Marriage Licenses.

The following persons have been granted marriage licenses since our last report:

Clarence F. Wood and Ora M. Catt.

Isaac Wiltshire and Elizabeth M. Knouff.

From one of our exchanges we note some very peculiar methods adopted by the W. C. T. U. of Osceola, Neb., where members of that order wrote letters to five young ladies, signed the names of gentlemen to the communications and appointed a park as the meeting place. When a young lady arrived she was seized, bound and received a terrible beating from the hands of these women regulators. Eleven of the regulators have been arrested and are now on trial before the District Court. Every one of the women say they are proud of their recent exploit, and pose as the greatest reformers of morals of the age. It is unfortunate that the old Puritan system of using the stocks is not in vogue, for we know of no better punishment than this for women who so far forget their position in society as to become a part of that infamous gang the white cappers.

Lewis Bull, one of Barkley township's best young men, at last succumbed to that dreadful disease, consumption, Thursday of last week. For two years or more he had been ailing and at last answered the call of the almighty God. He was about 28 years of age, was a single man, made friends wherever he went and was liked by all who knew him. He was the son of "Uncle Billy" Bull, who is well known over the county. The deceased was a member of the I. O. O. F., of this place, which order conducted the funeral services at the Barkley grave yard on Friday afternoon.

Josiah Thornton, a son of Henry Thornton, living in the north part of town, who is attending school at Valparaiso, is an important witness in the Robinson robbery case, which occurred there several weeks ago. He was one of the first persons to hear the trouble in the normal building, and quickly gave pursuit to the robbers, together with several other students.

The ladies of the F. W. Baptist church have hit upon a novel scheme to raise money for that denomination. They are making a quilt, and will embroider the name of any person desiring it upon the quilt for a nominal sum, and when completed it will be sold to the highest bidder.

Ex-sheriff Snyder, of Benton county, has leased the creamery building at Fowler and will at once put in a steam laundry plant. It seems to us that a good laundry would pay here. It does so at other towns, not so large as Rensselaer, either.

Stray Horse Found.

The undersigned has taken up at his farm one mile north and one half mile west of Rensselaer, one dark bay mare, with white hind feet and white left fore foot. Owner can have same by calling, paying for feed bill and this notice.

A. C. ANDERSON.

Isaac Marlatt, the sixteen-year old son of Perry Marlatt, who resides about three miles north-east of town, about five weeks ago, met with the misfortune of being badly injured by a shot gun in the hands of a neighbor boy. They were out hunting and had set the gun down, when in some way it was knocked over, the gun going off and filled the left arm of young Marlatt with shot. The discharge took effect between the elbow and shoulder of the left arm. Over 100 shot have been removed from the wound and owing to the fact of the necessity of removal of quite a number more, a surgical operation was performed by the Drs. Loughridge, the first of the week, at which the remainder were removed.

We saw a young man ride into town the other day on a fat, sleek, shaved main, bob tail pony. The pony was walking leisurely along without a wet hair on it, though it had come from nine miles in the country. This is the only fat, sleek, shaved mane, bob tail pony we ever saw walk into this town dry haired with a young man on its back. Take a small horse, brand him, clip his mane, bob his tail, and call him a pony and every man's hand is against him, every man that drives or rides him seems to be thirsting for his life's blood. No dumb brute that we know of is half so badly treated as are these faithful, useful little ponies.

Wanted—Eight or ten men to represent our well known horse in this state. Our large and complete stock and various lines, such as nursery stock, plants, bulbs, fancy seed potatoes, fertilizers, etc., enable us to pay handsome salaries to even ordinary salesmen. Wages run from \$75 to \$125 per month and expenses—according to material in the man. Apply quick, stating age, L. L. May & Co., St. Paul, Minn. (This house is responsible.)

Hallowe'en came and the usual number of petty depredations occurred. The only thing we have to say is that some white livered cuss stole our front gate instead of getting some one else's. It saves us a great deal of extra trouble opening and closing it.

Ignorance of the merits of De Witt's Little Early Risers is a misfortune. These little pills regulate the liver, cure headache, dyspepsia, bad breath, constipation and biliousness.

Wonderful Success Obtained by

Using Herb Remedies in Treating Chronic Disease.

MAN-O-WA.

WHO IS HE?

He Is the Great Indian Doctor

He is the benefactor of humanity. He is the well known Herb Doctor who has cured so many suffering people around Rensselaer during the past two years. How can he cure those terrible chronic diseases with which so many are afflicted? By using a new system of medicine—new to the white race, but well known and hundreds of years old to the Indians. His medicines, over 2,000 in number, are not poisonous drugs but the natural sweetness of the earth. Sick people are doctored even by self styled specialists on poisonous mineral drugs. If healthy people tried to live on them they would certainly die. How then, can the sick expect to live on them? The best food for man or beast are vegetable, therefore they ought to be and are the best medicines for the sick.

Dr. MAN-O-WA only uses vegetable medicines, composed of roots, barks, gums and herbs which prepared into a tea, will nourish the body and make the blood pure and healthy, by drawing all poison from the system and restoring health, strength and vitality. The doctor has cured many patients from his many friends in Jasper county and in fact from all over the state.

C. C. Fink, ex-sheriff of Boone county, Ind.: "Our physicians could neither give us any encouragement nor the boy relief. Dr. Man-o-Wa made a thorough examination and required treatment for him, and through his constant and scientific treatment our baby boy has been saved to us."

Mrs. Jeanie Ashby, Frankfort, Ind.: "I was a great sufferer with dyspepsia, neuralgia, catarrh of throat and eyes, nervous debility, and after taking two months' treatment I was completely cured."

Mrs. E. H. Spivey, Cyclone, Ind.: "I had been a miserable sufferer for years. I had severe catarrh of throat, with complete loss of voice; could only speak in a whisper; was having chills and fever; was also a constant sufferer from diseases peculiar to my sex. After taking four months' treatment I was completely cured."

Mary Hopkins, Frankfort, Ind.: "My life was miserable. I was only able to die and get relief. I could only get ease when under the influence of laudanum. After five months' treatment I have been cured of opium habit and am enjoying life as I have not done before for years."

Joseph Culter, Harmony, Ind.: "After beginning your treatment I improved wonderfully, as I had been told my case was hopeless. After three months' treatment I find that I can do as much work as the average man of my age."

MAN-O-WA, THE INDIAN HERB DOCTOR has successfully treated many others in this section who were afflicted with Catarrh, Stomach, Liver, Kidney and Bladder Disease, Heart Trouble, Eczema, Rheumatism, Syphilis, Gonorrhea, Night Emissions, Nervous Debility, Female Weakness, Bronchitis, Wasting and Chronic Diseases, which only a skillful specialist can cure. Are you discouraged? Have you thought you could not get well? The Doctor knows better than you whether you can or not. Call and see him. He can tell your disease at once. If he can do this he knows how to doctor you. If he can cure or relieve your suffering let him do so. His examinations are free. He will plainly tell you just what can be done for you.

MAN-O-WA will be at the Make-over House in Rensselaer on Wednesday, Nov. 15, 1893 one day only and return every four weeks.

Terms including medicine \$3 to \$5 per month. Address, MAN-O-WA INDIAN HERB CO., 95 1/2 South Illinois St., Indianapolis.

He (indignantly)—I hope I know my own mind! She (sweetly)—Yes, you must learn to know as much as the Boston Transcript.
