

The lady whose portrait heads this article is Mrs. Mary F. Covell, of Scotland, Bon Homme Co., S. Dak. She writes to Dr. R. V. Pierce, Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., as follows: "I was sick two years with 'falling of the womb' and leucorrhea previous to taking your medicines. I took six bottles of Dr. Pierce's Favorite Prescription, and was entirely cured of both in six months; it is four years this month, since I was entirely well of both those diseases and have never had any signs of their appearance since and I am satisfied the 'Favorite Prescription' saved my life, for I could hardly walk around when I commenced taking that medicine and I think it is a God's blessing to me that I took it.

I was pronounced incurable by the best doctors here in the West. I gave up all hopes and made up my mind that I was to be taken away from my husband and baby of two years old. I was sick all of the time—could not eat anything at all. In one week, after beginning the use of the 'Favorite Prescription' my stomach was so much better that I could eat anything; I could see that I was gaining all over, and my husband and then went and got me six bottles; I took three of them and my stomach did not bother me any more.

We sent to you and got the People's Common Sense Medical Adviser, and found my case described just as I was; we did what the book told us, in every way; in one month's time I could see I was much better than I had been; we still kept on just as the book told us, and in three months I stopped taking medicine, and to-day, I can proudly say I am a well woman, yes, am well, strong and healthy.

When I began to take your medicine my face was poor and eyes looked dead. I could not enjoy myself anywhere, I was tired and sick all the time. I could hardly do my house-work, but now I do that and tend a big garden, help my husband and take in sewing."

The following will prove interesting to feeble women generally, and especially so to those about to become mothers. Mrs. Dora

A. Guthrie, of Oakley, Overton Co., Tenn., writes: "I never can thank you enough for what your treatment has done for me; I am stronger now than I have been for six years. When I began your treatment I was not able to do anything. I could not stand on my feet long enough to wash my dishes without suffering almost death; now I do all my house-work, washing, cooking, sewing and everything for my family of eight. Dr. Pierce's Favorite Prescription is the best medicine to take before confinement that can be found; or at least it proved so with me. I never suffered so little with any of my children as I did with my last and she is the healthiest I have. I recommend your medicines to all of my neighbors and especially 'Favorite Prescription' to all women who are suffering. Have induced several to try it, and it has proved good for them." Yours truly,

Dora A. Guthrie

Dr. Pierce's Favorite Prescription is a positive cure for the most complicated and obstinate leucorrhea, excessive flowing, painful menstruation, unnatural suppressions and irregularities, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness of the ovaries, accompanied with "internal heat."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness or nausea, due to pregnancy, weak stomach, indigestion, dyspepsia and kindred symptoms, its use will prove very beneficial.

Dr. Pierce's Book, "Woman and Her Diseases," (108 pages, illustrated), giving successful means of home treatment, can be had (sealed in plain envelope) by enclosing 10 cts., in one cent stamps, to pay postage, to the Doctor, at his address, as given at the beginning of this article.

When the lungs are affected it causes shooting pains, like needles passing through them; the same with the Liver or Bowels. This is caused by the ducts being stopped, and always disappears in a week after taking it. Read the label.

If the stomach is foul or bilious it will cause squeamish feelings at first. No change of diet ever necessary. Eat the best you can get, and enough of it. Dose, one tablespoonful in water at bedtime. Sold by all Druggists.

Georgia Loses One of Her United States Senators.

Death at Washington of Senator Alfred H. Colquitt After a Second Attack of Paralysis—Brief Sketch of His Career.

COLQUITT IS CALLED.

WASHINGTON, March 28.—Senator Colquitt, of Georgia, who was stricken with paralysis for the second time about a week ago, died at his residence here at 7:10 a. m. Monday. The senator's condition, which had been regarded as somewhat hopeful at midnight, changed for the worse soon afterward, and his colleague senator Gordon, was sent for and arrived about 3 a. m., bringing his daughter with him. Mrs. Colquitt and the children, three unmarried daughters and a married daughter, Mrs. Marshall, of Chicago, were around the bedside when the end came. There were also in attendance his nephew, Mr. Bunn, and his private secretary. Unconsciousness set in some hours before death and the senator died as apparently painless.

The remains will be taken to Macon, Ga., for interment and will be accompanied by committees of the two houses of congress and the family of the deceased and that of his colleague, Senator Gordon.

[Senator Alfred Holt Colquitt, of Atlanta, was born in Walton county, Ga., the son of the Rev. Walter T. Colquitt, April 20, 1824. He was graduated from Princeton college in the class of 1844 and admitted to the bar in 1846. During the Mexican war he served as a staff officer with the rank of major. He was a member of the Georgia legislature in 1850, and was elected to the house of representatives in the XXXIII congress. He was a member of the secession convention of the state of Georgia and later entered the confederate service as captain and was soon promoted to be colonel of the Sixth Georgia infantry. Later he served as brigadier general and was commissioned as major general. He was elected governor of Georgia in 1870, served four years and was reelected under the new constitution for two years. At the expiration of his term as governor he was elected to the United States senate for the term commencing March 4, 1883, and was reelected in 1888. His term of service would have expired March 3, 1894.

Senator Colquitt was stricken with paralysis in July, 1892, and since that time had been unable to walk without assistance. He had been able, however, to continue in a large degree his attendance on his senate duties. He had been wheeled in and out of the senate chamber in an invalid chair; had attended the meetings of committees of which he was a member, but had not made a speech or been able to take any active part in debate on the senate floor. He was even wheeled into the chamber several times to help keep a quorum during the nights when the senate sat in continuous session. His seat in the senate was the one on the democratic side nearest the vice president's chair, where he could easily secure recognition without rising. A few weeks ago his strength had so greatly increased that he was able to dismount from the invalid chair and walk into the senate on the arm of a doorkeeper.

He had announced to the state legislature that he would be a candidate for reelection for a third term. Senator Colquitt leaves a wife, one son, Walter T. Colquitt, and four daughters. Mrs. Marshall, wife of Capt. Marshall of the United States army, Misses Laura, Hatie and Dorothy Colquitt.

CUT DOWN BY CLEVELAND.

The President Saves the Carnegie Company Over \$200,000.

WASHINGTON, March 28.—President Cleveland's decision in the case of the navy department against Carnegie, Phipps & Co. has been made public. It is in effect a conviction of the workmen in the employ of that corporation of an attempt to defraud the United States government for the benefit of Carnegie, Phipps & Co. It was the workmen who stopped up blow holes with plugs, who "fixed" sample plates in order that the inspectors might be fooled into passing groups of plates which these specially treated samples were supposed to represent, who cheated the government officers and defrauded even Mr. Frick. Consequently the fine of \$400,000 against the companies is cut down by the hand of the executive to \$140,000.

TO LOOK AFTER JENKINS.

Subcommittee Will Begin Investigating the Judge's Action in Milwaukee.

WASHINGTON, March 28.—The investigation by the subcommittee of the house judiciary committee, into Judge Jenkins' anti-strike injunction against the Northern Pacific railway employees will be held in Milwaukee, beginning Monday next. The subcommittee, consisting of Messrs. Boatner, Terry, of Arkansas, and W. A. Stone, of Pennsylvania, will leave here for Milwaukee Saturday. The committee is considerably hampered by the fact that it has but \$500 at its disposal. It will, therefore, be unable to provide transportation for those witnesses who live at any great distance from Milwaukee. It is for this reason, principally, that the committee decided to go away from Washington to conduct the investigation.

Geary Likes the Treaty.

WASHINGTON, March 28.—Representative Geary, of California, framer of the Chinese registration act, causes some surprise by coming out in approval of the new Chinese treaty. He does not agree with those who have argued that it amounts to an abrogation of the Geary law, but looks upon it rather as a recognition of the registration principle, which is the feature of the law that bears his name. He regards the proposed treaty as an advance on the present one, in that it allows the total prohibition of Chinese immigration, while the present treaty provides only for its suspension.

Concerning Weather.

When the atmospheric forces and all that sort of thing Bring the cold and cutting winter season here, And the iridescent snowflakes of which the poets sing Chase themselves, in chilly frolic, through the air;

When the winds are penetrating, and the frost is on the ground And pedestrian locomotion's rather slow; When the cars are half an hour late whenever homeward bound Because the horses can't get through the snow;

Then the voice of man arises, and he tells a funny tale As to how he loves the gentle summer days, When the flowers nod and whisper in the lovely hawthorn dale, And he basks beneath the smiling sun's bright rays.

But when the whirligig of time brings "gentle summer" on, And he melts and melts beneath the scorching disk, The inconsistent mortal sings another kind of song As to how he loves the winter cold and brisk.
