YOUNG AMERICA

The postoffice question has not, as yet, been settled. There are three candidates for the position, but as to whom the lucky one is, will be told later on. Of course, each of the three thinks his chances are the best. For a while considerable work was done by the candidates, but matters seem to have subsided somewhat. Well, we hope that to whoever the lucky plum falls, he will make a good postmaster, one that will be a credit to the office and that will please the patrons in general. Of course, everybody can't be suited.

A severe rheumatic pain in the shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for over six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, "And have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by F. B. Meyer, Druggist.

The farmers along the railroad between Rensselaer and Fair Oaks, no doubt will do considerable ditching and tile laying this year. On almost every farm you can see huge piles of tiling or else notice it scattered along some ditch ready for laying. This is the only thing that will ever do this country any good, and the work should be pushed to its fullest extent.

Governor Matthews has begun to wage war on Roby. A committee from that place visited him last week and had an interview with his highness, but were coolly informed that he would soon put a quietus on their sport in a short time. The committee were surprised at the cool reception they received and departed without gaining very much by their visit.

The following is taken from the Chicago Tribune, of recent date in regard to the Zimri Dwiggins affair: "The threat of the stockholders of the collapsed Columbia National Bank to prosecute Zimri Dwiggins will not be carried into effect. The committee appointed at the meeting of the stockholders three weeks ago has gone over the matter carefully and found nothing criminal in his management. Nothing more will be done by the committee until mid-summer, when it is believed Receiver Niblack will have the affairs of the bank in shape for a final dividend. Mr. Niblack stated that the assessment of 75 per cent. on the capital stock to pay depositors was being collected in better shape than he had hoped for."

The programs are announcing the details of the entertainment at the opera house, to-night, under the auspices of the W. R. C. In glancing through the various numbers of the program we notice that the best local talent has been secured. Major Hendershot and Son are the features of the evening, and you will undoubtedly miss the treat of the season, if you stay away and don't go. Admission 15 cents. Reserved seats 25 cents, on sale at Long's drug store.

A newspaper with evidence of substantial support in its pages speaks volumes for a town. The fact that every trade seeker has an advertisement in its columns proves that the people are up with the times and favorably impresses the stranger into whose hands it chances to fall.

Mrs. Wils Porter is visiting friends at Frankfort and Lafayette, this week.

We visited the town of Fair Oaks last Monday and found things moving slowly along in that quiet village. With two railroads, Fair Oaks ought to be quite a town and a good trading and shipping point.

The second session of the Jasper county farmer's institute occurs to-day. A very interesting program has been arranged and it is hoped that this meeting will be well attended and much benefit derived therefrom.

"Nevada, or the Lost Mine," was played at Hammond a few evenings ago, for the benefit of the poor. About \$75 was realized which will be devoted to charity.

Take notice of the change of meeting place of the People's Party convention. It will be held at the opera house instead of the court house.
