## TOWN AND COUNTY.

Oh, you base "insinuator."

The Republican is not a paper of general circulation.

Jerry Hobson is death on pumpkins and partridges.

The Republican has neither circulation or influence.

Hon. Ben. F. Havens of Terre Haute is at French Lick Springs.

Mr. T. N. Braxton won't throw any more rocks at a kicking mule.

Mrs. Thomas L. Brown has been very ill again, but is now improving.

The hog cholera is thinning out the porkers in North East township.

A match game of base ball is talked of between Paoli and Orleans.

George T. Riley, of this office, is visiting relatives at New Albany this week.

John Holaday, son of Mr. Green Holaday, was taken seriously ill yesterday.

Dr. James Baker, of Stampers-creek, raised a 28 ounce tomato this season.

Wm. B. Jackson, Jr., Democratic city clerk of New Albany, was in town last week.

The band boys were out last night and treated our citizens to some excellent music.

The Paoli Silver Cornet Band will furnish the music for the Corydon fair this year.

D. F. Stucker is attending the Grand Lodge I. O. W. M. at New Albany this week.

Since our last issue Isiah Hall and Mary E. Pancake have been granted license to marry.

Esquire Stinson's court was open yesterday meeting out justice to violators of law and ordinances.

Ben. H. Cravens, of Hardinburg, was in town yesterday looking after an absconding debtor.

Ex-Treasurer Henry Reed, wife and daughter, of Orleans, spent the day at W. C. B. Kemp's Saturday.

A large party is being organized among our citizens to visit Wyandotte cave. They will go this week or next.

Mr. T. N. Braxton sold 400 head of fine sheep to an Ohio man yesterday. He has another contract to fill for 1,000 head.

H. S. Bigham, representing the Indianapolis Sentinel Company, was in town last Friday. "Little Big" is a whole team.

Rev. E. W. Moore, of Orleans, is dangerously ill at the residence of his brother, Mr. J. M. Moore, in French Lick township.

The Republican says "lawyers make great editors." True, but what terrible failures some other people make in that direction.

Mr. Henry Cramer, clerk at the Paoli Drug Store, has been in ill health during the past week, but is again able to be in his post.

A friend representing himself to be W. C. Logan, of Chicago, has been trying to impose upon Odd Fellows' lodges throughout the State.

Ed. Braxton returned last week from the counties of Dubois, Pike and Warrick where he has been for some weeks past buying sheep. He brought back about 1,500 head.

Persons wanting premium lists can get them by calling on J. M. Anderson, President, or A. M. Kallish, Secretary of the Agricultural Association.

The Indiana State Fair and Exposition will be held at Indianapolis from Sept. 24th to 29th. We are under obligations to the management for a complimentary season ticket.

The Republican, a paper without circulation or influence, says "the taxpayers of Orange county don't have to pay our rent." Take pity on your landlord and pay it yourself then.

Thos. Pickett was arraigned before Esq. Stinson last Thursday on a charge of provocation. After hearing the evidence, his honor thought the case too thin and acquitted him.

D. Jeff. Huffstetter's barn was burned near Orleans Sunday night. We have not ascertained the extent of the loss. It was insured for \$1,000. It was fired by some devil in human shape.

Remember we will take any kind of marketable grain or produce for what you owe us. Bring it along while you have plenty and we'll allow you the highest market price for it.

The farmers of Orange county would find it much more profitable to go to raising sheep than to continue wearing their lands out on corn and hogs. Try it, your hills are just suited for that business.

The Republican says we brag about our paper having character and influence. We've done no such thing. We simply said the Republican had neither circulation or influence. Stick to the truth, neighbor.

"The officers report nothing for the rent of those rooms, &c."—Republican, the paper without circulation or influence.

How much rent does your landlord report as having received for the rooms occupied by you?

The Louisville Industrial Exposition will open September 4th and continue until October 20th. From present indications the coming Exposition will far exceed any of those of former years. We return our thanks for a complimentary ticket.

"This brings his charges down to the prices we proposed to do the work for."—Republican, a paper without circulation or influence.

Oh! come now, neighbor, you don't pretend to "insinuate" (excuse the italics) that we've got that low down, do you?

Will the editor of the Republican, we don't care which one, please state how many subscribers he has at Lost River postoffice, also at Stampers-creek—likewise at Greenbriar and Leipsic? It won't take him long to count 'em.

The big nine and the peanuts played a match game of base ball at the fair ground Monday afternoon. The big nine gave the peanuts 6 outs and played 'em for a ball. The peanuts walked away with the ball and the big nine got mad. "Bah" for the peanuts.

The Republican says "the italics disturb us." Mistaken again, neighbor, they save us a deal of trouble—they point unerringly to the particular member of your editorial corps—that is responsible for the articles in which they are so freely used.

The Italian editor of the Republican, a paper without circulation or influence, speaks about our gentlemanly replies to his questions. Of course we answered him gentlemanly, notwithstanding we were afraid we were engaged in the unprofitable business of casting pearls before swine.

The editor (7) of the Republican don't believe in doubling advertisements, even occasionally. He believes in filling his columns "chink full" of fresh and interesting local items and such thrilling stories as the Indiana Weekly State Journal and Louisville Commercial prospectuses.

One of the editorial corps of the Republican, we don't know which, but think it the italicized portion of the "whisking," write us about our consistency in reference to renting some property in Orleans. We are perfectly willing to be charged with inconsistency by any one connected with that office. In the old story of the "little mule" the pot black.

There's been no complaint only to being inconsistent.

**Wyandotte Excursion.**  
The Normal School Wyandotte Excursion is arranged for Friday and Saturday, the 31st of August and 1st of September.

Mr. Rothrock, the proprietor of the cave, has offered to entertain the party on the most reasonable terms; and the expense of the entire trip will be so trifling that all persons wishing to visit this greatest wonder of our State, should avail themselves, if possible, of the present opportunity.

Those wishing to join the party will please to inform the undersigned of their intention as early as possible, so that ample provision may be made for conveyance, &c. The reduced fare is only to those joining the party; hence the necessity of all reporting themselves beforehand. Those wishing to furnish teams or vehicles will please to state the same promptly.

The special terms offered as will be made known, upon inquiry, to any wishing to make the trip. Let no one remain behind who wishes ever to visit the cave.

WM. P. PINKHAM.

Mr. T. N. Braxton, of this place, is the owner of one of the kicking mules that has ever been seen in these diggings. You can't get in a rod of the tural critter without starting its kicking apparatus.

Last Sunday Mr. B. thought he would try and get up to it and remove a rope from its neck but he was met by kicks and had to retreat. Becoming exasperated he commenced throwing stones at it, and the first thing he knew he didn't know anything. The mule caught one of the rocks on the fly with his heels and hurled it against the side of Mr. Braxton's head inflicting severe and painful cuts and bruises, from which he has not yet recovered.

Our boys have organized a Base Ball club here, and are ready to accept challenges from any clubs in our neighboring towns. The following gentlemen compose the nine: Henry Mathews, a. s. Jas. Flynn, 2. b. Zack. Cornwell, c. f. Jas. King, 3. b. J. P. Pro, 1. b. Ben. McVey, p. George Buskirk, c. Henry Lingle, l. f. Warren Foster, r. f.

They will probably play the Orleans club soon.

Henry Lingle was severely stung by honey bees last Saturday while assisting his uncle, Ben. M. Lingle, in hiving a swarm. They had settled on a limb which broke and the whole swarm fell on his bare head, and he was stung a great many times about the head and face. He is still suffering from the effects thereof.

**Music.**  
The Paoli Silver Cornet Band, under the leadership of H. Mathews, is now prepared to furnish music for Fairs, Picnics, Excursions, &c., at the very lowest rates. Standard first class music furnished on all occasions.

GEO. A. BUSKIRK, Pres.  
W. B. KING, Sec'y.

Jno. R. Simpson, our worthy and efficient clerk, has about completed the internal improvements in his office and has things in a better and more convenient shape than was ever known in the history of the county, entirely doing away with the old vexations arising from the failure to find some missing paper.

John B. Kendall, of Greensfield, brought a new Sewing Machine from Dr. L. S. Bowles last Friday and started home with it. While giving up the bank on the South side of Lick creek the machine tumbled out on the rocks and he had enough pieces to make several machines.

Clerk John B. Simpson has laid on our table two vegetable curiosities: one is a large ripe tomato, from the center of which another sprout has grown out and on which there is another tomato growing. The other is a potato that has grown inside of an iron bucket.

A meeting of the creditors of Hugh McNabb, bankrupt, will be held at the office of Register Butler in New Albany on the 29th instant, to consider proposals of composition made by said bankrupt.

**To Sell Follows.**  
The members of Bellin's Lodge No. 123, I. O. O. F., are notified that a vote will be taken in said Lodge, on Monday night, August 27, 1877, on the proposition to reduce the session of the Grand Lodge, from Semi Annual to Annual.

There will also be work in the Initiatory degree.

JOHN T. BROWN, Sec.

The programme will embrace recitations in each of the eight branches, lectures, essays, select readings, etc. The subject of examination and promotion will be thoroughly discussed.

It is confidently expected that each teacher in the county will give his presence and assistance to the work. No teacher who expects to keep up with the times can afford to absent himself from the county institute. An examination of applicants for license will be held at the close of the institute, September 15, 1877.

JAMES L. NOBLETT, Co. Supt.

BOWLES & BELLINGER.

Our attention has been called to some new and useful cooking utensils recently invented. One of which is known as the Continental Cake and Baking Pan, made of Russia iron, and is so constructed that after your cake is baked, you can instantly remove it from the pan without injuring it; and having a raised bottom the cake can not possibly burn. It is also provided with a slide on the bottom, so that when you remove the tube, you can close the hole making a pan with plain bottom for baking jelly or plain cakes, bread, etc. Another—the Kitchen Gem—is also a very useful and long-needed household necessity. It is a plated wire boiler or steamer to hang inside of an ordinary iron pot for boiling or steaming vegetables, which, when done, can be easily removed perfectly dry without lifting the heavy, sooty iron pot off of the stove, avoiding the danger of burning the hands with the steam in pouring off the hot water. And the vegetables can not possibly burn, if the water boils dry, as the steamer does not touch the bottom of the pot.

These goods are sold exclusively through agents to families, giving universal satisfaction, and presents a splendid opening for some reliable lady or gentleman canvasser of this county to secure the agency for a profitable business. For terms, territory, etc., write to L. E. Brown & Co., Nos. 214 and 216 Elm Street, Cincinnati, Ohio.

**New Boarding House.**

Mrs. Mary E. Braxton has opened the house formerly occupied by John L. Braxton, for the reception of boarders. The house is well arranged and pleasantly situated; the table will be supplied with the best in the market, while the prices will be as low as any other house. Students and others desiring permanent board will find it to their advantage to confer with Mrs. B. before making other arrangements.

Remember

That Thomas Stalcup, on the east side of the public square, has opened out a first class stock of Family groceries, provisions, confectioneries &c., &c. Also a nice line of hats, caps, boots and shoes. All of which will be sold at the lowest living prices. Remember also that when you buy goods of me that you don't buy auction goods, but you buy warranted goods. Call and see for yourself. Terms cash, or good produce taken in exchange at the highest market price. 52-1f

**Newton Stewart, March 6, 1877.**—Ed. News.—It being generally known that I was, at the time of the election, a resident of South-east township, and persons thinking I am yet, thereby got disappointed. Therefore you will please notify the citizens of Orange county that I have permanently located in Jackson township, near Newton Stewart, where I will be found ready at all times to do surveying when called upon in any part of the county. A notice relative to a survey in any part of the county sent to Newton Stewart will be promptly attended to.

JOHN McDONALD, Surveyor of Orange County.

**Great Reduction in Sewing Machines.**

The very great difference in the cost of machines bought with cash and those sold by traveling agents has induced me, in the interest of my present business, to reduce in price what I am enabled to make by buying and selling on the cash plan. I am, therefore, offering, at about one-half the regular price on each machine, from the 22 machines will sell for \$5 and the Singer at \$10, and all other first class machines at similar rates. These machines are all new and the latest and best styles of the most leading makers. I intend keeping also a full stock of notions and other articles for all kinds of machines in use in the county.

Especially solicit inspection of my machines and comparison of prices. I simply mean to knock the bottom out of the high prices heretofore paid for machines.

Parties having machines out of order can have them thoroughly repaired by experienced workmen by leaving them at the Paoli Drug Store.

Paoli, May 1, 1877. L. S. BOWLES.

**A Card to the Public.**

For many years we have made two medicines sold to the ailments of a vast class of sufferers. Thousands of cures have been made by them, and, in fact, the worst failures could not be coupled with them. But within the last two years counterfeiters of our medicines have sprung up, dangerous in their claims. To secure the people we have placed upon each genuine box of Holloway's Ointment the facsimile of the signature of our agent, Mr. J. M. Haydock. To counterfeit is felony. We shall relentlessly pursue any one who imitates this with the utmost vigor of the law. We most earnestly beg that the greatest mass of the American people will aid us in our efforts to protect their health, and help us in our task of bringing these most unprincipled men to the bar of justice. Uniformly refuse to purchase medicines purporting to be ours unless Mr. J. M. Haydock's signature is attached to each box of Pills or Ointment, and the seal will soon be reached.

The public's obedient servants, HOLLOWAY & CO.

Persons not having patents will do well to get them. For further information inquire of JAMES F. COLLINS, at News Office.

Diseases which baffle the skill of the medical schools, readily yield to these peerless remedies. Scoury, erysipelas, salt rheum, itch and all cutaneous eruptions are curable by them. 25 cents per box or pot.
