Hawk, owned by David Hill, of Vermont, and said to possess more style and action than any living horse. Chancellor Black Hawk's dam was known as the Trueblood mare, a very fast pacer, but never trained or handled as such, bred by Mr. Mavity, of Jefferson county, and sired by Teacumseh, a fast pacer and thoroughbred Canadian stallion; her dam was a thoroughbred mare from Virginia. With two seasons training Chancellor Black Hawk has trotted in 2:38. His style and gait indicate great speed; also the cross of stock in him, according to the opinion of experts, cannot fail to produce fast trotting horses. He has brother, "Wait a While," pacer at a four year old, on the New Albany track, in two minutes and twenty-seven seconds with two weeks training, after which he was sold for eight hundred dollars and shipped to New Orleans, where he beat all the crack pacer horses of the South. We take great pleasure in showing Chancellor, and think the public would consult their best interests by looking at and breeding to this promising young horse. 32.

NEWTON STEWART, March 6, 1877.—Ed. News.—It being generally known that I was, at the time of the election, a resident of Southeast township, and persons thinking I am yet, thereby get disappointed. Therefore you will please notify the citizens of Orange county that I have permanently located in Jackson township, near Newton Stewart, where I will be found ready at all times to do surveying when called upon in any part of the county. A notice relative to a survey in any part of the county set to Newton Stewart will be promptly attended to.

Great Reduction in Sewing Machines.

The very great difference in the cost of machines bought with cash and those sold by traveling agents has induced me, in the absence of any one handling them on the cash system in this part of the country, to add Sewing Machines to my present business, knowing that I can make it greatly to the interest of those wanting to purchase. The reduction in prices which I am enabled to make by buying and selling on the cash plan is simply enormous, amounting to about one-half the regular price on each machine. Thus the 300 machines will sell for \$25 and the 350 Singer at \$45, and all other first class machines at similar rates. These machines are all new and of the latest and best styles of the most leading makers. I intend keeping also a full line of needles and other attachments for all kinds of machines in use in the country.

I especially solicit inspection of my machines and comparison of prices. I simply mean to knock the bottom out of the high prices heretofore paid for machines. Parties buying machines on credit can have them thoroughly repaired by experienced workmen by leaving them at the Paoli Drug Store. L. S. DOWLES, 63- Paoli, May 1, 1877.

A Card to the Public.

For many years we have made two medicines suited to the ailments of a vast class of sufferers. Thousands of cures have been made by them, and, in fact, the world would not be so coupled with them. But within the last two years counterfeiters of our medicines have sprung up, dangerous in their close imitation of our Trade Mark. To secure the people we have placed upon each genuine box of Holloway's Ointment the fac simile of the signature of our agent, Mr. Jos. Haycock. To counterfeit is felony. We shall relentlessly pursue any one who imitates this with the utmost vigor of the law. We most earnestly beg that the great mass of the American people will aid us in our efforts to protect their health, and help us in our task of bringing these most unprincipled men to the bar of justice. Uniformly refuse to purchase Medicines purporting to be ours unless Mr. Jos. Haycock's signature is attached to each box of Pills or pot of Ointment, and the end will soon be reached.

The public's obedient servants,
