We have no desire to reply in kind to the cowardly attack upon the employees of the PILOT made in this week's Republican. The article was prompted by malice upon the part of the writer and its evident intention is to work an injury to the manager of this paper, whom the editor of the Republican would stoop at nothing mean in order to be revenged for our having shown up some of his stealings in the past. We do not believe our readers are of the scandal loving kind and will not insult them by imitating the Chicago Sunday Sun as did Marshall this week. Any explanation necessary will be given to the proper persons, not to the public at large. The manager of this paper is innocent of the charges implied in Marshall's article. There would be as much justice in holding Marshall responsible for two like occurrences which happened in his office in the last four months, or hold his brother Ralph, who came nearly receiving the nomination for judge of the circuit court last year, responsible for a night's orgies which happened in his law office on the night of April 15th, or to hold Chas. E. Mills responsible for a like occurrence which is said to have occurred in his office one night, and which he had hard work to explain the next morning to his wife when they made their appearance at his office at an early hour and found evidences of the night's work, which caused a scene at the time, and which resulted in a removal of his office from the one occupied by Marshall's brother to other quarters. We could give particulars of these incidents, but will not do so unless so forced by the parties interested.

I HAD HEAVY ACHING PAINS IN MY BACK.

Thorntown, Ind., Sept. 15th.
Dr. Man-O-Wa, Frankfort, Ind.:
Dear Sir:—I am happy to say that my health has rapidly improved under your Indian Herb treatment. When I began your treatment three weeks ago, I had heavy aching pains in my back; was required to rise many times during the night to avoid urine (which was done with difficulty.) My appetite and digestion was poor, my strength was failing, my hearing poor, but after three weeks treatment I find I am in a manner cured and feel as well as most men 20 years my junior. I am 80 years old.

Yours respectfully,
G. F. HAWKINS.

See the Doctor at the Makeever House, Wednesday, Aug. 23.

Gertie, the little daughter of J. J. and Julia F. Eaglesbach, died Monday morning of cholera infantum, at the age of 2 years, 3 months and 14 days. William H. Nichols, better known as "Yankee" Nichols, who was granted a divorce from his wife at the June term of court on the grounds of cruelty intends to venture into the "sea of matrimony" again. Monday he slipped into Clerk Coover's office and inquired the price of a marriage license. Upon being told the price he said to make it out and he would return for it in a few minutes. Upon receiving the license he cautiously buttoned it in his inside coat pocket and after bidding the clerk good bye and cautioning him to keep the matter quiet, left in search of his prospective bride. Before leaving he whispered into the ear of the clerk in gleeful tones that he was marrying a thousand dollars. As he claimed in his suit for divorce that his wife married him for his dime he is likely to be in the same position for marrying for the dollars. The name of his prospective bride is Maria Hoersted.

All persons that have purchased tickets for photos and wish me to make them for them, will please call before Aug. 20, as I will do no work after that date. Respectfully,
J. C. WILLIAMS.

EPILEPSY CAN BE CURED.

New Brunswick, Ind., Mch. 1, '92
Dr. Man-O-Wa, Frankfort, Ind.:
Dear Friend:—I have been a sufferer from that dreadful disease epilepsy for fifteen years. I was treated by eminent physicians at home and abroad. Used many domestic and specific cures with little or no benefit, but am now happy to say that after using your Indian Herb Specific for two weeks my attacks left me and I have had none for over a year. I would advise all who suffer as I did to call or write and consult with you.

Your Friend,
ELIAS GRAHAM.
