The river, or rather the depression in the earth where it used to flow, is still dry, but there are a number of our citizens who are not in that condition for want of a little "sweet spirits" on the Sabbath day.

A very pleasant party was given at the home of Mrs. W. M. Warren, a few evenings ago, which was thoroughly enjoyed by a score of young people, and they hope to again enjoy a pleasant time at her home.

### Believes in Advertising.

Rev. H. C. Keeley, the evangelist, who has been holding a series of meetings at the Presbyterian church, was a pleasant caller at this office a few days ago. Rev. Keeley is a firm believer in advertising, and he handed us the following clipping from an Osceola, (Mo.) paper:

"We have heard a good story told on one of our merchants the other day. It is a fact that right here in Osceola are firms trying to do business on the old cross-road theory, that is without advertising. A gentleman remarked that they were spoiled when boys. The father of one of them owned a cow which would back up to the boy to be milked, no matter where he might sit down. Ever since they have been trying to do business on the same principle. It would not astonish us if they find out yet that all cows don't do that way."

### Patriotism.

Cardinal Gibbons, in speaking to the Catholic children at Freeport, Ill., said:

"You, boys, I want to become noble, patriotic citizens of the United States. We have no titles in this country and we do not want any. The highest aim we can have is to be an American citizen. The people of Rome said they were glad of their antiquity, their soldiers and their statesmen. We have no antiquity, of which to boast, but we are proud of our statesmen and of our soldiers, and of our citizens and every man who desires to live in this country should be a patriotic American citizen."

"Then my dear children, let me say here that you should have two great aims in life. You should show fidelity to your church and you should show love for your land by patriotic and unflinching devotion to the flag of your country."

### I AM NOW ENJOYING PERFECT HEALTH.

Cason, Ind., Feb. 2, 1892.

Dr. Man-O-Wa, Frankfort, Ind. DEAR SIR:—I have been a sufferer for twelve years from nervous debility, dyspepsia and troubles resulting from child birth. I was a miserable invalid and was unable to be up at all times. I am happy to say that after taking a thorough course of treatment from Dr. Man-O-Wa I am now enjoying perfect health for the first time in 12 years.

Yours truly,

ELIZA STOOBS.

Dr. Man-O-Wa will be at the Makeever House in Rensselaer on Wednesday, Oct. 18th.

We made mention last week of the organization of a dramatic company, of which the following young gentlemen and ladies take part. Messrs. Wm. Lloyd, Frank Maloy, Fred Phillips and Misses Genevieve Huffman, Martha Robinson, Eliza Tuteur and Hattie Rhodes. The play, "Our Boys," is a comedy of high order, which is under the personal direction of Mr. Lloyd, who was at one time connected with the Booth-Barrett combination. Everybody knows the other gentlemen and ladies and that is a sufficient guarantee that the play will be a success.

Dr. M. E. Blair, of Ohio, was in Rensselaer last week extracting teeth without pain. Several hundred teeth were extracted and those who had their teeth out say they experienced no pain whatever. Dr. Horton has equipments and will continue to extract teeth absolutely without pain or harm. No charge when not satisfactory. Will visit Dunnsville, Tuesday, October 10.

Wouldn't it be a good thing to have an American flag floating from the pole on the north school building. There is nothing that inspires and teaches patriotism as the sight of the grand old stars and stripes. The flag should be flying from the school house during school hours, at least.

County Recorder Hunt made record this week of some original patents to lands from the United States to the following persons: Mary Noland, July 1, 1852; Wm. M. Noland, Jan. 10, 1850; James Williams, May 10, 1840; William J. Larn, April 1, 1848; Mary Noland, Dec. 31, 1850.

Mrs. Lecklider has secured the services of Miss Avey, of Ft. Wayne, who is fully competent in the art of trimming ladies hats. Mrs. Lecklider is to be congratulated upon securing the services of this lady.

The Florida exhibit which is en-route to the World's Fair, is to stop here next Saturday, and those desiring to see it can have a chance for a dime.

### SIMPLY "IN IT."

A Handsome Compliment to Iroquois Lodge I. O. O. F.

We are in receipt of the following letter, which certainly is complimentary of our home Odd Fellows. We may be behind in some things, but they are few. Below is the letter:

Chicago, Sept. 29, 1893.  
TO THE EDITOR—Permit me to say through the columns of your valuable paper to the brothers of Iroquois Lodge No. 143, I. O. O. F., of your city, that their splendid appearance in the parade September 25th, in this city, was commented upon favorably by many who viewed the parade. The excellent showing the brothers from Rensselaer made is not only a credit to the lodge and order they represented, but also to the city and state they call their own. I was in a position where I could observe the entire parade, and can truthfully say that the Rensselaer lodge compared most favorably with other lodges, and especially those from Indiana.

J. M. SAUSER,  
260 Clark Street, Chicago.

We wish to call attention to the "ad" of Messrs. Ellis & Murray, which appears in this issue. They have a long story to tell the readers of this paper, so if you want to get the full benefit of it, don't fail to read this attractive advertising, which will appear in chapters. Commence reading it this week.

### The Waukarusha Ditch.

This case has for some time been hanging fire in the hands of the commissioners, owing to the many complications which have arisen. On Monday the final report of the viewers and engineers was taken into consideration, and all those who had heretofore filed exceptions to the reports of viewers as amended, filed demurrer to above. The board then took the case under advisement until Tuesday morning. At the calling of the case on Tuesday the board sustained a part of the petitioners' demurrer. Exceptions were then filed by Elizabeth A. Givens, Evelyn J. J. Porter, Sarah E. Watson, Mary C. Wood, Wm. M. Hoover and Sarah A. Rees, together with sufficient bonds to cover costs, which was duly approved by the auditor. Henry Welsh, Frank Welsh, James D. Babcock, and Wm. M. Hoover then filed separate bills, but the same is held under advisement until the next meeting of the boards, which occurs November 13, 1893.

The time is approaching for balls, receptions, parties, marriages, etc., and programs and invitations will be needed to complete them. Now, we have an elegant line of samples which are placed at a remarkably low price. So if you are contemplating any of the above, call at this office and we can accommodate you.

### Obituary.

On September 29th at her home in Rensselaer Mrs. Ritchey was suddenly called to her reward. Her illness was brief and her death a surprise to the public.

Mrs. Catharine Van Nuys Ritchey was born in Shelby county, Ky., Jan. 23, 1827. At the age of nine years she removed with her parents to Franklin, Ind. She was married twice; in 1846 to Jesse Williams, afterwards to Dr. James Ritchey. The first marriage leaves one surviving daughter, Mrs. Geo. Besse; the second, five living children who mourn the loss of a faithful, christian mother.

The funeral service was held in the Presbyterian church Sunday morning, October 1st. A large throng of sympathizing friends attended to mourn the loss of a long known and highly respected neighbor.

### Wonderful Success Obtained by Using Herb Remedies in

Treating Chronic Disease.

MAN-O-WA.

WHO IS HE?

### He Is the Great Indian Doctor

He is the benefactor of humanity. He is the well known Herb Doctor who has cured so many suffering people around Rensselaer during the past two years.

How can he cure those terrible chronic diseases with which so many are afflicted? By using a new system of medicine—new to the white race, but well known and hundreds of years old to the Indians. His medicines, over 2,000 in number, are not poisonous drugs but the natural sweetness of the earth. Sick people are doctored even by self styled specialists on poisonous mineral drugs. If healthy people tried to live on them they would certainly die. How then, can the sick expect to live on them? The best foods for man or beast are vegetable, therefore they ought to be and are the best medicines for the sick.

Dr. MAN-O-WA only uses vegetable medicines, composed of roots, barks, gums and herbs which prepared into a tea, will nourish the body and make the blood pure and healthy, by drawing all poison from the system and restoring health, strength and vitality. The doctor has strong endorsements from his countrymen in Jasper county and in fact from all over the state.

U. C. Titus, ex-sheriff of Boone county, Ind.: Our physicians could neither give us any encouragement nor the boy who told us Man-o-Wa made a thorough examination and prepared treatment for him, and through his constant scientific treatment our baby boy has been saved to us.

Mrs. Jennie Ashley, Frankfort, Ind.: I was a great sufferer with dyspepsia, neuralgia, catarrh of throat and eyes, nervous debility, but the natural sweetness of the earth. Sick people are doctored even by self styled specialists on poisonous mineral drugs. If healthy people tried to live on them they would certainly die. How then, can the sick expect to live on them? The best foods for man or beast are vegetable, therefore they ought to be and are the best medicines for the sick.

Mrs. E. H. Spivey, Cyclone, Ind.: I had been a miserable sufferer for years. I had severe catarrh of throat, with complete loss of voice; could only speak in a whisper; was having chills and fever; was also a constant sufferer from diseases peculiar to my sex. After taking four months' treatment I was completely cured.

Mary Hopkins, Frankfort, Ind.: My life was miserable. I was only too anxious to die and get relief. The doctor only got me when under the influence of laudanum. After five months' treatment I have been cured of opium habit and am enjoying life as I have not done before for years.

Joseph Ouller, Harmony, Ind.: After beginning your treatment I improved wonderfully, as I had been told my case was incurable. After three months' treatment I find that I can do as much work as the average man of my age.

MAN-O-WA THE INDIAN HERB DOCTOR has successfully treated many others in this section who were afflicted with Catarrh, Stomach, Liver, Kidney and Bladder Disease, Catarrh of throat and eyes, nervous debility, Heart Trouble, Epilepsy, Rheumatism, Syphilis, Spasmodic, Night Emissions, Nervous Debility, Female Weakness, Brachitis, Wasting and Chronic Diseases, which only a skillful specialist can cure. Are you discouraged? Have you thought you could not get well? The doctor was never nearer than you whether you can or not. Call and see him. He can tell your disease at once. If he can do this he knows how to doctor you. If he can cure or relieve your suffering let him do so. His examinations are free. He will plainly tell you just what can be done for you.

MAN-O-WA will be at the Makeever House in Rensselaer on Wednesday, Oct. 13, 1893 one day only and return every four weeks.

Terms including medicine \$3 to \$5 per month.
