Mr. O'Connor, the Republican correspondent, is terribly out of humor at a certain party for leaving a traction engine in the public highway for a few hours, and he talks of commencing suit against them.

Last Saturday evening a couple of thieves entered the store owned by Meyers Bros. and visited the money drawer, taking all the contents but a few small pieces, which amounted to about fifty cents. Meyers Bros. declare the thieves are inhabitants of our town. The robbery took place while they were in an adjoining room after butter for a certain party and when on returning the money was gone and the thieves out of town and nothing has since been heard of their whereabouts. The constable is still in pursuit of them, and it is earnestly hoped by the citizens of this place that they will be caught, and suffer the penalties that are due to all such people.

Gets His Stamps Free.

Again we repeat that what a boy can't think of and put into execution, there is no use for any one else to try. This is the case of young Will Lawrence of this place. He surely must have been wanting some extra postage stamps when he placed the following "ad" in the Chicago Inter-Ocean:

WANTED—Suite of rooms on second floor, suitable for man, wife and two small children, for the third week in October.

To say that replies to the above came in thick and fast is placing it mildly. For a time it seemed to Willie that the entire city of Chicago was at his disposal, and the best part of the whole affair was that almost every letter he received contained a two cent postage stamp. Willie is now going around with a pocket full of stamps.

Fire at Francesville.

As we go to press we learn that quite a conflagration visited Francesville last Monday night. Considerable damage was done, but it is thought that the loss was fully covered by insurance. The dry goods and grocery store of Mallon Bros., also a drug store next to them, together with the Francesville bank, was consumed. The greater portion of the dry goods stock of Mallon Bros. was saved. We were unable to learn as to the cause of the fire.

Prof. Hicks weather prediction for October is as follows: The month begins with cool days and frosty nights. A change will occur between the 3rd and 6th, with bluster and fall rain. About the 9th and 10th it will begin to grow warmer, and severe storms will occur on bodies of water, with probably snow in the north and west. A storm period from the 15th to 18th will inaugurate wintry storms, followed by much freezing to the north. Secondary disturbances about the 22nd and 23rd will be followed by clear cold days and frosty nights, up to a storm period beginning with the 26th and lasting until the close of the month. Considerable winter will be experienced about the last of the month.

We have on exhibition at this office an ear of corn brought in by George Pumphrey, who lives near Mt. Ayr. The unusual feature about this ear of corn is its remarkable growth, etc. The corn was planted on the fifth day of last June, passed through the drought of the past summer, and comes out a fully developed ear of corn. The ear we have here measures 11 inches in length, 8 1/2 inches in circumference, and has twenty rows of grains to the cob, of as fine a corn as one would want to see. It is of the Riley's Favorite Yellow variety. Who can beat it?

The health officers should look after the alleys and out houses over the town. The delicate perfumes of some of these have already been wafted to our sensitive nostrils, and as near as we can tell, there must have been not less than thirty-seven distinct and separate smells that greeted us. Such as this invites disease and a general cleaning up should be made. Many streets and alleys are filled with weeds of the rankest growth, which, from the continued drought of the past summer, are commencing to decay and should be looked after at once. Clean up.

One of the worst crimes that could possibly be committed by human hands, was perpetrated one high last week in the Sherville cemetery in Lake county. Some low lived vandal entered the cemetery, and with a sledge hammer or ax, he proceeded to demolish the handsome marble monuments and grave stones that adorn the cemetery. To cap the climax they then visited a church near by and stole everything of any value, after which they took all the books, banners, etc., and burned them. No clue as to who did the deed.

The "Farmer's Daughter" company, which was to have played here last Tuesday evening, stranded at some Michigan town last week. The agent was here three or four days unable to get out of town for lack of funds. He was finally relieved by the proprietor of the company and went his way rejoicing. This has been a remarkably hard year on theatrical enterprises and many a one has gone to the wall.

Ignorance of the merits of De Witt's Little Early Risers is a misfortune. These little pills regulate the liver, cure headache, dyspepsia, bad breath, constipation and biliousness.

I AM NOW ENJOYING PERFECT HEALTH.

Cason, Ind., Feb. 2, 1892.
Dr. Man-O-Wa, Frankfort, Ind. DEAR SIR:—I have been a sufferer for twelve years from nervous debility, dyspepsia and troubles resulting from child birth. I was a miserable invalid and was unable to be up at all times. I am happy to say that after taking a thorough course of treatment from Dr. Man-O-Wa I am now enjoying perfect health for the first time in 12 years.

Yours truly,

ELIZA STOOPS.

Dr. Man-O-Wa will be at the Makeever House in Rensselaer on Wednesday, Oct. 18th.

Grand Millinery Opening.

The ladies of Rensselaer and vicinity are reminded of Miss Mary Meyer's grand millinery opening on next Thursday, Friday and Saturday, Oct. 19, 20 and 21. The latest novelties in millinery goods will be shown, and her prices have never been lower for the quality of goods. Remember the date.

All that honesty, experience and skill can do to produce a perfect pill, has been employed in making De Witt's Little Early Risers. The result is a specific for sick headache, biliousness and constipation.

A. F. LONG & Co.

You can obtain the best photos at Porter's Studio, at Williams' old stand. We employ only the very best workmen. A word to the wise is sufficient.

Marriage Licenses.

The following persons have been granted marriage licenses since our last report:

Julius Brown and Susan C. Irwin.

Quite a number of articles have been going the rounds of the country newspapers for some time, regarding delinquent subscribers, does advertising pay, etc., but the latest one is a stunner, which we quote from a Missouri paper as follows: "According to an old story, a preacher told a little girl, in answer to a query, that everything is in heaven as it is upon earth except that there were no newspapers there because they couldn't get enough printers through the pearly gates to set the type. But the preacher's theory has now been exploded. A newspaper foreman has been heard from through a spiritualistic medium, and he says heaven is full of printers, reporters and editors, but it is impossible to run a paper there, as elsewhere, without a devil. Thus another slander upon 'the art preservative' is refuted."

Rev. H. C. Keeley, the evangelist, who has been holding a series of meetings at the Presbyterian church, closed them on Thursday evening of last week. He had intended closing on Wednesday evening, but he was requested to hold over until Thursday night, which he did. This series of meetings awakened quite an interest among the members of the church as well as in the outside world. Notwithstanding the little disturbance which occurred during the meeting, all were well pleased with his sermons. He left Friday for a visit to the World's Fair.

At Winamac Michael Lynch has sued the Monon railway for \$30,000 damages for injuries received last January. Lynch was unloading hay at the time, about sixty feet from the railroad, when the boiler of a locomotive passing by exploded, crippling him for life. The bursting of the locomotive occurred at Medaryville and two men, one of whom was the engineer, received fatal injuries.

Patrick O'Meara, of Effingham, Kansas, was the guest of relatives here Monday and Tuesday of this week. He left Wednesday morning to see the World's Fair. He is a brother of Sylvester O'Meara of this place. The former was here about two years ago on a visit to his brother, it having been the first time they had met for over twenty-five years.

Mrs. Lecklider has just returned from Chicago, and no doubt has the largest and best line of fall and winter millinery goods were shown in this market and her prices are remarkably low. You should see her before buying elsewhere.

Several decedents of Ham were in town the first of the week, and their being strangers to this community, attracted considerable attention.

To Our Readers.

We have decided to increase our subscription list and in a way that will benefit the subscribers of this paper, and the plan we have to submit is one that will be fully appreciated by all who will take advantage of our

Our Magnificent Offers.

To those who are already subscribers to the PEOPLE'S PILOT, and are in arrears on subscription, that will pay their delinquency together with one year's subscription in advance, or to any new subscriber who will send us \$1.00, we will give them FREE, a year's subscription to either of the following papers:

The American Farmer,

A strictly first-class, 16-page farm paper, well up in the teachings of practical agriculture. Its editors are among the ablest writers that we have on farming topics, and a mint of useful information can be gained from its columns.

Womankind,

A paper for the home and fireside, and especially of interest to the ladies and children. It is handsomely illustrated by artists of note, and its writers among the best. The subscription price of either of the above papers is Fifty Cents per year, but by special arrangements with the publishers of these papers, we are enabled to furnish to our subscribers

Two Papers for the Price of One.

This great offer will only be held open until November 15, 1893, so if you want to secure your winter's reading, this is your chance. Take advantage of it at once.

The People's Pilot

Will still continue to be as bright and newsy as in the past, and we will endeavor to keep it at its usual high standard as a county paper. We will also endeavor to explain and make plain to the intelligent voter all questions of public interest in a fair and honest manner. We will be second to none in securing

All The Latest News,

Which will be dished up in a fresh and crisp manner. Readers of the past know the usual style of this paper and its untiring efforts to remain at the head of the procession.

ATTENTION, FARMERS.

If you have a horse that has poor appetite, is languid, hair rough and run down generally use Morris' English Stable Powders and he will speedily recover. For the removal of worms it has no equal. Will make your horse Slick, Fat and Glossy. Contains no antimony or other injurious drugs. Pound packages 25 cents. Sold by F. B. Meyer.

We hear of some very unmanly conduct of several of our would-be young men, who were recently invited to a party given by one of the young ladies of this place. The young men were invited to attend and went to the residence, but instead of going in, as they should have done, proceeded to climb the trees near by like young apes, and pelt the windows with corn, shot and tick-tacks, and made the evening hideous by their supposed smartness.

Adam Shriver and daughter, Miss Rose, of Harper, Kansas, was here last week visiting relatives. Mr. S. is a prosperous real estate dealer in that enterprising western town, and by the way was one of the thousands who were in the great rush at the opening of the Cherokee strip, and was successful in securing a good lot near the public square of one of the towns in that section.

The Louisiana lottery still continues to exist and to send out its advertising matter through the express companies over the country. Express Agent Maloy, of this place, received a large consignment of circulars the first of this week, which were addressed to many of our citizens. This corporation seems to be on its last legs.

This year has been marked with innumerable disasters. The loss of human life has been appalling on all sides. Some of the most horrible railroad and ocean catastrophes have occurred ever known in the annals of time. It seems to have been universal the world over.

We could not improve the quality if paid double the price. De Witt's Witch Hazel Salve is the best salve that experience can produce, or that money can buy.

Wonderful Success Obtained by Using Herb Remedies in Treating Chronic Disease.

MAN-O-WA.

WHO IS HE?

He is the Great Indian Doctor

He is the benefactor of humanity. He is the well known Herb Doctor who has cured so many suffering people around Rensselaer during the past two years.

How can he cure people expected to die? How can he cure those terrible chronic diseases with which so many are afflicted? By using a new system of medicine—new to the white race, but well known and hundreds of years old to the Indians. His medicines, over 2000 in number, are not poisonous drugs, but the natural sweetness of the earth. Sick people are doctored even by self styled specialists on poisonous mineral drugs. If healthy people tried to live on them they would certainly die. How then, can the sick expect to live on them? The best foods for man or beast are vegetable, therefore they ought to be and are the best medicines for the sick.

Dr. MAN-O-WA only uses vegetable medicines, composed of roots, barks, gums and herbs which prepared into a tea, will nourish the body and make the blood pure and healthy, by drawing all poison from the system and restoring health, strength and vitality. The doctor has strong inducements from his many friends who are also a constant supply of patients from his own county and in fact from all over the state.

U. C. Titus, ex-sheriff of Boone county, Ind., our physicians could neither give us any encouragement nor the boy relief. Dr. Man-o-Wa made a thorough examination and prepared treatment for him, and through his constant and scientific treatment our baby boy has been saved to us.

Mrs. Jennie Ashley, Frankfort, Ind.: I was a great sufferer with dyspepsia, neuralgia, catarrh of throat and eyes, nervous debility, and after taking two months' treatment I was completely cured.

Mrs. E. H. Spivey, Cyclopedia, Ind.: I had been a miserable sufferer for years. I had severe catarrh of throat, with complete loss of voice; could only speak in a whisper; was having chills and fevers; was also a constant sufferer from diseases peculiar to my sex. After taking four months' treatment I was completely cured.

Mary Hopkins, Frankfort, Ind.: My life was miserable. I was only too anxious to die and get relief. I could only get ease when under the influence of laudanum. After five months' treatment I have been cured of opium habit and am enjoying life as I have not done before for years.

Joseph Culler, Harmony, Ind.: After beginning your treatment I improved wonderfully, as I had been told my case was incurable. After three months' treatment I find that I can do as much work as the average man of my age.

MAN-O-WA, THE INDIAN HERB DOCTOR has successfully treated many others in this section who were afflicted with Catarrh of Stomach, Liver, Kidney and Bladder Disease, Heart Trouble, Epilepsy, Rheumatism, Syphilis, Spontaneous Night Emissions, Nervous Debility, Female Weakness, Bronchitis, Wasting and Chronic Diseases, which only a skillful specialist can cure. Are you discouraged? Have you thought you could not get well? The Doctor knows better than you whether you can or not. Call and see him. He can tell your disease at once. If he can do this, he can cure only one disease. If he can cure or relieve your suffering let him do so. His examinations are free. He will plainly tell you just what can be done for you.

MAN-O-WA will be at the Makeever House in Rensselaer on Wednesday, Oct. 18, 1893 one day only and return every four weeks.

Terms including medicine \$3 to \$8 per month.

Address,

MAN-O-WA INDIAN MED. Co.,
