CONGRESSIONAL

Regular Session.
In the senate on the 23d Senator Gorman defended the tariff bill in a speech. A motion to lay the measure on the table was defeated by a strict party vote of 38 to 38. The house continued its onslaught on the civil service commission by striking out of the legislative appropriation bill the paragraph transferring department clerks to the classified service. The bill was favorably reported providing a fine of \$500 and imprisonment as a penalty directed at any ex-soldier who postdates his voucher for pension before the 4th of the month.

SENATOR KYLE urged the passage of his resolution in the senate on the 23d declaring that it was not the purpose of the United States to use force to restore Lillioakalani as queen of the Hawaiian islands, but it went over for the day. The tariff bill was further considered. In the house the amendment to the legislative appropriation bill to strike out the provision for contingent expenses of the civil-service commission was voted down and the measure was passed. The bill to incorporate the supreme lodge of the Knights of Pythias was also passed, and a resolution was adopted setting aside Saturday, June 22, for eulogies on the late Representative Houck, of Ohio.

THE Hawaiian resolution was considered again for half an hour in the senate on the 25th but no action was taken. The tariff bill was further discussed. In the house the time was occupied in the discussion of an omnibus resolution from the committee on war claims, grouping together thirty-seven claims for cotton, etc., aggregating \$1,040,000.

In the senate on the 26th Senator Hill (N. Y.) again attacked the tariff bill and was bitter in denouncing the income tax. A bill was introduced providing that all persons who receive pensions less than \$12 per month shall have their pensions increased to that amount, and special provision is made that no widow's pension shall be less than \$12. In the house the bill to remit the 10 per cent. tax on clearing-house certificates and other notes issued by private and state banking associations was discussed.

HELD IN CHECK.

The Presence of Troops Subdues Riotous Illinois Miners.

Situation at La Salle, Minonk and Other Points Easier—An Outbreak at Wenona—Injunction Issued Against Interfering with Trains.

TROUBLE AT A NEW POINT.

WENONA, Ill., May 29.—An outbreak between the striking miners and the sheriff's forces has been imminent here. Two hundred miners placed obstructions on the track of the Illinois Central and declared that no coal trains would be permitted to pass. Twenty-five cars of coal were held up. Sheriff Lenz held a conference with the strikers to induce them to remove the obstructions, but without success, and swore in a large force of deputies. Later the sheriff with his deputies advanced upon the strikers and ordered them to disperse. Several volleys were fired in the air by the posse of deputies, at which demonstration the strikers fled and the track was cleared for the delayed trains.

During the afternoon Sheriff Lenz wired Gov. Altgeld, asking for troops. The usual reply was sent, to the effect that the sheriff could do more than he had accomplished, but if necessary troops would be sent. Late at night, after Col. Culver had left Minonk with the companies from Delavan and Peoria, a telegram was sent him by Adj. Gen. Orendorf explaining the situation at Wenona and telling him arms from Pittsburgh had been sent Sheriff Lenz. The dispatch also instructed Sheriff Culver to come to this place and if he thought troops necessary to act accordingly.

MINONK, Ill., May 29.—At 5 a. m. Monday Col. Duncan with four companies of the Illinois national guard arrived here to assist Sheriff Toole in clearing away railroad obstructions placed on the tracks by striking miners and to recover the Illinois Central train seized by the strikers Sunday night. The tracks were cleared and the train sent on its way without any sign of opposition from the strikers, most of whom are Poles and Hungarians, and who appear to be completely overawed by the presence of the state troops.

LA SALLE, Ill., May 29.—A large number of business men held a meeting Monday to consider the situation. They resolved that all guilty of recent outrages be vigorously prosecuted and pledged aid to the officers of the law in enforcement thereof. They also requested the governor not to withdraw the militia until peace was more assured. To be better prepared for an emergency, 100 Winchester and several thousand rounds of ammunition have been procured.

PANA, Ill., May 29.—On orders of Adj. Gen. Orendorf Companies I, of Jacksonville, and H, of Decatur, were ordered home Monday afternoon and left on the Illinois Central, via Decatur, at 7:45 p. m., and everything remains quiet, with the exception of a few crowds of drunken foreign miners, who continue to agitate. No agitating or assembling on the streets or public square is allowed. Guards are still on duty and will continue until the existing troubles are ended.

CENTRALIA, Ill., May 29.—The four companies of state troops that have been quartered here since the destruction of the Big Four mine by Duquoin strikers left the city Monday for their respective homes.

INDIANAPOLIS, Ind., May 29.—Judge Baker of the federal court has issued a temporary injunction restraining the riotous Illinois coal miners from interfering with the trains of the Chicago & Eastern Illinois railroad. The bill of complaint was filed under the interstate commerce law by Mr. Lyford, attorney of the Chicago & Eastern Illinois, and Judge Elliott, of this city. It charges that lawless crowds of men are side-tracking its trains and taking possession of them; that they are interfering with the transportation of freight and passengers; that this interference is an impediment to interstate commerce and inconvenience to the public, and has already resulted in great loss to the public and will result in still greater loss unless restrained. The writ was made returnable June 7 at 9 o'clock. A United States marshal with Solicitor General Lyford left Monday night for Pana, Ill., to serve the writ.

TERRE HAUTE, Ind., May 29.—Indiana troops will probably be called out today to protect the Chicago & Eastern Illinois and Evansville & Terre Haute coal trains. The miners are determined that no coal shall be shipped to Chicago, and the railroad companies are equally determined that the coal cars now side-tracked on the different lines shall be moved.

DENVER, Col., May 29.—The mine owners have decided not to arbitrate differences with Cripple Creek miners and trouble may begin any moment. The mine owners allege as a reason for refusing to arbitrate that the miners insisted on an agreement whereby no non-union men should be employed.

The strikers seem to have taken courage from the action of Gov. Waite, and believe that the militia would tend to aid them in carrying out their purposes. Be that as it may, the entire district is terrorized, the strikers, being encouraged by the temporary withdrawal of deputies, are becoming bolder and more imperative and intolerant.

From Viking Shores.

CHICAGO, May 29.—Down at the Lake street bridge is anchored a boat that came all the way from Norway. It is a sloop-rigged vessel of 316 tons burden and brought 3,500 barrels of herring from Bergen. This is the third time a vessel of the kind made this trip, and the Norwegians consider it a great event. The Cragg left Bergen April 21 and made the trip across the Atlantic in twenty-two days. The route was via the English channel. There are six canals from Montreal to Kingston. Being only 5 feet in depth, part of the cargo was unloaded and transported this distance in barges.

Protecting Cottolene.

The N. K. Fairbank Company of Chicago have lately brought suit in the United States Court against W. L. Henry, of this city, for \$3,000.00 for infringement of their trade mark "Cottolene." The N. K. Fairbank Company sets forth that they originated, prepared, and put upon the market a new food product consisting of refined Cotton Seed Oil and a small proportion of Beef Suet, making a pale yellow material of the consistency and substance of lard, almost without odor and intended to take the place of lard in cooking.

In order to indicate the source and genuineness of their new food product, they originated, coined, and used as a trade mark the word "Cottolene." The healthfulness and many other advantages of Cottolene over lard were so apparent that Cottolene became at once very popular and is now largely sold all over the country.

The new food product, and its name "Cottolene" have become widely known as the product of The N. K. Fairbank Company. The trade mark is described as a "trade mark for Oleaginous Food Substances, &c.," consisting of a head or neck of a steer or other bovine animal, with its horns and sprigs and branches of the Cotton plant.
