It is reported that the Dwiggins will sue Sheriff Friedrich for \$40,000 damages. They claim they have been damaged to that extent by the seizing of that satchel containing their Griffith securities. The sheriff was clothed with legal authority and will probably hold his own with the Dwiggins scoundrels.—Hammond News.

Makeever and his trainer are now in Rensselaer.

The 18-months old daughter of W. W. Swartz and wife, of Sweetser, Ind., died Monday of last week of cholera infantum. Until recently they were residents of this county. E. R. Burr, Fred Burr and Anna Burr, of Jordan township, attended the funeral. The neighbors were very kind and assisted in every way possible during the child's sickness and death and the parents feel that too much can not be said in praise of their assistance.

A country newspaper editor received two questions from correspondents. Number one, the father of twins, wrote to inquire how to get them over teething. Number two, wanted to know how to protect his orchard from grasshoppers. The editor mixed up the answers so that number one read: "Cover over carefully with straw and then set fire to them and the little pests, after jumping about in the flames a few minutes, will speedily be settled."

W. D. McCord, of Indianapolis, and Miss Laura Crockett, the charming daughter of Thos. Crockett and wife, were married at the residence of the latter, five miles southeast of Rensselaer, last Wednesday evening. Rev. Campbell officiated. The wedding was private. The PILOT joins with their many friends in wishing them success in life.

Jasper county correspondent in Goodland Herald: "One day last week Mrs. Matt James was gathering up her poultry and on going to the barn she found her 25-pound Tom turkey on a chicken hen's nest, and she just left him there, and two days later he was still found in the same place. So her son Fred concluded he would get a box and fix a nest and set the old gobbler just for fun. He did so, and at this writing we have proof to say the old Tom has put in eight days as faithful as his mate could have done. If you doubt this item just call and see. We know it to be a fact."

The Chicago Times says: The Indiana folks have probably done the right thing mere completely than anybody. A great, cool room, that takes up half the third story of the Hoosier building, has been fitted up exclusively for luncheon parties. The room has a clean linoleum floor, its many windows are white curtained, and it is filled with broad white tables, where whoever comes in may eat. There are polite servants in attendance and big pitchers of ice water are scattered everywhere. Hundreds of people come to this room every pleasant day. From 11 o'clock to 12 it is a merry place. The lunchers here are quite different from the dejected people who perch on steps, lumber sheds, and piles of stuff, and munch dry food in the lower end of the grounds.

The Fourth was observed in Rensselaer in a quiet way. About 100 of her citizens spent the day at the World's Fair. Others went to various other points. The Prohibitionists observed the day in town by a picnic and speaking, the court house being filled both forenoon and afternoon. At the college about 400 persons enjoyed the day listening to speaking, music, races, base ball and other amusements. Other points throughout the county which celebrated were Wheatfield, Blackford and Firman. Next year it is expected that the only celebration to be held in the county will be one at Rensselaer, and it will be one to be remembered.

T. F. Clark, in order to escape the noise and confusion of a country Fourth of July, decided to spend Tuesday in a quiet fishing trip near Stackhouse's bridge. In company with a merry party of his relatives he left for the fishing grounds. Reaching the grounds he hunted out a quiet spot and casting his line, waited for a bite. Not a bite rewarded his efforts until far in the afternoon, when a 27-inch pike was landed on the bank. The weight of the fish straightened out the hook and with a mighty flop the fish landed in mud and water. But Clark was bound his prize should not escape and jumped in after it, sinking three feet in the mud and water. He saved the fish, however, and brought it back to town with him—or at least he says he did—but did not exhibit it to any of his friends.

The Columbian Athletic Club, of Roby, has brought suit against Sheriff Friedrich and John Brown, William C. Murphy and Henry Friedrich, his bondsmen, claiming \$40,000 damages. The plaintiff alleges that it is a duly organized corporation, existing under the laws of Indiana, its business to give boxing and wrestling matches at Roby, and that at great expense it has erected a pavillion and engaged some of the famous athletes of the day to appear and give exhibitions of skill in boxing and wrestling. It is also alleged that several thousand people, each paying \$3, assembled to witness the exhibition. It is further charged that the sheriff and his deputies unlawfully forced their way within the inclosure and arrested the persons who were giving the exhibition, whereby the plaintiff was damaged as claimed. An injunction is also demanded to prevent interference with similar exhibitions which may be given in the future. They are playing a great big game of bluff. Sheriff Friedrich did not interfere with their fight, neither did he disturb the contests. Such a bluff will scare no one.—Hammond News.

Come into the woodshed, dear sonny, come into the woodshed with me, for I feel it my duty, my honey, to double you over my knee. There's a shingle prepared for our coming, a long one of well seasoned oak, and I purpose to set it a-humming, and make the dull atmosphere smoke. Pause now till I read the indictment, or rather indictments, of sins and cork up your show of excitement until the real circus begins. Of late I have noted with sorrow, you lingered when school was dismissed, and promised each day that the merrow should see you this folly resist. I'm also informed by your mother that Sunday you went to the spring and soused your half-witted brother and killed a few birds with your sling; and more I've been told of your tying an innocent frog to a stick, (tat, tut, there is no use of lying) and letting it float down the creek. Moreover you know what I told you the time we fished at the brook and how I was tempted to scold you for putting live frogs on your hook. And worse than all that, I'm observing tobacco stains down your chin, and your solid interests subserving. It's time for the fun to begin. So into the woodshed, my beauty, we'll go with the steadiest nerves; now watch your old dad do his duty, and try to get onto his curves.—Exchange.

Smoke the Mendoza cigar.
