

SOMETHING UNUSUAL
as a medicine, is
Dr. Pierce's Golden
Medical Discovery.
And, because of
that, there's something
unusual in
the way of selling
it. Where every
other medicine of
its kind only promises,
this is guaranteed.
If it ever
fails to benefit or cure, you have your money
back.
It's the only guaranteed remedy for every
disease caused by disordered liver or impure blood. Dyspepsia, Biliousness,
the most stubborn Skin, Scalp and Scrofulous
affections, even Consumption (or Lung-
soreness) in its earliest stages, all are cured
by it.

It purifies and enriches the blood, rouses
every organ in healthy action, and re-
stores strength and vigor. In building up
both flesh and strength of pale, puny, Scro-
fulous children, or to invigorate and brace
up the system after "Gripe" pneumonia,
fevers, and other prostrating acute diseases,
nothing can equal the "Discovery."
You pay only for the good you get.

TRouble LOOKED FOR.

The Anti-Chinese Element on the Pacific
Coast Making Threats—Secretary Gresham
Takes Action Looking to the Protection
of the Celestials.

WASHINGTON, May 3.—As soon as
Secretary of State Gresham returned
here Tuesday night he gave his at-
tention to important and somewhat
startling reports from California.
These reports were to the effect
that an anti-Chinese outbreak was
imminent in San Francisco and
through the Pacific country when
the Chinese exclusion act takes effect,
within the next few days. The infor-
mation which came to Secretary Gresham
was quite specific and wholly reliable,
and it indicated danger of violence to
the Chinese population, particularly
through California.

Within an hour after Judge Gresham
left the presidential train bringing him
back from Chicago he was framing tele-
grams to governors of the far western
states appealing to them to maintain
order and protect the Chinese against
assault. One of these telegrams was to
Gov. Morrow at Sacramento, Cal. It was
quite lengthy, and informed the gov-
ernor that the state department had re-
liable reports indicating danger of
violence to the Chinese population
when the Geary exclusion act takes effect.

Judge Gresham added that Presi-
dent Cleveland earnestly hoped that
the governor would employ all lawful
means for the protection of the Chinese
in California.

The nature of the information which
has reached the secretary of state can-
not be ascertained, but it is evident
from his telegrams to Gov. Morrow and
others that he regards the subject as se-
rious and the danger threatening. It is
quite unusual for the federal authorities
to appeal to the governor of a state
concerning police affairs within the ju-
risdiction of the state. It will be re-
called that when the New Orleans
atrocities occurred and Italy demanded
redress for the lynching of a number of
her countrymen, Mr. Blaine, then secre-
tary of state, insisted that the subject
was one wholly in the jurisdiction of
the governor of Louisiana, and that the
federal government had nothing to do
with the case.

Secretary Gresham's telegram indi-
cates a desire on the part of Mr. Cleve-
land and his associates to maintain
order and to protect the Chinese without
wasting words over a construction of
the constitution as to the respective
rights of the state and federal govern-
ment.

The anti-Chinese element of the far
west has been greatly irritated at the
manner in which the Chinese have
ignored the provision of the Geary
law. The Six companies have em-
ployed eminent counsel to fight the
act and in the meantime the Chinese
decline to have their photographs
taken or to register in accordance with
the terms of the rigid law passed by
the last congress. This systematic effort
of the Chinese to nullify the law
has brought on the danger of an anti-
Chinese outbreak, which Secretary Gresham
is seeking to check.

Orders have been issued to the trea-
sury officers, special agents, internal revenue
agents and others not to arrest un-
registered Chinamen after May 5. On
that date the Geary Chinese law pro-
vides that all unregistered Chinese in
the United States may be arrested. As
the constitutionality of the Geary act
will be tested before the supreme court
on May 10 it has been decided to await
a decision before ordering wholesale ar-
rests.

HELD UP BY BANDITS.

Missouri, Kansas & Texas Train Looted by
Masked Robbers.

PARSONS, Kan., May 3.—A bold and
partially successful train robbery, com-
mitted by six bandits supposed to be
members of the notorious Starr gang,
of whom Perry Starr is leader, took
place at Pryor creek, Indian territory,
the scene of many daring robberies,
at 8:30 o'clock Tuesday night. The river
at this point is now 7 miles wide and
steadily rising.

All the unprotected bottom lands are
inundated and everything on them
driven to the bluffs. On the levees
the water is still 2 feet below the danger
line, but the rate at which the river is
rising indicates that that line will be
passed before the end of the week.
None of the levees yet show signs of
weakening, but much damage has been
done in the levee districts from the
accumulated surface water resulting
from the heavy rains.

CINCINNATI, May 3.—The heavy rains
have ceased and cooler weather pre-
vails. Danger of a disastrous flood in
the Ohio river is not imminent. The
greatest damage is along the smaller
rivers in Ohio. The Miami is higher
than since 1884. Paper mills in Franklin
and Middletown are compelled to stop
work. Along the Little Miami thou-
sands of acres of planted ground are
submerged. Along the Scioto the same
state of affairs exists. The city park at
Chilicothe is flooded and the bottom
lands are all under water. The Muskin-
ton is likewise higher than has been
known for years. Only the absence of
a great rise from headwaters prevents
them and it is perfectly free from
every objectionable substance.
