THE Newton County Enter-
prise refers to D. B. Nowels as
a candidate for representative on
the Populist-Prohibition-Demo-
cratic ticket. Mr. Nowels' name
is not on the Prohibition ticket.
That party did not make any
nomination for representative at
their convention.

THE Democrats are heart-
broken because W. D. Owen, the
Republican candidate for secre-
tary of State, will not be able to
meet their candidate, W. R.
Myers, in joint debate. Gentle-
men, if you are really anxious
for a joint discussion, Dr. Rob-
inson, the People's Party candi-
date for Secretary of State, will
meet your Mr. Myers at any
time and place.

SENATOR JONES, of Nevada,
has written a letter to the peo-
ple of his state announcing that
he has left the Republican party
and joined the Populists. Peo-
ple who are calling Populists
cranks will do well to note this
new accession to that party.
Senator Jones is to-day recog-
nized in this country and Eu-
rope as one of, if not the best
informed man on the money
question in the world. Our gov-
ernment in appointing a commit-
tee to meet with the
great, wise men of other na-
tions at the Brussels monetary
conference surely did not regard
Senator Jones as a crank. Peo-
ple who are calling Populists
cranks and anarchists will do
well to first find out who are
Populists.

THOSE Louisiana sugar plant-
ers who resolved themselves out
of the Democratic party into the
Republican party the other day
said, "Now Congress holds a
further menace over our heads
in a threat to put sugar on the
free list next session." Will
these planters better their con-
dition by voting the Republican
ticket? The Republicans of our
state are in favor of free sugar
they say. Really the most ser-
ious objection they have to the
new Democratic tariff law is the
protection it gives this article.
Republicans tell us the McKin-
ley law made sugar free and
cheap. Can somebody tell these
old tariff "tads" where they are.

THE Democratic meeting, Sat-
urday night, was very slimly
attended, just as was the republi-
can meeting the week before.
The democrats had a wet night,
and a poor unknown speaker,
while the republicans had a fine
night and a noted orator. Both
meetings were failures. The
democrats are making excuses,
the republicans are saying noth-
ing. The real facts in the case
are, the people are tired of these
old tariff harrangues, they want
something new. For 30 years
the voters of this country have
been attending democratic and
republican tariff lectures and if
they do not, by this time, have
a pretty good idea of the tariff
question, one or the other of two
things are surely true; we, the
people, are either very dumb, or
else these democratic and re-
publican speakers have not sense
enough to teach.

HEAR what the Indianapolis
News, a Republican paper, says
of the "three hundred influential
planters:"

"No one seems to care what
becomes of the Louisiana sugar
planters, who have left or are
going to leave the Democratic
party, because that party would
not consent to tax 70,000,000 of
people for the benefit of a few
hundred people in Louisiana.
Never was there so ridiculous a
revolt. The Democratic party
has bid the "three hundred in-
fluential planters" a joyous fare-
well, and it even seems to feel
that their secession is a thing to
be desired. On the other hand,
though, the Republicans seem
rather to welcome them as allies.
There have not been wanting
warnings against a too eager
and enthusiastic reception of re-
cruits who were so plainly "out
for the stuff."

LAST week we had the pleas-
ure of meeting Mr. D. B. Nowels,
candidate for Representative on
the Populist-Prohibition-Demo-
cratic ticket. While it is true
that his political position is a
little confused, yet Mr. Nowels
is a perfect gentleman, and a
little above the average Demo-
cratic politician.—Newton Coun-
ty Enterprise.

We do not know that the En-
terprise has shown any superior
discernment in so readily recog-
nizing Mr. Nowels as "a perfect
gentleman," for anybody who
has the slightest appreciations
of gentlemanly bearing and con-
duct, has but to merely see him
to come to the same conclusion
as the Enterprise. It is this
natural aptness of men to ob-
serve and respect merit that has
lead the different parties to se-
lect Mr. Nowels as their candi-
date.

THE following is from the
Indianapolis Sentinel's Wash-
ington correspondent:

"The recent bolt of Senator
Jones, of Nevada, to the "Pops"
has only made the Republicans
more active in the coming cam-
paign to capture the majority of
the state congressional delega-
tions. In the Jones bolt they
see the loss of the silver states
for the Republican electors in
1896—a loss that will go to the
Populists and give that party
the balance of power and throw
the election of president into the
house. They believe that nei-
ther the Republicans nor the Dem-
ocrats will get a clear majority
of the electoral college. In that
event the house will elect the
president and the senate the
vice-president. The vice-presi-
dent is elected by a majority of
the senate, each senator having
one vote. But when the house
elects the president members
lose their individuality.

Each state is entitled to one
vote. At present there are 44
states, and 23 states would elect,
but as congress has provided for
the admission of Utah, New
Mexico and Arizona, 47 states
will participate in the next pres-
idential election. Twenty-four
will be a majority then. In
voting by states for president,
the representatives of each state
decide how the vote of each state
shall be cast.

Before the third party devel-
oped strength enough to carry
states a majority of the state
delegations in congress were
never contended for, a majority
of the house was all that was de-
sired. But we remember how
the Democrats of the far West
cast their votes for Populist
electors two years ago, not as an
endorsement of Populism, but to
throw the election in the house,
where the Democrats had a ma-
jority of the states. This was
done in case Mr. Cleveland could
not carry the majority of the
electoral college but the contin-
gency did not arise."

"POPS" HOPE FOR THE SENATE.

It looks very much now as if
the senate from next March
would be controlled by the Pop-
ulists—through balance of
power.

The Republicans give up all
hopes of gaining control of the
senate. Before Jones left the
party they expected to come
near controlling it. With Jones
the Populists now have four
votes to the Republicans thirty-
seven, the Democrats forty-four,
with three vacancies. The Re-
publicans will have to hold all
they now have and gain seven
more seats to control the sen-
ate.

While it is possible for the
Democrats to hold the senate, it
is not possible for the Republi-
cans to do so.

THE CHICAGO TIMES.

THE PEOPLE'S PAPER.

8, 12 and 16 Pages Daily.

32 to 48 Pages Sunday.

No great daily in the United
States is so closely in touch with
the people as The Chicago
Times. Its policy is progressive,
liberal, tolerant. The Times
holds that existing social, politi-
cal, and industrial conditions are
not founded upon the principle
of equal rights to all and Special
privileges to none. That under
existing conditions injustice
necessarily done the mass of the
people. The Times has its own
convictions as to how these con-
ditions may be amended. While
urging its own beliefs strenuously
and intelligently it does not
dismiss with contempt or with-
out a hearing the advocates of
other economic reforms. The
Times is fearless in its utterances
and unswerving in its devotion
to the great body of the people.
The Times believes in free
speech, the free coinage of sil-
ver, and radical tariff reform.
The Times believes in govern-
ment control of all natural
monopolies. The Times believes
in such a tax on land values as
shall lighten the burden of the
farmer and make the owner of
valuable city property pay his
just share. The Times believes
in the wisdom and good faith of
the people. The Times prints
all the news from all the world
in a manner interesting and in-
structive to all the people.

We have seen a number of
watch chains ornamented with a
pretty charm in the shape of a
watch case opener, which ob-
viates the use of a knife or fin-
ger-nail to open the watch. They
are sent free on request by the
Keystone Watch Case Company,
of Philadelphia, Pa. Your jewel-
er here may have one for you;
if not, send to Philadelphia.

The Keystone Watch Case
Company is the largest concern
of its kind in the world. Its
capacity is 2500 watch cases per
day. It manufactures every
description of case, but its great
specialty is that most popular of
all watch cases, the Jas. Boss
gold filled. These are equal in
beauty and wear to solid gold—
while they cost only about one-
half as much. Boss and other
Keystone cases are the only
cases that have the famous non-
pull-out bow or ring, which
saves the watch from theft and
accident. The Keystone Com-
pany does not retail, but our
local jewelers handle the cases
and swear by the thief-proof
qualities of the ring.

McClure's Magazine for Octob-
er will contain an interview with
Dr. Calmette, of the Pasteur
Institute, Paris, regarding his
recent triumphant experiments
in inoculation against snake
poison. A remarkable series of
pictures of poisonous snakes,
drawn from life, will illustrate
the article.

People's Party State Platform.

In general terms we endorse the principles
and declarations of the Omaha platform,
and herewith submit the platform prepared
by your committee on resolutions.

THE FINANCIAL ISSUE.

We demand a national currency of \$50 per
capita, including the free coinage of silver
at the ratio of 16 to 1, issued by the general
government only, a full legal tender for all
debts both public and private distributed to
the people direct without the intervention of
banking corporations in payment of all obli-
gations of the government, and demand the
issue of non-interest bearing treasury notes
of small denominations.

We declare our unalterable opposition, as
a party, to banks of issue, state or national.
We also denounce the past and continued
use of the government fiat by congress to
create interest-bearing bonds.

We charge that the crime of demonetizing
silver in '73, by the Republican party, further
consummated by the joint action of both the
old parties at the extra session of congress
in '93, has fully accomplished the purpose of
the monied aristocracy of the United States
and England, in placing American produc-
ers of our great staple crops on a level with
the poorest paid pauper labor of the world
under English control, by changing through
this crime against American producers and
laborers, the pricing instrument for all pro-
ducts and wages to the single standard of
gold only.

We demand a national graduate income
tax on salaries or incomes in excess of reason-
able expenditures for the comforts and
necessities of life.

We pledge the People's party, when given
control of the government, that the gun-
holders, who put up life to save the Union
from secession, shall be equalized with the
bondholders, who speculated in human life
and the blood of our people, and their pen-
sions shall be treated as a vested right.

We favor the election of United States
senators and all postmasters by direct vote
of the people.

STATE ISSUES.

We believe the people are yet capable of
self-government and home rule, and demand
of the next legislature the repeal of the
metropolitan police law applied to cities.
We also denounce the present unfair and un-
just law that forbids minorities representa-
tion on election boards or witnesses to count
of ballots, as a violation of the natural
rights of the people; the entering wedge to
the destruction of free government; the
very essence of party tyranny and taxation
without representation. Laws that no honest
man can defend.

We demand a constitutional convention to
revise our state constitution and include
therein reform in the methods of taxation
and the initiative and referendum system.
Legislation with the veto power of all the
important laws in the hands of the people.

We demand such equitable adjustment of
the statute for the listing of property for
taxation that will permit the deduction of
all bona fide indebtedness from sum total
listed.

We demand a reasonable homestead law
that no process of any court can touch.

We demand a law taxing all inheritances
coming to citizens of Indiana, both direct
and collateral, at 5 per cent. above \$2,000, for
the benefit of the state sinking fund.

We demand that most liberal educational
facilities for the masses within the power of
the state to provide, and a more efficient ad-
ministration of the public school fund.

We demand that convict labor shall be
taken as far as possible away from competi-
tion with honest, free labor in conduct of the
state prisons, recommending that counties
work their convicts building and improving
public roads.

We demand a law at the hands of the next
legislature that will make it optional with
debtors in this state, to pay any legal obli-
gation in gold, silver or other lawful money
of the United States.

We demand that our state naturalization
laws conform to our national laws upon the
subject.

We view with alarm the evil influence of
the liquor traffic. We heartily endorse the
initiative and referendum system of legisla-
tion, believing by this means the people can
suppress this and other evils more effectively
than by any other mode.

We demand an effective enforcement of the
laws prohibiting the employment of child
labor.

We demand that a system of arbitration be
established, whereby serious difficulties be-
tween employer and employees may be speedily
and impartially adjusted, before either
party resort to measures detrimental to one
and to both.

We favor a reduction of the working hours
by law in mines and factories in conformity
with the progress of industry.

We demand that cities be specially em-
powered to assume ownership and control of
public water, transportation and lighting
plants, in such manner as to operate wholly
in the interest of the people, without im-
posing burdensome taxation.

We are against the giving out of public
works under contract to the lowest bidder,
states and the communities should carry out
such work themselves under the supervision
of experienced officers.

We favor an efficient employer's liability
law and the inspection of mines and factories
for the protection of life and limb of the
workmen.

The right to vote is inherent in citizenship
irrespective of sex.
