The Columbian souvenir coin has proved a failure. Congress made a gift to the exposition managers of \$2,500,000 worth of the coins, and the managers expected to sell them for a dollar apiece, realizing \$5,000,000. Instead of that only \$827,000 worth have been sold up to date, and over \$4,000,000 worth of the pretty pieces are left in kegs in the safety vaults. The coin does not seem to have hit the popular fancy to anything like the extent that its designers expected.

E. M. Parcells is agent for Miller's steam dye house, of Lafayette. Ladies' and gentlemen's soiled and faded clothing cleaned, dyed, pressed and repaired, making them equal to new at a small cost. Dyeing and cleaning ladies' fine dresses and cloaks without ripping apart a specialty. Lace curtains cleaned and finished by the New French Steam Process. Kid slippers, neckties, feathers and plumes of all kinds cleaned.

Those who failed to attend the play of "The Fairies Well" at the Opera House last Friday evening missed a rare treat. The company was an excellent one, consisting of eleven members. Each member was an artist in their special line and every one who was so fortunate as to be present speak in the highest terms of the company. More troops of this kind would come to our town if they had any assurance that they would not leave poorer than they come. A \$66 house was present, which lacked about \$40 of paying the company's expenses.

Some of the "organs" are printing the names of Senators Kopelka, Gilman and others who voted to do away with the expensive and useless luxury of printing sample election ballots in the newspapers, in capital letters and holding them up as "enemies of the press," and therefore subjects for newspaper annihilation. In this instance if these gentlemen are enemies of the press, they are most undoubtedly friends of the people. Tax payers of the state, who are saved \$171,000 by the repeal of the law authorizing publication of the ballots should remember Senators Kopelka, Gilman and their colleagues who saved the amount to them.—Goodland Herald.

Recorder Hunt made his quarterly report to the commissioners this week. The report shows that the receipts of his office during the quarter were \$541.40, of which he will receive as salary \$225, leaving \$316.40 to go into the county treasury. Under the old law the whole amount would have went to the recorder. The following shows the number and kind of each instrument recorded: Warranty deeds, 209; quit claim deeds, 32; administrator's deeds, 4; guardian deeds, 2; tax title deeds, 15; commissioner's deeds, 1; trust deeds, 3; re-recorded deeds, 2; sheriff's deeds, 3; cemetery deeds, 1; mortgages, 108; chattel mortgages, 83; school fund mortgages, 6; releases, 72; mechanic's liens, 13; affidavits, 16; certificates, 10; assignments, 7; patents, 18; caveats, 1; town plats, 1; releases-attested, 22; certificates of title for school fund mortgages, 5; other instruments charged for at the legal rate of 10 cents per hundred words amounting to \$14.90.

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this stamp—THE ROCHESTER. If the lamp dealer has not the genuine Rochester, and the style you want, send to us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 2,000 articles from the Largest Lamp Store in the World.
