GOODLAND.

BY SPECTATOR.

Our public schools began last Wednesday.

Thos. Murphy, living on the W. A. Williams farm three and one-half miles south of here, has rented a farm three miles northeast of Francesville, and will move on the same sometime during the coming month.

Ice on the pond near the tile mill is about five inches thick. Our dealers expect to begin filling their houses sometime this week.

Not one widow or family deserving it, went without a turkey and a sack of flour on Christmas day at this place.

Dr. Lovett made a flying visit to Kokomo, Tuesday.

It was rather amusing, last week, to see the editorial staff getting out the Herald, in the absence of Editor Kitt. The staff consisted of three merchants, four doctors, two lawyers, four printers, one foreman and one devil. They got out, but about twelve hours late.

Bob Cochran, living three miles south of this place, was held up and robbed of six or eight dollars, all he had, a little ways east of McCurry's livery barn, last Saturday night, between eleven and twelve o'clock, by a road agent.

Miss Lester, daughter of Stanton Lester, of Chicago, is visiting her uncle H. H. Donning.

It has been impossible for us to note all the fathers, mothers, sisters, brothers, aunts, uncles, cousins, nephews, nieces, and lovers that has been visiting in Goodland for the past week. We have only done the best we could.

Can you write it? 1895.

Mr. James Warren, of Rensselaer, spent three or four days at this place, during the holidays with his sister, Mrs. Dr. Oram.

Mr. Albert Keen, trustee elect, of Wheatfield township, Jasper county, was in Goodland, Saturday.

A horse of Benj. Constable, became frightened Saturday evening at the cars, while Mr. Constable was sitting in the buggy in front of H. Burgess' drug store, waiting for goods and turning suddenly around threw him out of the buggy but did not get away or hurt Mr. Constable.

"Peeping Ed," instead of "peeping," the contemptable

villian that has made life miserable for a number of lone women, for two or three months, in this glace, by going to their windows at late hours of the night and raping on the panes begs to be let in, was privately run out of town, last Saturday night. This is very thoughtful on the part of himself and the villians that helped him out. For by the stern decree of some of our best citizens the young villian would have been wearing a fine new suit of clothes composed principally of tar coated with a neat finish of geese feathers. The resolve will be put into execution if the villian ever appears in this place again.

We would like to say for the benefit of the Kentland Fair Association, that Prosecuting Attorneys for the 30th Judicial District, don't indite any one. He only writes the affidavit and the jury returns the indictments. This is not the first time Fair Associations in Indiana have been indicted. Let the good work proceed Bro. Annibal, the better part of society are backing you. A Prosecuting Attorney that passes by such contemptable things as infest our country fairs don't deserve the name of Prosecutor.

The Remington Press a week or two ago, took occasion to spit out its vermin at the Town Board for heaping upon the people such a debt as the one contracted for our electric light plant. And what an immense expense it entailed and would never pay out, &c., &c. In the first place the editor of the Press don't live here, never paid a dollar of tax in our town or county and it won't matter to him if we do run twelve thousand dollars behind every year. His taxes would not diminish or increase one cent. In figuring our expenses to operate the plant he figured our marshal's salary. Way, you old goose haven't we always had a marshal at a salary from \$40 to \$55 a month. Deduct \$6 or \$8.00 from your figures and see if you haven't lied more than you aimed to. All honor to our town board. We feel like taking off our hats to them as we pass them in the busy hum of life.

WHEATFIELD.

BY B. B.

We understand the dance held at Fritz' hall last Monday was not a success. This is rather discouraging to those whose enjoyment lays in the fantastic toe.

Mr. D. B. Nowels after spending the holidays with relatives and friends in Rensselaer, has again returned to Wheatfield to finish his winters work.

A sister of P. E. Davis, who has been visiting relatives here the past week returned to her home in Owen county, Wednesday of this week.

Weather prophets say winter has just begun; at any rate it is a fair prospect for the ice harvesters.

Mr. W. Souders, the barber of this place, has sold out his business to O. Heathe who will succeed him. We wish him success. Mr. Souders leaves for Momence where he will follow his old trade. Prosperity to you Bro. S.

Good Roads.

Of these numerous societies that hold their annual meetings at Indianapolis, the Indiana Highway Improvement Association is one that all from the humble tramp, to the arrogant millionaire are interested in. Let all road officers and others interested attend the meeting the 8th. We hope to see a good attendance from this part of the state.

Any further particulars furnished by addressing Lewis S. Alter, Vice President 10th Dist. Ind. Highway Imp. Assn., Remington, Ind.

THE CHICAGO TIMES.

Established 1851.

THE PEOPLE'S PAPER.

8, 12 and 16 Pages Daily.

32 to 48 Pages Sunday.

No great daily in the United States is so closely in touch with the people as The Chicago Times. Its policy is progressive, liberal, tolerant. The Times holds that existing social, political, and industrial conditions are not founded upon the principle of equal rights to all and special privileges to none. That under existing conditions injustices necessarily done the mass of the people. The Times has its own convictions as to how these conditions may be amended. While urging its own beliefs strenuously and intelligently it does not dismiss with contempt or without a hearing the advocates of other economic reforms. The Times is fearless in its utterances and unwavering in its devotion to the great body of the people. The Times believes in free speech, the free coinage of silver, and radical tariff reform. The Times believes in government control of all natural monopolies. The Times believes in such a tax on land values as shall lighten the burden of the farmer and make the owner of valuable city property pay his just share. The Times believes in the wisdom and good faith of the people. The Times prints all the news from all the world in a manner interesting and instructive to all the people.

Obituary.

John L. Carr, died at the home of his parents in Indianapolis, Dec. 29, 1894. He was born in Florida, March 21, 1870. Where he lived till 19 years of age, the remainder of his days were spent in travel. The deceased was well known and highly respected in this locality. He leaves behind to mourn his loss, an aged father and mother, four brothers are laying at rest in Florida. God who knows best has called the remaining one. He was deprived of his speech for three days but apparently he died happy.

Now his last labors done,
Now the grave is won;
Oh, grave of our loved departed,
Seal in thy precious dust,
Land of the good and just;
Take the soul home.

An Old Citizen Passes Away.

The venerable Samuel L. Sparling died at his home just south of town, last Thursday at the advanced age of 85. Mr. Sparling was one of Jasper county's earliest settlers. His life's work has added much to the improvement of our county, for he was an industrious, useful, honorable man. Eighty-five years of toil, of honest dealings among men is the noble record Samuel L. Sparling has left behind him.
