Farmer's Institute.

The Jasper County Farmer's Institute will be held in Rensselaer, on Jan. 25 and 26, 1894, at some suitable room hereafter selected for that purpose. The State legislature made an allowance for forty dollars to this county for the purpose of defraying the expenses of Farmer's Institute. This is done in the interest of the farmers, the idea being that a place of this kind to meet and exchange views upon the different methods of plowing, planting and harvesting of the different kinds of crops, and the different kinds of stock handled on the farm and methods of feeding the same, with the results in each case obtained would be beyond a doubt, be beneficial to many farmers, and that information could be gained in this way without expense to the farmer, that otherwise he could not avail himself of, as very few farmers take farm journals. Instruction in the matter of how to get the best results out of our land and labor expended thereon is certainly to be desired by every farmer. The legislature very properly views the matter in the light, that agriculture is the great source from which the State of Indiana is enabled to take, and maintain her place as one of the great States of the union, financially and intellectually. Therefore, shall we as citizens of one of the best countries in the State neglect the opportunity to avail ourselves of the benefit derived through this great source of information secured to us by the legislature? Verily I say not, but let every farmer from this day shape his affairs so as to be at the county seat on these two days, to instruct and receive instruction on this question of best methods of farming and stock raising, upon which their property depends. A program has been made out of subjects and speakers experienced in the best methods of farming will be here from different parts of the State to lead in giving their views, followed by local speakers. We trust that all will feel it a privilege as well as a duty to attend and take part, whether your names are on the program or not. It is impossible to put you all on, but we want you to come and we believe you want to come. Do not let it be a failure.

Men's Soles.

One of our friends who is of a humorous turn of mind, hands us the following which reminds of many a fall we have received upon slippery sidewalks: "They tell me that there are times that tries men's soles. This I find is a fact for I have had a practical illustration of it on a slippery side walk. I have used my best effort to control my soles, and yet have failed; for in an unguarded moment, my right sole, the one that I have the most confidence in, would suddenly veer off more to the right, when the left one, being afraid it was going to be left, not knowing what the right one meant by such conduct, would suddenly dart off in a different direction, which would leave me without any visible support, and I have had to sit down so quickly that I dislocated a tooth and shortened my spinal column to some extent. I also had a very distinct view of the planets in the heavens, and was also observed of all observers. The idea slipped into my mind that there was no dependence to be placed in men's soles when the sidewalks were slippery."

FOUR BIG SUCCESSSES.

Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for Consumption, Coughs and Colds each bottle guaranteed—Electric Bitters, the great remedy for Liver, Stomach and Kidneys. Bucklen's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. J. W. Noland, who lives in Union township had a serious misfortune to fall upon him on Wednesday night of last week. His family had been away from home, and he was there by himself. About midnight he was awakened by almost being suffocated by smoke, which was arising from all parts of the house, which told him his home was in flames. He had scarcely time to get out of the building, leaving behind him everything in the way of household goods, clothing, etc. Mr. Noland was lying in bed at the time, and had under his pillow \$195 in greenbacks, which went to swell the fire. This is quite a loss on the gentleman, and we hope that his friends will heartily lend him their aid. It is thought that the fire was the work of an incendiary.

Last Thursday was the twenty-ninth wedding anniversary of Mr. and Mrs. T. F. Clark, of this place. They spent the day at the home of Chas. Robinson, and upon their return in the evening, they found their home filled with a number of their friends, who had come to remind them of the occasion. Mrs. Clark's surprise was unlimited, but when she looked into their sleeping apartment and saw a handsome bed-room suit, she completely surrendered. Guests to the number of forty were present and a number of beautiful presents were left for Mr. and Mrs. Clark. An elegant supper was served, and the evening was greatly enjoyed by all present.

Everett Halstead will deliver a series of free lectures in different parts of Jasper, Newton and Porter counties. Next Saturday evening he will speak in the Opera House at Valparaiso. Wonderful Success Obtained by Using Herb Remedies in Treating Chronic Disease.

MAN-O-WA.

WHO IS HE?

He Is the Great Indian Doctor

He is the benefactor of humanity. He is the well known Herb Doctor who has cured so many suffering people around Rensselaer during the past two years. How can he cure people expected to die? How can he cure those terrible Chronic diseases with which so many are afflicted? By using a new system of medicine—new to the white race, but well known and hundreds of years old to the Indians. His medicines, over 2,000 in number, are not poisonous drugs, but the natural sweetness of the earth. Sick people are doctored even by self styled specialists on poisonous mineral drugs. If healthy people tried to live on them they would certainly die. How then, can the sick expect to live on them? The best foods for man or beast are vegetable, therefore they ought to be and are the best medicines for the sick.

Dr. MAN-O-WA only uses vegetable medicines, composed of roots, barks, gums and herbs which prepared into a tea, will nourish the body and make the blood pure and healthy, by drawing all poison from the system and restoring health, strength and vitality. The doctor has strong endorsements from his many friends in Jasper county and in fact from all over the state.

C. C. Titus, ex-sheriff of Boone county, Ind.: Our physicians could neither give us any encouragement nor the boy relief. Dr. Man-o-Wa made a thorough examination and prepared treatment for him, and through his constant and scientific treatment our baby boy has been saved to us.

Mrs. Jennie Ashley, Frankfort, Ind.: I was a great sufferer with dyspepsia, neuralgia, catarrh of throat and eyes, nervous debility, and after taking two months' treatment I was completely cured.

Mrs. E. H. Spivey, Cyclone, Ind.: I had been a miserable sufferer for years. I had severe catarrh of throat, with complete loss of voice; could only speak in a whisper; was suffering from chills and fever; was also a constant sufferer from diseases peculiar to my sex. After taking four months' treatment I was completely cured.

Mary Hopkins, Frankfort, Ind.: My life was miserable. I was only too anxious to die and get away. I could only speak in a whisper under the influence of laudanum. After five months' treatment I have been cured of opium habit and am enjoying life as I have not done before for years.

Joseph Culler, Harmony, Ind.: After beginning your treatment I improved wonderfully. I had been told my case was hopeless. After three months' treatment I find that I can do as much work as the average man of my age.

MAN-O-WA, THE INDIAN HERB DOCTOR has successfully treated many others in this section who were afflicted with Catarrh, Stomach, Liver, Kidney and Bladder Diseases, Heart Trouble, Epilepsy, Rheumatism, Syphilis, Spentorrhea, Night Emissions, Nervous Debility, Female Weakness, Bronchitis, Wasting and Chronic Diseases, which only a skillful specialist can cure. Are you discouraged? Can you think you could not get well? The Doctor knows what is the matter whether you can or not. Call and see him. He can tell your disease at once. If he can do this he knows how to cure you. If he can cure or relieve you suffering let him do so. His examinations are free. He will plainly tell you just what can be done for you.

MAN-O-WA will be at the Makeover House in Rensselaer on Wednesday, Dec. 13, 1893 one day only and return every four weeks.

Terms including medicine \$3 to \$8 per month. Address, MAN-O-WA INDIAN MED. CO., 964 South Illinois st., Indianapolis.
