## Music Lessons.

Prof. Joseph Beck, of Middletown, Ohio, will be here after March 27, 1894, and teach pupils on the mandolin, banjo, guitar, violincello, autoharp, and other instruments. He will locate here and would be pleased to have those call and see him who would like to take lessons on any of these instruments. He guarantees satisfaction or money refunded. He has been engaged to teach the Rensselaer Symphony Club, recently organized. He also handles all kinds of musical instruments and does all kinds of repairing. Here is your chance to secure a complete course of instructions on these beautiful instruments.

Rob Burdette bids us remember that the good things in the world are always cheapest. Spring water costs less than whiskey; a box of cigars will buy two or three Bibles; a state election costs more than a revival of religion; you can sleep in church every Sabbath morning for nothing, but a nap in a pullman car costs you \$2 every time. The circus takes 60 cents, the theater \$1, but the missionary box is grateful for a penny; the horse race scoops in \$2,000 the first day, while the church bazar lasts weeks, works twenty-five or thirty of the best women in America nearly to death, and comes out \$40 in debt.

The entertainant given last Friday evening under the auspices of the W. R. C. was a grand success in every particular. Maj. R. H. Hendershot was the principal attraction and his work was admirably done to the pleasure of the audience. The receipts were about \$90.

It is rumored that the Democratic party in this county will purchase Uncle Jimmy's paper and put a younger force at the helm and guide or misguide that party in this county. They say he is too slow for them.

Mrs. James A. Kays, living four miles north-east of Rensselaer, in Barkley township, has some farming implements for sale. Anyone needing anything in this line can get a bargain by calling on her.

New spring suits and millinery goods will greet the eye before many days. Easter brings the beauties out.

Mrs. Ora Yeoman is still quite ill, her condition being but slightly improved.

Troy steam laundry, the best known. Miller & Catt, agents.

I stood on the bridge at midnight as drunk as a son-of-a-gun, two moons rose o'er the city, where there ought to have been but one. I could see their bright reflection in the water under me, and I experienced a feeling of wonder and great curiosity. If only one had been there, I would not have been in doubt, but what two moons were doing I could not well make out. The tide was slowly ebbing, I could hear the waters roll, as I stood in the wavering shadows to hide from the night patrol. How often, Oh! how often, in the days of auld lang syne, I have tried to cross at midnight, and got left every time. But to-night I was hot and restless, and my mind was full of care, and the walk that lay before me was more than I could bear. I had no latch key with me, and locked would be the door, and would have to sit in the doorway, as I oft have done before. I'd have to sit in the doorway in agony and fear, till a voice said from the window, "Did the lodge hold late my dear?" So to-night I stood their dreaming, and watched the restless tide, till a cop came with a wagon and invited me to ride.

Congress will adjourn for St. Patrick's Day, but they could not find time to observe Washington's birthday on Feb. 22. Such a thing as our government recognizing St. Patrick's day as a legal holiday has never been heard of before, and it makes us feel ashamed for that august body to even entertain the thought of such a thing when they so carelessly neglected the birthday of the father of our country. They will be celebrating Queen Victoria's birthday next. More likely, it will be Jeff Davis'.

A severe rheumatic pain in the shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for over six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, "and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by F. B. Meyer, Druggist.

Mrs. Lecklider will have a grand Easter opening of millinery goods, on Thursday, Friday and Saturday, March, 22, 23 and 24, 1894. The most complete line of spring goods will be shown, that has ever been brought to Rensselaer, and you should call and see them. Don't forget the date.

Virginia raises 5,000,000 bushels of peanuts and \$4,000,000 worth of fruits and vegetables. The iron product is 200,000 tons, and over \$2,000,000 of gold has been sent to the United States mint. This state has the largest lead mines in the south, and the greatest manganese mines in the world.

The following was taken from the Redkey Times, which fully explains the situation: "Monday morning an eight pound son, No. 2, was born to Leslie Clark, publisher of the Times, and wife. All parties concerned are doing finely."

Cal Porter and son, Charles, will open a grocery store in A. Leopold's business room next door to Hemphill & Honan's, about the first of April.

This fine spring weather we have been having is something remarkable for March. Hicks surely must have made a mistake. During the first fifteen days of this month, finer spring weather has never been heard of before. It is a great relief to the cold weather that we have been experiencing this winter, although it has not been as severe as several other winters.

We have just received one, and would advise you to send for one, too. They are sent free on request by the Keystone Watch Case Company, of Philadelphia, Pa., the largest watch case manufacturing concern in the world. They are the makers of the celebrated Jas. Boss cases, the only filled cases which are fitted with the world-famed non-pull-out bow (ring). The Company does not sell at retail, but its goods are sold by our local jewelers.
