

FROM WASHINGTON.

An Interesting Batch of News From the Capitol.

From our Regular Correspondent.

WASHINGTON, June 15, '94.

President Havemeyer, of the sugar trust, is by long odds the most interesting and important witness who has yet testified before the senate investigating committee. While not volunteering any information, Mr. Havemeyer willingly answered all the questions asked, except as to the total amount contributed for political purposes by the sugar trust. There he drew the line and refused to answer questions asked him. He admitted that the sugar trust was organized to control the price of sugar and that its \$35,000,000 of profits during the last three years was proof of its success; that he came to Washington to control the legislation of congress on sugar, but had not got all he asked for in the sugar schedule of the tariff bill; that the sugar trust made liberal contributions to the political parties which controlled the states in which it does business, and that all other trusts brought protection by the same method; that he had conferences with Secretary Carlisle and Senators Brien, Smith, Gorman, Jones, Vest, Caffrey, Camden and Hill, while the sugar schedule was being considered, and that Hill was the only one he could not convince; that the present sugar schedule, if it became a law, would increase the price of sugar at least one cent a pound. The most surprising statement made by Mr. Havemeyer was that he had never seen President Cleveland.

No time has yet been set for taking a vote on the tariff bill, but Senator Harris, it is said, refused an offer of Senator Aldrich to make it June 25, because he thought it could be reached sooner. The general impression is that the bill will be passed sometime during the week beginning on that date, whether there is any agreement or not. The senators are as tired of the discussion as the public is.

Senator Hoar, of Massachusetts, never makes a speech that is not overflowing with apt quotations from prominent authors. In a short speech on as prosaic a subject as the tariff he managed to include quotations from Milton, Edmund Burke, Shakspeare, Macauley, Gibbons, Byron and the Bible. He is very proud of his ability in this line, which is not approached by any other senator.

Indications are becoming plentiful that the politicians believe silver will be one of the most important issues in the next national campaign. One of the latest is a bill introduced by Senator Squire, of Washington, with this title: "To provide for the regulated free coinage of silver bullion into standard dollars, and for the preservation of the parity of value of the various kinds of coined money of the United States." The bill makes it compulsory upon the mints to receive bullion in amounts over \$100 in value and to coin it, paying to the owner in standard silver dollars the commercial value of the bullion upon the day it is delivered, the difference, if any, to be retained by the government as a reserve fund to maintain the value of the silver coined. Coinage under this law is not to exceed \$4,000,000 a month, and is to cease when the total amount of lawful money in circulation reaches \$40 per capita. Mr. Squire calls his bill a compromise, but many people regard it as an attempt to revive the old Sherman law under another name and with a little more red tape.

The senate committee on the existing industrial depression might as well never have been

A GREAT SUFFERER
—FROM—
Liver Complaint
Cured by the Use of
AYER'S PILLS

"For several years, I was a great sufferer from liver complaint, which caused severe pains under the right side, from under the right shoulder-blade, sallowness of the skin, low-spiritedness, and cramp in the stomach. I am pleased to be able to state that I have been relieved of all these complaints by the use of Ayer's Pills. I find them, also, to be an elegant after-dinner pill."—Mrs. M. A. STREAD, Muncy, Pa.

AYER'S PILLS
Received Highest Awards
AT THE WORLD'S FAIR

created, so far as the accomplishment of anything beneficial is concerned. It has decided that the resolution under which the committee is acting gave it no power to send for persons and papers and that it could only ask and receive such communications or testimony as might be voluntarily presented. At present the committee only asks for statements in writing, but it promises to set a time for personal hearings. But inasmuch as those who appear before the committee will have to do at their own expense, and that no official stenographer has been provided to record what may be said it is not probable that there will be many applicants for personal hearings. Senator Kyle, chairman of the committee on education and labor, procured Coxey and Browne a hearing before that committee, they having declined to appear before the special committee because of the absence of a stenographer. Coxey still says that he intends to keep the army of the commonweal here until Congress acts upon his bills, no matter how long that may be. He will make a lecture tour, in company with Carl Browne, in order to raise money to support the men and to enlist recruits.

Although it is only fifteen days to the close of the fiscal year not a single one of the regular appropriation bills has become a law and there is no prospect that any of them will before that time. A joint resolution extending the old appropriations will have to be adopted by the house and senate. Otherwise the wheels of the government would cease to revolve July 1.

BROOK.
BY OBSERVER.
Rain and pleasant weather. Corn and oats look fine. Since the rain the farmers all have round plump faces. Mr. Ross, of Lafayette, was shaking hands with friends in Brook, last week.

Quite a number of young folks from here were out picknicking last Sunday. Did it rain?

John Esson is filling in his yard and improving the looks of his property.

The masons resumed work on the U. B. church this week. They have been delayed sometime on account of not having brick.

Brook entertained her sports last Saturday with a horse race. It is surprising to see the crowd of men and boys that come to town to see these scrub races.

Mr. Russ moved into his new brick cottage last Friday. Mr. Russ is an enterprising citizen and we are glad to see him surrounding himself with the comforts of life.

Another case. One Ira Flatt came to town yesterday and bowled up all day and in the evening, used bad and vulgar language on the streets for which he was arrested and fined \$2.70. If more such examples as this were made here it would soon stop so much vulgar talk on the streets.

DEMOTTE.
BY M. A. M.
DeMotte is still on the boom. Henry Granger has sold his property to E. G. Warren. E. G. Warren made a flying visit to Chicago last week. Wm. Posey is having a fine residence erected. Henry Sparling is building a porch in front of the millinery store. The DeMotte brass band gave an open air concert last Friday evening. The music was fine. A new store was opened up Joe Tyler, in the Sayers building.

Kittie Harring, of Rensselaer, paid DeMotte and vicinity a visit last week.

The saloon property will be repaired and fixed up for a restaurant and confectionary store, we understand.

Dan Fairchild, the hustling sewing machine agent, says he is having good success selling machines.

Henry Granger is having a good house put up in Thayer, which he will occupy as soon as complete.

The ice cream social at the school house for the benefit of the M. E. minister was a success both socially and financially. The proceeds netted about \$15.

The DeMotte ball team went over to Rose Lawn to play the deciding game of ball. The score stood 9 to 16 in favor of DeMotte.

Some of our young folks took in the pie social at the Gleason school house last Saturday night. They report a good time.

Our genial post master is talking of putting in new boxes, both call and lock, as the old ones are not sufficient to accommodate the public.

Mom Burns, who has been in the West for six or seven years, dropped into town the other day. He says he is surprised at the growth DeMotte has taken since he left.

It is reported that there will be a wedding in DeMotte in the near future, as your correspondent happened to hear the arrangements being made in one of our butcher shops some days ago.

DeMotte now has a full fledged livery and feed stable. Conducted by a couple of young men from Medaryville. This is something that we have needed for a long time. We hope that the boys will do well.

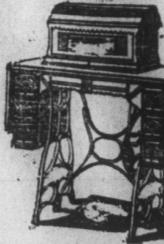

The People's party is talking of putting out a full township ticket and if they do we believe it will be elected as there has been a great change in the political opinions of the people of Keener in the last year or two.

J. F. Bruner as agent for the Continental insurance company, paid the J. N. White, whose house was burned some days ago the full amount of insurance, which was \$1,351. The Continental is a good company and Bruner is a hustling agent, attending to business promptly.

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed doing my house work. Mrs. W. L. Dunagan, Bon-aqua, Hickman Co., Tenn. For Sale by F. B. Meyer Drug-gist.

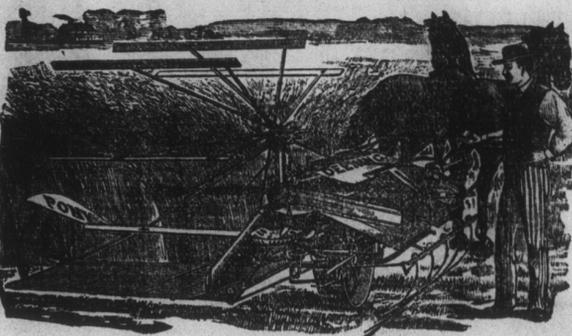

For Sale.
One good Dedrick hay press, a Cooper traction engine. For particulars apply to H. E. Davison, Dunsiding, Ind.

Are You in Need
Of Anything pertaining to
SEWING MACHINES!

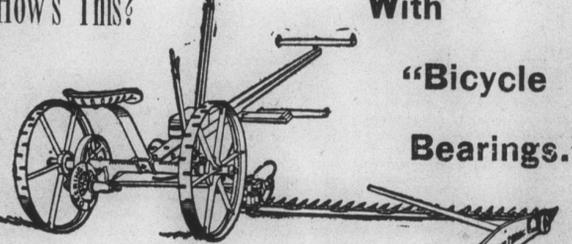

If so, you will do well by calling on me. I keep constantly on hand a full line of NEEDLES for all kinds of Machines. All kinds of sewing machine repairs furnished on short notice. I am the only authorized agent for the
Singer Manufacturing Company
In Jasper county. Office at residence near the Depot.
CLAUDE VANATTA.

Still in the Lead!

DEERING MACHINERY

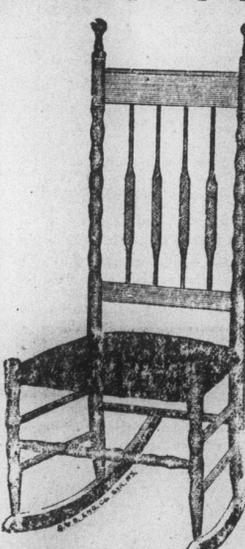

How's This? With **"Bicycle Bearings."**

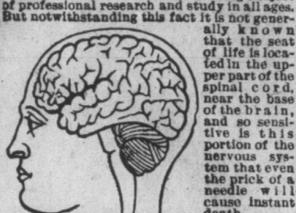

Less 150 pounds for trucks, in 1892 and 1893; less 115 pounds draft and 245 pounds weight, in 1894. Perfection has been reached at last. Farmers, you should see the
NEW DEERING IDEAL MOWER & PONY BINDER
before you buy. See them at COLLINS & RANDLE'S, Rensselaer, Indiana. They also carry a full line of Plows, Cultivators, Drills, Harrows, Planters, etc. Also twine in abundance, at low est prices.
Collins & Randle.

The PILOT from now until December 1st, for 25 cents.

FURNITURE!
At your Own Prices.
An Elegant Assortment!
Rocking Chairs
From 65 CENTS to \$10.50
Picture Framing and Specialty. Come and see an elegant stock of beautiful mouldings.
LOW - PRICES
Sell the goods. Come in and see what we can do for you. We'll treat you right.

MYSTERIES!
The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known that the seat of life is located in the upper part of the spinal cord, near the base of the brain, and so sensitive is this portion of the nervous system that even the prick of a needle will cause instant death.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

DR. FRANKLIN MILLS, the celebrated specialist, has profoundly studied this subject for over 23 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizziness, dullness, confusion, pressure, lipo-mania, melancholy, insanity, epilepsy, St. Vitus dance, etc. are nervous diseases no matter how caused. The wonderful success of Dr. Mills' Restorative Nerve Tonic is due to the fact that it is based on the foregoing principle.

DR. MILLS' RESTORATIVE NERVE TONIC is sold by all druggists on a positive guarantee, or sent direct by Dr. MILLS MEDICAL CO., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It contains neither opiates nor dangerous drugs.

PATENTS
CAVEATS, TRADE MARKS & COPYRIGHTS.

CAN I OBTAIN A PATENT? For a prompt answer and an honest opinion, write to MUNN & CO., who have had nearly fifty years' experience in the patent business. Communications strictly confidential. A full and complete information concerning Patents and how to obtain them sent free. Also a catalogue of mechanical and scientific books sent free.

Patents taken through Munn & Co. receive special notice in the Scientific American, and thus are brought widely before the public without cost to the inventor. This splendid publication weekly, elegantly illustrated, has by far the largest circulation of any scientific work in the world. \$3 a year. Sample copies sent free. Building Edition, monthly, \$2.00 a year. Single copies, 25 cents. Every number contains scientific plates, in colors, and photographs of new houses, with plans, enabling builders to show the latest designs and secure contracts. Address: MUNN & CO., NEW YORK, 361 BROADWAY.

What Can't Pull Out?
Why the **Non-pull-out**

Bow on the Jas. Boss Filled Watch Cases, made by the **Keystone Watch Case Company, Philadelphia.** It protects the Watch from the pick-pocket, and prevents it from dropping. Can only be had with cases stamped with this trade mark.

Sold, without extra charge for this bow (ring), through Watch dealers only.

Lots of watch cases are spoiled in the opening. An opener to obviate this sent free.

J. W. HORTON.

DENTAL SURGEON.
RENSSELAER, IND.

All who would preserve their natural teeth should give him a call. Special attention given to filling teeth. Gas or vitrified air for painless extraction of teeth. Office over LaRue Bros.

H. L. BROWN, D. D.S.

DENTIST.
Gold Fillings, Crown and Bridge Work. Teeth Filled with a speciality. Gas or vitrified air administered for the painless extraction of teeth. Give me a trial. Office over Porter & Wishard's.

S. Remley & Son.
Cordially invite anyone wishing livery hire, or feeding done to call at the former Clark & Davis barn, when at Wheatfield, Ind.
