The report of Superintendent
of Public Instruction Vorries to
Gov. Chase shows that the num-
ber of white males of school age
in Indiana at the beginning of
1892 was 383,654; colored, 8,181;
white females, 362,947; colored
8,425; total number of schoolage,
769,207. Of this number 521-
841 boys and girls were enrolled
in the public schools, but the
daily attendance was only 369-
060. The number of teachers
required to teach these children
was 13,432, 6,780 men and 6,652
women. The number of public
school houses in the state Jan.
1, 1892, was 9,801.

Winter is now approaching
and we would like for our coun-
try correspondents to wake up
and send us the news from their
respective localities. If you
need stationary please call or
drop us a postal card and we
will forward you a supply.

W. L. Fleener, one of Jasper
county's young men, now a resi-
dent of Kiowa county, Kan., has
been honored by being elected
clerk of that county. He is a
most excellent young man, and
has shown to the people, by his
honesty and uprightness, that
he is well worthy of the courtesy
and kindness shown him.

The teachers' association had
a very successful meeting last
Friday and Saturday. The lec-
ture of Prof. Wm. M. Giffin, of
the Cook county Normal School,
Englewood, Friday night, was
very interesting and instructive.
103 teachers out of the 114 in
the county attended the associa-
tion—a very good showing.

Manager Eger could increase
the popularity of his place of
amusement by placing the seats
further apart. As they are now
the audience is forced to sit the
whole evening in a cramped and
uncomfortable position. The
"600 plush opera chairs" are un-
comfortable enough without be-
ing forced to sit in a cramped
position.

The president of the Jasper
County Farmers' Institute has
appointed S. P. Thompson, of
Rensselaer, and Wm. O. Road-
fer, trustee of Carpenter town-
ship, as delegates to attend the
Road Congress at Indianapolis
next Tuesday. The president
also requests each township
trustee in the country to be
present.

Victor and Madam Lee's Nov-
elty Company were at the Opera
House three nights last week.
Thursday night they gave a first
class entertainment, but of the
other two nights the less said
the better. While here they
gave away two "gold" watches
and a number of other presents,
mostly groceries and glassware.
Miss Daisy Warner and Tom Say-
ler got the "valuable" watches.

The Hamilton-Marvin Comedy
Company is playing to crowded
houses at the Opera House this
week. They are a first class
troupe—in fact the best troupe
that has been seen in Rensselaer
for some time. Their plays are
all modern and are giving gen-
eral satisfaction. To-night they
play "The Two Orphans" and
to-morrow night that rollicking
"farce comedy," "Natural Gas."
It will pay you to see them.

The Plummer murder trial is
going on at Fowler this week
and but little interest is being
manifested in the same. The
defense will attempt to prove in-
sanity and will probably be suc-
cessful. Plummer is undoubt-
edly not of a sound mind at the
present time, no matter what
the condition of his mind was at
the time of the murder. He
takes no interest in the examina-
tion of witnesses and sits with
immovable features all day long.

Brown and Darroch are prose-
cuting the case and Hammond
and Saunderson are defending
it. Owing to the large number of
witnesses being examined the
case will not be apt to go to the
jury before the last of the week.
The evidence brought forth at
the trial Wednesday was nearly
the same as has already been
published in this paper. The bul-
let and revolver which did the
killing was introduced as evi-
dence and the billy with which
Dorn beat Plummer over the
head, Plummer's confession, as
made to the editor of this paper,
was also introduced in evidence
and will probably have consid-
erable bearing on the case.
