

A Full Yield from the Whole Field

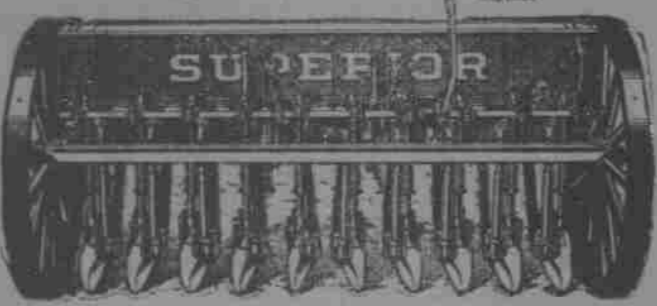

There is no idle soil when a Superior Grain Drill is used in the seeding. It doesn't skip, clog or leave empty furrows. Distributes all the grain evenly at the bottom of the drill furrow insuring uniform covering. A full, even stand results, and the full stand brings the full crop. That's why

Superior Grain Drills

have won their way into the favor of the farmers who prepare and plant their fields for the extra bushels—the all profit bushels. Made of the choicest materials. Special feature: Double run positive force grain feeds—two feeds in one. Parallel disc bearings guaranteed for life of drill. Superior telescoping steel conductor tubes—non-breakable; no buckling, kinking, bending or collapsing. Superior patented oscillating drag-bars insure 50% more clearance.

Constructed for Use With Any Tractor

It will pay you to use this Drill because its effective and economical sowing will bring you greater profits in increased crops. Superior Drills are noted for lightness of draft, ease of operation and unusual strength.

The propaganda that is being spread broadcast by Certain Removalist in this County, that the proceedings now in court will result in the impeachment of the Court is nothing more than mere rot, and the good sensible voter and Citizens of this County can not be deceived or led away from their duty by any such talk.

When any county official fails to do his duty it appears that he ought to be removed from his office.

Wonder when W. S. Mathews will begin building pike roads, it is reported that he has several contracts for in Marion township, he will at least need to do some repairing. The roads in that township are bad owing to his rough use before the election.

About all there is left of the Removalist leaders in North Vernon is Bluff, and we carried the election by 825 majority. They fail to tell that they voted 317 more votes in Center township July 22nd than they did in November 1918; SOME INCREASE.

LET THE PEOPLE RULE, is not mentioned in North Vernon since July 22nd but the North Vernon Removalists have discovered that the people are after them.

The propaganda spread by North Vernon Removalists is nothing more than plain rot to let the tax payer away so he will not see them in their action Mr. Tax payer you can plainly see that keep MUM is the Slogan with them.

The removalists have a leak in the dike that they will not get mended in time to save the day.

The North Vernon Lawyers have lost all their Bluff but Montgomery now has it for them.

The Jennings County Law and Order League will open the bag for the M.V.s, it may take a little time but just sure they will get it done. They are not worrying about the \$100,000.00 retainer fee that is so often spoken of by the Plain Dealer.

The Removalists did nothing when they did their wholesale vote buying business in each of the townships to the county, and in the other counties they imported the votes from that the bag had a hole in it that would spill the beans; the bill is not all paid. They forgot to fix things right with the tax payers first.

When some of the BANG is taken out of the Plain Dealer by the Law and Order League, it will be a very ordinary paper of its own if necessary.

James Huntington knows more about taxes than he knows about taxes.

JENNINGS COUNTY HAS A LAW AND ORDER LEAGUE

A number of the leading citizens from the various townships in Jennings County met at the Odd Fellows Hall August 11th for the purpose of organizing a Law and Order League for Jennings County. This meeting was well attended and the meeting resulted in the election of a President, Secretary, and Treasurer, and a vice President for each township.

The intention of the organization is to bring about better moral conditions clean elections, better trade relations and protection of the tax payers from graft, and other evils in this county. This organization has a good foundation and makes its influence felt in Jennings County, and will be a co-worker with the already organized farmers of this county.

NOTICE

On account of this being typhoid season, people MUST see that all closets, vaults and outbuildings are cleaned and put in a sanitary condition at least once a month; also that all refuse and weeds are cleaned from the alleys. This is VERY important at this time and all persons disobeying are liable to fines.

North Vernon Ind.,
Aug. 11, 1919.
Mr. R. E. Olcott, City Clerk,
North Vernon, Ind.
Dear Sir: Not very long since your letter was received informing me of my relief from the duties of City Engineer. Your letter coming so soon after the county seat election and containing the information that my successor had been appointed, was certainly a token that my conduct in the recent election was not approved by the City Administration.

Let me inform you that it was not possible to bring myself to vote in any other way than I did at that election. Being a citizen of North Vernon and not indifferent to its welfare, I claim the right to act in all things pertaining to the welfare of the city and its interests according to my own judgment and not according to the judgment of its citizens. Your own reason must rule to the exclusion of all else. To vote according to the dictates of conscience and reason is the right of every American citizen.

As a citizen of North Vernon I am as much interested in its welfare as any one in the town. North Vernon should be one of the best places in the world in which to live and I would gladly work to make it a better place.

Any one who has property here can increase the value of his property by improving it and by improving the morality and refinement of the town and by driving out of the city every thing that degrades men and society.

The worst enemies of North Vernon are those who violate the laws and permit the laws to be violated and who tolerate upon the streets of the city and within its confines gambling and the operation of gambling devices.

No friend of North Vernon would uphold any violation of law which would give the City a bad reputation.

In the county seat election I truly did what I thought was best for North Vernon and Jennings County. No one or any body of men has the right to dictate to a voter what he shall do in any election. If he does not see as others he should not be condemned.

In the few years that your humble and unworthy servant has been here he has probably done as much for North Vernon as some of your other citizens. A residence that will probably endure for a few centuries has been built where a forest stood and he may render some assistance in the very near future in building another. If you wish to dispense with his services give back to him the small amount that he invested in the building occupied by the Reliance Manf. Co.

You can relieve him of the duties of financial Secretary of the First M. E. church, a position that he did not refuse to accept when no one seemed to want to be burdened with its duties.

You can also get some one to pay the contribution pledged to the Centenary fund of the church. But you need not return any money to me. I am not asking for that and my contribution will be paid.

In conclusion I will say that I consider myself a true friend of North Vernon and not antagonistic to it in any way however antagonistic I may be to some methods used in elections. I am a true friend even if I do not vote according to the dictates of some of its citizens.

I will further say that there are no regrets upon my part for any thing that I did to secure in North Vernon a fair election. My only regret is that I was not prepared to do more.

Notwithstanding any thing that may be said my work was in behalf of the best interests of the city. I expect to stay with you for a while yet and it is to be hoped that in the future you will be convinced that I am one of the best friends that North Vernon has. Yours truly,
Charles W. Miles

"They do more than please your taste — they satisfy!"

Chesterfields "let you in" on an entirely new kind of cigarette enjoyment.

They not only please your taste, but they do something else besides.

Know what a big, juicy beefsteak does for your hunger?

Well, Chesterfields do exactly the same thing for your smoking. They touch the "smoke-spot." They let you know you're smoking. They SATISFY!

The blend does it. And the blend is the manufacturer's secret. Unlike a patent, it cannot be copied or even closely imitated.

If you want a smoke that really "satisfies" — ask for "Chesterfields."
