Some people are unable to understand why small boys are fined every time they indulge in an innocent game of "penay ante" and fair associations, run by big men like O. P. Taber, are allowed to license gambling and swindling games of all descriptions on their grounds. There is a law holding fair associations responsible under heavy penalties for permitting gambling and the next grand jury should take the matter in hand and punish those responsible, even if O. P. Taber is one of the guilty ones.

Smoke the Mendoza cigar.

A GREAT CHANCE!

Parker and McAfee, the Indianapolis murderers, are costing that city a neat sum of money. Already that town has paid out over \$1,000 on their account and is now paying their board in the northern prison. When they are hanged Indianapolis will pay Warden French \$50 for each neck stretched.—M. C. Dispatch.

Sandbaggers way-laid and robbed a couple of citizens at Remington Wednesday night. Inside the fair grounds the boss gambler pays \$500 for the privilege of sandbagging the rustic visitors on the game of chuc-a-luck.—Goodland Herald.

And the fair is controlled and run by O. P. Tabor, the president of the board of commissioners of Jasper county. "Legalizing robbery" for \$500! A nice example to set his constituents!

Macassey, convicted of riot and assaulting ex-priest Rudolph last summer, when the latter attempted to speak at Lafayette, has been appealed to the supreme court. We think we are safe in saying that no longer need any fear be felt that small pox will break out in Rensselaer. The persons who were exposed to the case which was in Rensselaer last week have shown no signs of illness and their vaccination has taken nicely. Advice from Muncie says that the Moles girl is getting along nicely and has almost recovered. The many foolish stories which have been circulating over the country the past week should not be credited, as there is no truth in them. The doctors unite in saying that no fear need be entertained in regard to the small pox breaking out in Rensselaer if no cases break out this week.

A number of Mr. and Mrs. Michael Zick's friends, of Walker township, gave them a surprise last Saturday, the occasion being Mr. Zick's 66th birthday. Their family were all present—two sons and three daughters—Mr. and Mrs. Wm. Warren, Mr. and Mrs. Bruce White, of Rensselaer, and Mr. and Mrs. M. W. Dumond, of Atwood, Kan., and a number of relatives from LaPorte county. A very enjoyable time was had by all present.

Some weeks ago Gov. Matthews issued a proclamation announcing August 22nd as Indiana day at the World's Fair. This was done owing to the fact that when the Indiana building was dedicated June 15th neither Gen. Harrison, Gen. Lew Wallace nor James Whitcomb Riley had been invited to participate. They were invited to appear August 22nd, but each pleaded other engagements and the state commission met and declared the celebration off.

The latest and greatest of all wonders, a troupe of performing monkeys, are now presented to the public for the first time by Cook & Whitby, with the assurance that the earth cannot produce their equal. They are a study for the naturalist, a theme of thought for the philosopher, a source of pleasure for the people, a wonder for the children, a subject of surprise for everybody—they do all that man can do. Take the children to see them, Friday, September 15th.

Don't expect an advertisement, says Printer's Ink, to bear fruit in one night. You can't eat enough in a week to last you a year, and you can't advertise on that plan either. People that advertise once in three months forget that most people can't remember anything longer than seven days. If you can arouse curiosity by an advertisement you have gained a great point. The fair sex do not hold all the curiosity in the world. Quitting advertising when times are dull is like tearing down a dam when the water is low.

Hemphill & Honan are selling out to quit business. Now is the time to get bargains for cash.
