

CELLULOID

Full off with starch and glass serene,
The linen collar starts the morn;
Full off at noon time it is seen
All wilted, wrinkled and forlorn.

That's what you must expect of
such a collar; it's the *linch* of it.
The stand-up collars won't stand
up, and the turn-down collars will
wilt down. The easy, cheap, and
pleasant way out of this is to wear
"CELLULOID" COLLARS AND
CUFFS. These goods are made
by covering linen collars or cuffs
on both sides with "CELLULOID,"
thus making them strong and
durable, and *waterproof*, not affect-
ed by heat or moisture. There
are no other waterproof goods
made this way, consequently none
that can wear so well. When soiled
simply wipe them off with a wet
cloth. Every piece of the genuine
is stamped like this:

TRADE MARK
CELLULOID

Insist upon goods so marked
if you expect full satisfaction, and
if your dealer does not keep them,
send direct to us enclosing amount
and we will mail sample. State

turned-down collar is wanted.

THE PEOPLE'S PAPER.

No great day in the United States is so closely in touch with the people as The Chicago Times. Its policy is progressive, liberal, tolerant. The Times holds that existing social, political, and industrial conditions are not founded upon the principle of equal rights to all and Special privileges to none. That under existing conditions injustice necessarily done the mass of the people. The Times has its own convictions as to how these conditions may be amended. While urging its own beliefs strenuously and intelligently it does not dismiss with contempt or with out a hearing the advocates of other economic reforms. The Times is fearless in its utterances and unswerving in its devotion to the great body of the people. The Times believes in free speech, the free coinage of silver, and radical tariff reform. The Times believes in government control of all national monopolies. The Times believes in such a tax on land values as shall lighten the burden of the farmer and make the owner of valuable city property pay his just share. The Times believes in the wisdom and good faith of the people. The Times prints all the news from all the world in a manner interesting and in structive to all the people.

It is not altogether a sign of certain prosperity that so many families are coming into this county as renters. Though all good people are welcomed to live among us, is there a prospect that they will even become home owners, and if not, will they not always be kept down by the ones who own the homes they rent and live from the labor of the renter, a tax on industry.

Thomas Saylor, whose wife and child are in Colorado, received word Saturday morning last that the child was very sick. He at once started for the west, but upon arriving in Chicago a telegram announced the little one better, and he returned.

Stop and Think.

Is man such a mystery as theologians teach, possessing entities the eye can never reach, the outer man of dust was made, in which they all agree, and in this there dwells a soul, and spirit making three by this arrangement, don't you see a triune man appears; mysterious as a three, one god who centers everywhere, for in the outer man there dwells the mystic man—the soul; also a third or spirit man, which makes the compact whole, soon body man returns to dust; the spirit man to god; the soul man down to hell is cast, to writhe in fire and blood. Now if that is true Cain must for six thousand years in these conditions dwell—one Cain in dust, one Cain with God, the other Cain in hell.

Now please hear what the word of God says is the man. Gen. 2:7. And the Lord God formed man of the dust of the ground and breathed into his nostrils the breath of life, and man became a living soul.

Again the word of God says: The spirit of God hath made me, and the breath of the Almighty hath given me life, therefore I live by breathing the breath of the Almighty, not by virtue of an immortal soul inherent in me. Now, friends, there is no such word as immortal soul found in all the book of God, but we are invited to seek for immortality by patiently continuing in well doing, but if men have immortal souls they have no need of seeking for what they are in possession of already. But that is not true for eternal life is the gift of God through the Lord Jesus Christ, the life giver.

Issued 21 Money Orders.

The red letter day was reached in the postoffice Saturday when twenty-one money orders were issued. The increase was immediate and phenomenal following the notice published in the Pilot and shows what a little advertising will do. Don't send postage stamps or money in your letters when three cents will pay for a postal money order up to \$2.50.

It may not be understood by everybody that the postoffice can be used as a bank of deposit, but such is the case, and several millions of dollars is annually placed in Uncle Sam's hands for safe keeping, especially in this noticeable in panicky times when people become distrustful of banks.

To make a deposit in the postal bank you must buy a money order, payable to yourself at some other office, Chicago for example. Such an order is payable at any time within one year, either at Chicago or at the office of issue, and is absolutely safe, for even though you lose your order, a duplicate can be obtained. It would be much better, of course, if the government would institute a regular savings depository with the the postoffice, and allow a small interest to its patrons. The deposits could be used by the government to pay off its bonded debt, and would be more than ample to do so, even though it offered but two per cent for time deposits, so secure would depositors be in their savings.

Harper's Young People (\$2.00) and People's Pilot both one year for \$2.50.

For a New Press.

A personal letter and circular is being mailed to every name on the subscription books of the P. Pilot, stating the necessity of procuring a new power press to facilitate the printing of the large editions, now a full 2000, which are being issued, both sides being printed in the home office.

An appeal is made for those who are in arrears to pay all, or a part, of what is due; those who are already paid in advance are asked to help the press fund by sending in a new name, for a year, or for three months, or if they cannot do that, and can conveniently do so, they are asked to pay a dollar for still another year for themselves.

The circular is printed in full on the first page of this paper, please read it and if you can possibly spare a dollar, a quarter, or a dime, kindly add it to the fund for a new press. It is needed badly; the subscription list has far outgrown the capacity of the old and slower press. A new one would do the work much better, and give the needed time of the working force to still further improve the paper. Lend us a helping hand.

Card of Thanks.

I desire to sincerely thank all the kind friends, who have so generously assisted during the long illness and offered of their christian consolation at the death of my beloved wife.
