

## The County News.

Correspondents should be careful as to the matter they send in their communications. If you have any little grudge against persons, do not send it to us. We want the news and not the neighborhood gossip. We have received several letters of complaint from our readers this week, who think their names have been used unjudiciously. We try to cull the interesting matter from all our correspondence, but sometimes we overlook an item, which no doubt was intended as a slur upon some individual. So please do not forget this and will save you trouble as well as ourselves.

### GOODLAND.

Oats 23@24c.  
Corn (old) 32@33c.  
Corn (new) 30@31c.  
Chickens 5@6c.

Miss Myrtle Stewart returned from South Dakota Saturday.

Wm. Bains was the man who drew the lucky prize in the raffle match for Tom Butler's bicycle.

Louie Lahue, a former saloon keeper of this place, has purchased a farm eight miles south of town and moved on the same about three weeks ago.

Julius Pothouse, a former citizen of this place, but for a number of years a resident of Benton county, died at his residence the 26th ult. and was buried last Friday. He was a father of Dr. Pothouse, of Remington.

The assassination of Mayor Harrison was received here last Sunday morning with sad regret. An Epworth League oyster supper was held at Foster's Hall Wednesday evening of last week.

Will Marshall Apper please carry an almanac in his pocket so as to better tell how and when to light our street lamps.

The most expensive thing we know of in Goodland is the present town board. That is, it looks as though they were getting the least for their money.

The young man spoken of last week as having a hand terribly mangled in a corn husking machine, has had to have the hand amputated.

Julian Knight, a former Goodland boy, is visiting relatives here this week. Julian is one of South Dakota's prosperous farmers.

Some newspapers seem to exist for the purpose of covering up public evils and person's cussedness in general.

Samuel Martindale, ex-county treasurer and sheriff, is now a full-fledged traveling salesman.

It seems mighty strange that the one mile of road between this place and the Benton county line can't be graveled before bad roads are here.

Miss Florence A. Lovett, daughter of Dr. J. A. Lovett, was married at the home of the bride's parents, Thursday night of last week, to Mr. Victor S. Garrigus, of Kokomo.

Miss Ethel Mitchell, only daughter of Mr. and Mrs. K. L. Mitchell, died at this place Thursday night of last week, aged nineteen years and ten months.

Mrs. R. T. Moody is visiting relatives in Wisconsin.

Miss Cox, of Attica, was the guest of Mrs. W. Moriarity for the past week. She returned home Monday evening.

The Midway gave another small entertainment one day last week, principally for their own benefit, though. It seems that an innocent goat of one of the near neighbors paraded itself along the streets of the village and made itself rather objectionable to some of the inhabitants thereof. After things became unbearable from Mr. Goat, one of the residents with malice and intention forethought murdered said goat and as soon as possible thereafter began devouring so much of said animal as would make a good meal and then pro-

ceeded to salt the other away for future use. Since this nothing of importance or worthy of note has occurred.

We have heard some little muttering about one or two of our teachers consuming a great deal of time in unnecessary reading three or four times a day. How true this is we are unable to say at this time, but will explain more fully next week.

Is it not about time those old school readers were thrown in the waste basket? Too many fables in them. Pay the same amount for home newspapers and you will have more education and less fiction.

### BEGINNER.

We have just received a copy of the new Webster's International Dictionary, and is the most complete edition of the kind we have ever seen. This is no "reprint" edition, but it has been entirely revised and there is a supplement in which are thousands of new words. To teachers, parents and others, who have in contemplation the purchase of a dictionary we would advise them to see what they are buying and that they get no other than the new International Dictionary, which is a whole library within itself.

Miss Edith Bushnell, of Monticello, is visiting friends here.

If you can afford to be annoyed by sick headache and constipation, don't use De Witt's Little Early Risers for these little pills will cure them.

Next Tuesday the state election of Ohio occurs and the people are anxiously awaiting the results.

## DEDICATED.

The New Chapel of St. Joseph's College at Collegeville.

For some the Catholic denominations of this vicinity have been looking to Sunday, Oct. 22nd, when the dedication of the new chapel at St. Joseph's college would occur and well may they be proud of the occasion, because it is one that will long be remembered by those who had the pleasure of witnessing the interesting ceremonies as conducted by Rev. Father Walters, of Lafayette. Immediately after the dedicatory service, solemn high mass was celebrated by Rev. Aug. Seifert, C. P. S. S., rector of the college, with Rev. Benedict Boebner, C. P. S. S., and Rev. John Mageleisen, C. P. S. S., as deacon and sub-deacon. It is useless to dwell upon the eloquence of Father Walters as a pulpit orator, for his sermon was one of the most impressive and appropriate that his hearers have ever listened to. In the afternoon, solemn vespers were chanted in the new chapel. The Columbian Literary society had previously arranged a most interesting program, it being the occasion of the first anniversary of that organization, which was as follows:

Mountain Moose Galop.  
St. Joseph's College Band.  
Inaugural Address, Pres. E. J. Mangovan.  
Society, especially arranged by Prof. C. Hammerschpach, St. Joseph's College Band.  
Paper, "Columbia," J. F. Cogan.  
Come Where the Lilies Bloom.  
Essay, "Government," T. M. Conroy.  
The Passion Waltz, Trio for piano, cornet and violin.  
Prof. C. Hammerschpach and Healy Bros.  
Recitation, "My Old Kentucky Home," Ed. Mugg.  
Solo, "My Old Kentucky Home," Fitzpatrick.  
Oration, "Columbia," James P. Fitzpatrick.  
Hall Columbia, St. Joseph's College Band.  
World's Exposition March, Trio for piano, cornet and violin.  
Prof. C. Hammerschpach and Healy Bros.

It was certainly a treat for the audience to listen to such an elaborate program. It was a grand success in every particular. The musical part of it was especially entertaining. The band, under the able direction of Prof. Hammerschpach, is making rapid strides towards perfection. They were ably assisted by the Healy brothers, whom all know are pleasing performers upon the instruments which they so skillfully handle. Prof. Hammerschpach is certainly a genius in the manipulation of the ivory keys of the piano. He has the touch and expression of a master, and all were highly entertained by his playing. To take it all in all, it was a day that will not soon be forgotten by those who assembled to pay tribute to the erection of so handsome a structure as St. Joseph's college.

### State Alliance Meeting.

The state meeting of the F. A. & I. U. was held at Indianapolis, last week, and a very interesting time was had by those assembled. Wilson Carey, state president, delivered his annual address, dwelling at length on the present situation, and presenting the way out of the difficulty. His reasoning was logical and fair to all, both rich and poor. The meeting had a better attendance than was expected. This being the year of the great fair, also a time that finance is hard to procure, led the members to expect a small attendance. The members report throughout the state, that the principles are still cherished and held in fond remembrance and more clearly and favorably understood by the people. Bros. Templeton, Stockwell and others offered many suggestions for the good of the order. State officers elected and installed for the ensuing year: Bro. D. A. Yeoman, of Rensselaer, president; Sister Mary E. Welsh, Rensselaer, vice president; Sister Alice Potts, Greenfield, secretary or treasurer; Bro. Thos. S. East, Anderson, Lecturer; Executive Committee, James Welsh, Rensselaer, chairman; N. W. Webster, Cicero, secy.; L. A. Stephens, Anderson, Treasurer.

All that honesty, experience and skill can do to produce a perfect pill, has been employed in making De Witt's Little Early Risers. The result is a specific for sick headache, biliousness and constipation.

A. F. LONG & Co.

At the state meeting of the Farmers' Alliance at Indianapolis, last week, Jasper county got there in good style. We notice the election of D. H. Yeoman as state president and Mrs. Mary Welsh as vice-president.

The oldest inhabitants are now remarking that they never saw such fine weather as we have been having. This may be Indian summer, so look out for we will have some squawly weather after a while.

The young folks at Monticello did not have as good a time as they expected on Halloween. They stoned a house occupied by a family named Stafford, one stone breaking a glass in a window, and hitting a child asleep in bed, and seriously injured it. The father seized a shot gun and poking it through a hole in the window, blazed away, the result of which was, that a young lady there is having a physician to extract the shot from her carcass. There is nothing like having a good time.

Mrs. A. Oppenheimer and daughter, who have been visiting relatives here, have returned to their home in New Orleans.
