and all other men who have to look neat while at work, should know about "CELLULOID" COLLARS AND CUFFS. They look exactly like linen, wear well and being waterproof do not wilt down with heat and moisture. They do not soil easily and can be cleaned in a moment by simply wiping off with a wet sponge or cloth. Do not confuse these in your mind with composition goods. Every piece of the genuine is stamped like this:

Ask for these and refuse anything else if you wish satisfaction. Remember that goods so marked are the *only* waterproof goods made by coating a linen collar with waterproof "Celluloid" thus giving strength and durability. If your dealer should not have the "Celluloid" send amount direct to us and we will mail you sample post-paid. Collars 25c. each. Cuffs, 50c. pair. State size and whether stand-up or turned-down collar is wanted.

THE CELLULOID COMPANY,
427-29 Broadway, New York.

Our city "dads" passed an ordinance at their regular meeting Monday evening, charging all street "fakirs" five dollars a day to do business on our streets. Why not make it \$500, gentlemen. The act would have been just as constitutional as the one you passed if anyone would take the pains to test it. But "what is everybody's business is nobody's business."
