Uncle John Waymire and Jack Warner, of Rensselaer, spent one day last week hunting in the vicinity of Surrey. After hunting all day they finally captured one, scared little rabbit. But to go home with only one rabbit would show no marks of experienced hunters so they purchased twenty-five rabbits of our Surrey merchant, and went on their way rejoicing. Writing of the Boys' Brigade in McClure's Magazine for December, Prof. Henry Drummond says: "Many of the prime movers in this new cause are men who have been almost strangers to such work before. But they saw here something definite, practical, human; something that they could begin upon without committing themselves to positions which they had not quite thought out; something which could utilize the manlier elements in them, and give them a useful life-interest outside themselves."

A Mr. McBride, from Rochester, who has been visiting his sister, Mrs. Ezra Clark, met with a serious fall last Sunday evening that might have proved more fatal than it did. He had just stepped out from the house and was without his overshoes, when his feet slipped out from under him and he was violently thrown to the ground. He is improving but it is slowly on account of his being quite an aged man.

A funny story is told on a Kentland school boy. He was asked by a teacher to describe the manner of capturing lions in Africa. His answer was that that lions and sand were the principal productions of the Sahara desert. All that was necessary was to gather the sand and lions in large sieve and give the latter a few shakes and you would have left a few lions to be disposed of.

The following persons have been granted marriage licenses since our last report:

Fayette J. Wood to Emma Ream, James L. Page to Ida May Porter, Charles E. Waring to Harriet Wilson.

The O'Neil Sketch Club occupied the Opera House Monday and Tuesday evenings of this week. They were greeted with very small house on Monday evening and on the following night nobody came and they gave no performance at all. But for their credit it must be said that they gave a pretty good performance even if the box receipts were small. Mr. and Mrs. O'Neil are good elocutionists. Mrs. O'Neil, in particular, when she gave her imitation of "The Bells," and again in "Bumble's Courtship." Mr. O'Neil, in his humorous way, recited "Matrimonial Troubles," and "A One Legged Goose." Both were ex-

cellent and well rendered. They are nice people, gave a good show and we would like to see them with us again. Strange how few people will turn out to a really good show, and how many will come to some poorer class, for instance, Duncan Clark's Minstrels.

The girls of the the Presbyterian Sunday school will give an entertainment, to-night consisting of tableaux, dialogues, drills, etc. Admission 10 cents. Everybody invited.
