The rain makers at Chenoa, are in trouble. Pauline Kreishaus, living three miles north of Gridley, may bring a damage suit, claiming that they caused a whirlwind and cyclone which tipped over out-houses, barns, hay ricks and sent the hay way off into the next county, killed all the pigeons in the barn, took the feathers off a coop of chickens, set the pigs all squealing and did lots of other damage to her farming interests in general.

We hope Prof. Dickerson will see to it that there is no more mud pies made this winter than the teachers who have them made can use themselves.

Goodland has become, here of late, the dumping ground for all the scourgings of h—, and every other bad place, so that it has necessitated the employment of a night watch. John Sheppard has been given the job until the vagabonds move on.

Mr. Ramsburg, ex-State Treasurer, of Kansas, and a free thought lecturer, will speak to the people of this vicinity about Oct. 1st. Mr. R. spoke to our people about one year ago and left a favorable impression is the reason for his return for his return.

A young thug by the name of Poland was arrested last week and fined \$3. This is the blood that was going to slug Marshall Agger with a rock the evening he arrested his brother for disorderly conduct. No doubt he would if not for the timely warning of Mr. Rockwood, who stood near.

We had long been under the impression that it was a reunion of the old soldiers held at Brook week before last. But we believe we were laboring under a delusion after seeing one of the badges printed for the occasion and worn by the W. R. C. ladies that bore this legend, "Fifth annual reunion of the S. of V., 1893, Brook, Ind." That badge bears upon its face a lie. Never has there been four previous reunions of the S. of V's. held in this county and we challenge anyone to the contrary. And any set of men that will change a reunion of the "old vets" to one of the S. of V. ain't got a drop of honest blood gurgling through their veins.

An accident that came near proving fatal to four men occurred in the south part of town Friday afternoon. Will Shaffer and Mr. Pasdaw were putting down a well for Mrs. James, just south of where the old mill formerly stood. They had dug the well to the rock, but got no water and had to drill. When they had gone only a few feet they noticed a peculiar odor arising from the hole in the rock. But as they drilled deeper the fumes of gas became stronger until some one, with a morbid curiosity, suggested that they try it and see if it would burn. No sooner said than done. An old oily rag was

lighted and thrown into the hole near where one of the parties sat holding the drill. You can better imagine the result when the rag ablaze struck the bottom of the hole. One long, loud blast as if a heavy clap of thunder or a blast of rock and then all was still. People flocked from far and near. Some trembling with fear for their friends. But after viewing the surroundings it was plain to one was killed, but four men were seriously burned. Mr. Shaffer was badly burned about the face and hands. Mr. Pasdaw was down in the well at the time holding the drill and was only burned on one hand. Another workman, an old gentleman, was also badly burned on the face. But perhaps the most seriously injured was John Sheland, who had just stepped to the edge of the well to look down as it exploded. His face and hands were burned until he was almost unrecognizable. It is believed that none of the unfortunate men are burned deep. Mr. Sheland was knocked a number of feet from the well and his hat blown over a house near by. At this writing (Tuesday noon) all are reported as doing well.

Owing to the dry weather the fires along the railroad have been very numerous and destructive this summer. Another fire Monday burned a large rick of hay for Wat Reynolds, and burned over an extensive tract of land.

SCHOOL BOY.

His Position Explained.
MR. EDITOR—I noted the peculiar argument of the Republican last week conceding a discretion to the Board of Commissioners to postpone the gravel road election called by the board. This construction would enable the wise editor to duplicate his large bill for advertising. This week he insists that if the voters should show a majority "yes" that the contract will have to be let instantly, if not sooner. This is because the author wants to scare some one with the calamity howl of "Hard Times." Both positions are wrong. The election having been called and the people notified, no postponement was in order. The bids for construction can be received at any regular session in the future, Sec. 3, after advertising in this county and Indianapolis. The board can fix a time at the June or September session, 1894. To what false assumptions supposed personal interests will lead even as wise a man as Bro. Marshall.

GILLAM.
EDITOR PEOPLE'S PILOT.—The election held in the Gifford drainage district shows the feelings of the people in that locality. Mr. Gifford had just enough friends for pall bearers, and brought with him the health officer of Medaryville to protect himself. The guilty needs no accusing.

Wonderful Success Obtained by Using Herb Remedies in Treating Chronic Disease.

MAN-O-WA.
WHO IS HE?

He Is the Great Indian Doctor
He is the benefactor of humanity. He is the well known Herb Doctor who has cured so many suffering people around Rensselaer during the past two years.

How can he cure people expected to die? How can he cure those terrible chronic diseases with which so many are afflicted? By using a new system of medicine—new to the white race, but well known and hundreds of years old to the Indians. His medicines over 2,000 in number, are not poisonous drugs but the natural sweetness of the earth. Sick people are doctored even by self styled specialists on poisonous mineral drugs. If healthy people tried to live on them they would certainly die. How then, can the sick expect to live on them? The best foods for man or beast are vegetable, therefore they ought to be and are the best medicines for the sick.

Dr. MAN-O-WA only uses vegetable medicines, composed of roots, barks, gums and herbs which prepared into a tea, will nourish the body and make the blood pure and healthy, by drawing all poison from the system and restoring health, strength and vitality. The doctor has cured many people from his many friends in Jasper county and in fact from all over the state.

U. C. Thus, ex-sheriff of Boone county, Ind., Our physicians could neither give us any encouragement nor the boy relief. Dr. Man-o-Wa made a thorough examination and prepared treatment for him, and through his constant and scientific treatment our baby boy has been saved to us.

Mrs. Jennie Ashley, Frankfort, Ind.: I was a great sufferer with dyspepsia, neuralgia, catarrh of throat and eyes, nervous debility, and after taking two months' treatment I was completely cured.

Mrs. E. H. Spry, Cyclone, Ind.: I had been a miserable sufferer for years. I had severe catarrh of throat, with complete loss of voice; could only speak in a whisper; was having chills and fever; was also a constant sufferer from diseases peculiar to my sex. After taking four months' treatment I was completely cured.

Mary Hopkins, Frankfort, Ind.: My life was miserable. I was only too anxious to die and get relief. I could only get cases when under the influence of laudanum. After five months' treatment I have been cured of opium habit and am enjoying life as I have not done before for years.

Joseph Culler, Harmony, Ind.: After beginning your treatment I improved wonderfully, as I had been told my case was incurable. After three months' treatment I find that I can do as much work as the average man of my age.

MAN-O-WA THE INDIAN HERB DOCTOR has successfully treated many others in this section who were afflicted with Catarrh, Stomach, Liver, Kidney and Bladder Disease, Heart Trouble, Epilepsy, Rheumatism, Syphilis, Spentorrhea, Night Emissions, Nervous Debility, Female Weakness, Bronchitis, Wasting and Chronic Diseases, which only a skillful specialist can cure. Are you discouraged? Have you thought you could not get well? The Doctor knows better than you whether you can or not. Call and see him. He can tell your disease at once. If he can do this he knows how to doctor you. If he can cure your suffering let him do so. His examinations are free. He will plainly tell you just what can be done for you.

MAN-O-WA will be at the Makeover House in Rensselaer on Wednesday, Sept. 20, 1893 one day only and return every four weeks.

Terms including medicine \$3 to \$8 per month.

READ.—SPEAR HEAD possesses more qualities of intrinsic value than any other plug tobacco produced. It is the sweetest, the toughest, the richest. SPEAR HEAD is absolutely, positively and distinctively different in flavor from any other plug tobacco. A trial will convince the most skeptical of this fact. It is the largest seller of any similar shape and style on earth, which proves that it has caught the popular taste and pleased the people. Try it, and participate in the contest for prizes. See that a **TIN TAGS** is on every 10 cent piece of SPEAR HEAD you buy. Send in the tags, no matter how small the quantity.

Very sincerely,
