

## CONTINUES HIS PLEA.

### GOOD WORDS SAID FOR HARRY HAYWARD.

Mr. Erwin Talks to Save His Client in Gung Murder Case—Citizens of Adel, Iowa, Quiet Down—Wounded Out of Danger.

Minneapolis, Minn., March 7.—Mr. Erwin resumed his speech before the jury for the life of Harry Hayward this morning. The mother of the defendant was not present, but his father and an aunt occupied seats in the witness row. County Attorney Nye is confined to his bed under a physician's care, and his condition is quite serious. It has developed that in case of a conviction—which is confidently expected by the state—immediate sentence will be moved. The defense has made every preparation for a stay and an appeal in case of conviction. Mr. Erwin continued his attack on the testimony of Hux, which he admitted was the very focal point of the case. It was full of the most serious contradictions and inconsistencies and unworthy of credence. He then turned to the question of the immunity promised by the state to Hux and Harry Hayward for the sake of convicting Harry. This, he declared, was a bribe, of the old and pernicious practice of turning states evidence in vogue in England, and he called upon the jury to stamp it out.

### DANGER OF LYNCHING PAST.

Citizens Shot by Desperados at Adel, Iowa, Are Recovering.

Des Moines, Iowa, March 7.—The citizens who were in the raid made on the Adel bank yesterday afternoon are all reported out of danger, and as a result of the shooting, one of the robbers—Charles Williams—was shot and killed, while the other, who gave his name as C. W. Crawford, is said in jail. Of the citizens who were shot, S. M. Leach, the cashier of the bank, and C. D. Bailey were the most seriously injured, but both will recover. The wounds of Postmaster E. L. Barr, J. M. Myers, J. L. Farnsworth and Carl Becker are not serious. They simply happened to be in the way when the robbers were trying to escape. Crawford, the man under arrest, has made a statement in which he says practically all the blame on Williams, who, he says, planned the raid and did the shooting. The jail was under a guard of citizens, but they have quieted down to such an extent that an danger of a lynching is past.

### A CHICAGO MEASURE.

Civil Federation's Civil Service Bill Passed by the House.

Springfield, Ill., March 7.—The civil service bill passed the house this morning with an overwhelming vote. Attached by a vote of 191 to 26, after a sharp battle. The query, "What has become of the so-called bill?" has been made with much frequency in both branches of the legislature of late. Six weeks ago bills to repeal the law which limits damages in case of death to \$5,000 were introduced in the house and senate and referred to committees, and there they have languished ever since. Representative Wallack introduced the bill in the house.

### Tries to Burn a Congregation.

Boston, Mass., March 7.—An attempt to burn St. Peter's Roman Catholic church, in the Dorchester district, while 1,200 people were attending evening service, was made at 8 o'clock last night. The blaze was discovered in time to prevent serious damage to the building and, although a stampede of the congregation occurred as soon as it was known a fire threatened, no one was seriously injured.

### Wants an Investigation.

St. Johns, N. F., March 7.—The government recently requested the British government to guarantee a loan of \$2,000,000, to be expended under their supervision. The reply was that a royal commission must first inquire into the state of the colony. If this is declined, federation is likely to be the alternative. Business is improving.

### Elkins at the Mexican Capital.

City of Mexico, March 7.—The Hon. Stephen B. Elkins, senator-elect from West Virginia, arrived here last night. He is accompanied by his family. His trip has a commercial and perhaps political significance. President Diaz and cabinet will pay the party special attention during their stay in Mexico.

## BETTER PRICES WILL RULE.

### Iron Trade Review Thinks Market Outlook Is Hopeful.

Cleveland, Ohio, March 7.—The Iron Trade Review this week will say: "Whatever doubt existed as to the ability of producers of Lake Superior Bessemer ores to agree upon a basis for 1895, both as to prices and production that would prevent a repetition of the sorry experience of last year, has been removed. The market to-day is difficult of exact statement, but on prompt shipment the range is fairly \$10.15 to \$10.25. Pittsburgh with sellers unwilling to contract largely for future deliveries, especially in view of the coal strike declared this week and the possibility of trouble in the coke region. It is urged that the prospect of higher Bessemer ore and higher coke after April 1 sustain the view that, with the accumulated stocks taken up by recent purchase, the low level of Bessemer pig in January and early February will not be touched."

## TRUCK WRECKED BY TRAIN.

### Shocking Accident at Detroit—Three Firemen Hurt, Perhaps Fatally.

Detroit, Mich., March 7.—A shocking accident occurred at the intersection of Canfield avenue and the railroad tracks early this morning. A fire had occurred, to which hook and ladder company No. 3 had been called. As the truck was crossing the tracks, it was struck by a freight train, dashed down the track and, coming back into the truck, threw it from the tracks. The blowing men were probably fatally hurt and were conveyed to the hospitals. Driver Anthony Perry, married, aged 26, Steersman Christian Goodell, aged 31, and Charles L. Chase, aged 25, the line of one of the hook and ladder forklifts entered Korte's head, penetrating the brain. The truck was thrown about 150 feet and wrecked. The horses were badly mangled. Capt. M. E. W. Wirth was also bruised.

## DIDN'T BUY A COUNT.

### George Gould Denies Story of a Marriage.

New York, March 7.—George J. Gould said yesterday: "The statement that there has been any marriage settlement in connection with the marriage of my sister to the Count de Castellane is false. Not only has there been no marriage settlement, but such a thing was never discussed or even mentioned by any member of either of the families. The statement which contained such publicity, to the effect that certain debts of the Marquis de Castellane had to be settled before he would give his consent to the marriage, is as ridiculous as it is false and absurd." This was a voluntary statement from Mr. Gould. He spoke emphatically and showed that the reports referred to had been most annoying to him.

## TWO STEAMERS ARE LOST.

### One Sinks, the Other Burns—Capt. Knight's Son Perishes.

New Orleans, March 7.—Capt. L. W. Cadey of the steamer Ouchita reports the sinking of the steamer Marcus Collins near Gobeau Landing, Thursday morning, laden with cotton; also the burning of the steamer Laura Blanks Sunday morning when in sight of Gobeau Landing. Both steamers were owned by Capt. George W. Knight of Trinity, La., and will prove a total loss. Capt. Knight, with the destruction of the Blanks, also lost a bright son of 9 years, whose body has not as yet been recovered. The cargo of the Collins was all saved but the cargo of the Blanks, consisting of 165 bales of cotton, was destroyed.

## Cuban Rebels Defeated.

Havana, March 7.—News has been received from the governor of Santiago that Lieutenant Colonel Bax, in seeking for insurgents near Guantanamo came upon a large party near Ullao. They were soon joined by two other parties under command of Peregrino Perez and Henry Brown. The government troops attacked the insurgents and after a fierce fight succeeded in partly surrounding them. The rebels retreated and were soon routed. The government troops took a prisoner, who was wounded, and also captured some arms, clothing and ammunition. The insurgents carried off the field many who are known to have been wounded. The government troops sustained no loss. Bax continued the pursuit in several directions. The insurgents lacked ammunition.

## Will Succeed Barrows.

Kalamazoo, Mich., March 7.—The 11th ballot was taken for a congressional candidate to succeed Julius C. Barrows in the republican convention this morning, with no change in the vote from that of last night. On the final ballot Mr. Milnes received thirty-five votes, against thirty-four for Smith. The nominee, who is at present lieutenant-governor, is a merchant at Coldwater.

## Nebraska's Oleomargarine Law.

Lincoln, Neb., March 7.—There is a probability that the anti-oleomargarine law will be amended by the legislature in conformity with the recommendations of Gov. Holcomb, so that oleomargarine can be manufactured in the state for export. The champions of the new law made a hard fight in the senate to prevent the amendments being referred to a friendly committee, but they were defeated by a vote of 18 to 11.

## KILLED BY JAPANESE.

### NINETEEN HUNDRED DEAD CHINAMEN ON THE FIELD.

Five Hundred Prisoners are Taken—Sanguinary Engagement Takes Place March 4—Extends Into the Night—In vader's Loss Slight—Cable News.

Hiroshima, March 7.—A dispatch received here from Gen. Nodzu, dated Hai Ching, March 4, says that two divisions of the first Japanese army assaulted New Chwang proper at 10 o'clock on the morning of that day, and entered the city at noon. A portion of the enemy's forces at once fled to Yen Kow, the New Chwang settlement. The remaining Chinese troops made a stubborn resistance, occupying the houses of the city. Some desperate street fighting followed and the Chinese were completely routed at 11 o'clock at night, leaving 1,900 killed upon the field. The Japanese captured 500 prisoners and sixteen guns, together with a quantity of munitions of war and colors. The Japanese loss was 206 killed and wounded. A later dispatch from the front says that at 8 o'clock on the morning of March 4 a force of 10,000 Chinese under Gen. Lung advanced upon Taping Shang, but were repulsed by the fire of the Japanese artillery. The Chinese retreated before noon. The Japanese sustained no loss.

### Cashier Wing of the Grafton (Mass.) National Bank Kills Himself.

Worcester, Mass., March 7.—Henry A. Wing, one of the oldest and best known citizens of Grafton, committed suicide by shooting himself, some time between 7 o'clock last night and 1:30 this morning. His body was found in a box stall in his barn. He was lying upon his back with a bullet hole over the right temple. Mr. Wing was for thirty-eight years cashier of the Grafton National bank, for thirty years treasurer of the Savings bank, and for a quarter of a century had been town treasurer. A meeting of the directors of the Grafton National was held Wednesday evening, and lights were seen in the bank at 10 o'clock, a most unusual hour, and no such meeting was ever known to be held before. Those who were present refused to say whether Mr. Wing was present or not, and decline to discuss the suicide or its probable causes. He has for years been administrator of various large estates, and lately several suits have been brought against him. In one suit property was attached for \$150,000 in an action of contract brought by William T. Forbes, judge of probate. The case was entered in the supreme judicial court in December and has not yet been heard.

## NEGROES START FOR AFRICA.

### First Southern Party Leaves Memphis to Colonize Dark Continent.

Memphis, Tenn., March 7.—Three hundred negroes who arrived in Memphis yesterday on railroads leading from Arkansas, Louisiana, Mississippi and Texas took trains to-day for Savannah, when on March 9 they will embark for Africa. They are transported by the African Migration society, to whom each of them was paid \$41 on installments, which defrays all expenses of the trip. Six thousand negroes are now paying their fares in advance in this way. The negroes who arrived yesterday are mostly farmers, though there are carpenters, blacksmiths, and other craftsmen. One-half are women and children. Though these negroes met yesterday for the first time they have already agreed to settle in Africa together and form a colony by themselves.

## Ans a Hides a Murder.

Raleigh, N. C., March 7.—By a slight fire which occurred in the Long hotel at Rockingham yesterday morning, a drunken man named George Gardner was suffocated. At the time it was believed that his named handmaid of a coal oil lamp caused the fire, but subsequent developments indicate a strong probability that the unfortunate man was murdered and robbed, and the fire started to prevent discovery of the crime. He is known to have had a large sum of money which can not be found.

## Mrs. Green's Son Wins the Suit.

New York, March 7.—Mrs. Hetty Green was a happy woman last night. She received a telegram from Galveston, Tex., announcing that her son Edward had won his railroad suit, which has been in the chancery courts for over two years and in which Mrs. Green's arch enemy, C. P. Huntington, was the chief opponent. The legal contest grew out of the sale of the Waco division of the Houston & Texas Central railway in 1892.

## Tree Falls on a Locomotive.

Parkers, Pa., March 7.—Passengers on the south-bound afternoon train on the Pittsburgh & Western road yesterday had a marvelously narrow escape from death near Heister station. A terrific wind blew a huge tree directly across the engine, almost derailling the train. The tree made a complete wreck of the locomotive, but no one was injured.

## BIBERY IN THE AIR.

### Money Said to Have Been Used Among Indiana Lawmakers.

Indianapolis, Ind., March 7.—During these closing days of the legislature more charges of bribery have been made than can be recalled at any former session of the Indiana general assembly. All the proposed legislation against the railroads, including the anti-pass, two cent fare, and Pullman and similar measures, which were urged early in the session, have been stifled, and it is said the railroad lobby has poured out money like water. There is also talk of the use of money in the fee and salary and the building loan bills. At the investigation of the Roby bill theft Clerk Agnew declared that A. P. Knott, an attorney at Hammond, had offered him \$5,000 to lose the bill. Other witnesses said it was understood Knott was the attorney for Roby. As a climax to the promiscuous bribery charges Gov. Matthews yesterday received a communication on the Roby question charging that \$2,500 had been sent to him. The governor made no comment on the letter, and the impression prevails that it is a mass of misstatements. An investigation may be held to determine the truth or falsity of these wholesale charges of corruption.

## INCOME TAX ARGUMENTS.

### Distinguished Counsel to Appear Before the Federal Supreme Court.

Washington, March 7.—The preliminary arrangements in the argument in the income tax case was made in the supreme court of the United States in the presence of such an array of distinguished counsel as is seldom seen in the court. The proceedings were opened yesterday with a request from the attorney-general that the government be allowed to be heard in the argument, and that the three cases be consolidated. Both requests were granted by the court. It was finally arranged that five hours should be given to each side, with the statement by Chief Justice Fuller that further time would be given if it was found necessary. He also remarked the court would not expect to hear more than three attorneys on each side. It is believed the argument will consume all the time of the court during the remainder of the week.

## MINERS' STRIKE SPREADING.

### Repetition of Pennsylvania Riots of Last Year Is Feared.

Pittsburg, Pa., March 7.—The coal miners' strike spread yesterday. It is now estimated three-fourths of the railroad number of men out is about 10,000. So far there has been no trouble. A repetition of the mining riots of last year is expected if non-union men are put to work. The miners' convention adjourned yesterday and the delegates went home in an angry mood. The proposition of the operators to hold another conference Saturday was voted down as a scheme to gain time. Telegrams were hurriedly sent to those miners who did not obey the strike order Monday. Up the Monongahela River not a pick was struck in the fourth and fifth pools. The men at Boston on the Younghusband are also out.

## WITH THE TRADERS.

### AFTER AN EARLY WEAKNESS WHEAT CLOSES STEADY.

Good Demand for Shipment—Corn Very Dull, Without Material Change in Price—Active Trade in Provisions—In Wall Street.

Chicago, March 7.—There was good action in wheat again this morning. Little attention was given to the easier public cables, English and continental, because they were regarded as the reflection of the Wednesday market here. The Price Current summary contained the old argument that supplies of wheat in this country will show 50,000,000 bu less than a year ago. On the early buying the May price got up from 53½¢ at the opening to 54½¢@54½¢. Then northwestern wheat receipts showed 331 cars, against 345 last year. Primary markets had 344,000 bu, although Minneapolis and Duluth had 288,000 bu out of the total. Export clearances were very disappointing to the bulls with only 59,000 bu wheat and 9,000 bbls of flour out of the four Atlantic ports. New Orleans added 10,500 bu wheat, and the total from the five ports reached only 109,000 bu. Before midday a batch of Paris cables came through the big houses announcing a decline of ¼ franc in wheat and weather improving. At the same hour there was a rumor on the floor that an investigation of the abuses was about to be made. Altogether the trade weakened and the May price dropped from around 54¢ to 53½¢@53½¢. From this there was but a rally up to the last hour. During the last hour wheat sold at the low level of the day for May at 53½¢ and closed very to 53½¢ at the close. Reports on cash sales of wheat 2,000,000 and 2.2 wheat gave the strength at the close.

As for many days previous there was but little trade in corn. The May price ranged but ¼¢ for the session up to 1 o'clock. May opened 44½¢, firm to 44½¢, when wheat sold over 54¢, then went off to 43½¢, with slight rally to 44½¢ at the close. Receipts here were 154 cars, and for tomorrow 204 cars. Primary markets showed only 201,000 bu corn receipts, with shipments 122,000 bu. At Atlantic ports cleared but little corn, while New Orleans cleared 51,000 bu. Cables were easier. The market closed without activity or feature of any kind at 44½¢ for May.

There was some stir in provisions again. Pork started 5¢ higher and made a gain at best point of nearly 30¢ over last night. May pork sold \$10.67½ to \$10.85, to \$10.75, to \$10.90, and closed \$10.85, about 25¢ higher. May lard sold \$6.57½ and \$6.62½, closing at the top; ribs, \$5.47½ to \$5.60, closing at the top. ## Wall Street.

New York, March 7.—The stock market opened firm. Sugar was the leader of the market in point of activity and was bought in round lots, with the result of making an additional gain of ½¢. From 10:45 to 11 o'clock speculation was heavy and a loss of ¼¢ was effected, the latter in New Jersey Central, and ½¢ in sugar and distilling. The market continued weak. The new United States 4s sold at 119 for \$25,000 worth, and are offered at that figure. Toward noon sugar was sold sharply and broke ½¢ per cent to 91½¢, but the general market was held steady.
