

Interlined "Celluloid" Collars and Cuffs turn water like a duck's back and snow neither spot nor soil. They are not affected by perspiration, and always look as if right out of the box. When they get soiled you can clean them in a minute by simply wiping off with a wet cloth. These are but a few of the advantages of wearing the "Celluloid" Collars and Cuffs. There are many others that you will readily discover the first time you wear one. They are the only waterproof interlined collars and cuffs made. Be sure to get the genuine with this trade mark.

A correspondent of the New York World writing from Berlin under date of March 14 says that Dr. Otto Arndt, whom he interviewed on the subject of bimetalism, remarked that he thought we knew more about the subject in America than they did in Europe. At the same time he showed the correspondent an American work, "Coin's Financial School." There is a rumor of a new six chair barber shop. This added to the five already here and the other new one to be started by R. P. An Apology.

The editor of the Pilot desires to ask his readers to overlook the shortcomings of the paper for another week. He has been very busy preparing for the new press and engine which will be ready for use in a few days, when he will endeavor to improve the paper little by little each week until it shall be the equal of any country paper printed in America. It takes time, hard work, the help of friends, and it takes money to do it; and while speaking of money, if any of our well wishers could spare a dollar now, it would be of the greatest value to us in meeting the exceedingly heavy expenses of the new machinery.

A Financial Proposition.

A Pretty Home Wedding.

At the residence of Mrs. Anna M. Metzger, No. 162 North street, last evening at 8:30 o'clock, the marriage of Miss Tracie S. Metzger and Mr. David E. Israel, of Chicago, was solemnized by Rev. James H. W. Blake, the full Episcopal service being used. The attendants were Miss Josie Minicus and Mr. Wiley W. Isreal, of Rensselaer, and Miss Eva Welschilling, of Hot Springs, Ark., and Mr. Harry Blood. The bride and her maids were handsomely gowned and the bridal party presented a handsome picture as the vows were spoken. Obituary.

From the Medaryville Advertiser.
Died—in this town, on Thursday morning, March 28, 1895, shortly after 7 o'clock, Mrs. Nancy P. Nicholes, at the age of 78 years, after a lingering illness of about three months.

Mrs. Nicholes was born in Brown county, Ohio, on March 24, 1817. Her family name was Nancy P. Graham. She was married to Mr. Wm. B. Nicholes in that state and county on Sept. 5, 1837. The following month the then young couple moved to Miami county, Ind., and two years later to Rensselaer in Jasper Co. In the fall of 1835 they moved to this county, where they have lived ever since and which makes them two of the oldest settlers in Pulaski county. There were nine children born to this union, of which four, Elston, Walter, Frank and Samuel, are still living. Her husband, Wm. B. Nicholes, also survives her. Although of late her death was almost daily expected, the final demise of Mrs. Nicholes throws a gloom over this whole community, as she was a general favorite among both old and young. She was a true, loving wife, an affectionate care-taking, conscientious mother and an ever ready, sympathizing friend and neighbor. Her remains will find their last resting place in the Medaryville cemetery and the funeral will take place this morning at 11 o'clock, Rev. John Sebring preaching the funeral sermon.

The New Bank Opened.

The Commercial State Bank opened its doors for business Tuesday morning in the nicely equipped quarters just vacated by the liquidating Citizens' Bank, whose depositors have all been assured by the new corporation. Its present appurtenances are indeed excellent and compare favorably with those of similar institutions in this county. A feature of special interest is their safe deposit boxes, in which patrons may store valuable papers and hold the keys thereto. These boxes are located in their absolute fire proof vaults.

This bank is organized under the laws of the state of Indiana and is furnished with every facility for the transportation of a general discount, deposit and exchange business, including the drawing of drafts payable in all the principal cities of America and Europe.

Among the stockholders the following names are prominent as principal shareholders: Hon. E. P. Hammond, Addison Parkins, James T. Randle, Hon. Simon P. Thompson, Hon. Geo. H. Brown Sr., Emmet L. Hollingsworth, John M. Wasson, George K. Hollingsworth and George E. Murray.

Such a presentation of well known names, all, practically, of this city, men who have spent their lives here, and not only made their financial success here by their own good business methods, but earned the honorable reputation which is accorded each one of them without question; such names, representing as they do, wealth of many hundred thousands of dollars, is the best commendation the new bank can have in asking a share of the public's favors.

Those in actual charge of the business are experienced, obliging, courteous, and it is certain that a prosperous future is opening to them.

The cashier, Mr. E. L. Hollingsworth, has for several years been connected with the bank of A. McCoy & Co. in a like capacity, where he won many warm friends through their business relations, and he will be pleased to see them again in his new place, where they may be assured he will extend to them every possible service.

Russell Threshing Machines.

L. S. Renicher is the agent for the Russell threshing machine. Any one contemplating the purchase of a thrasher should see him and investigate the merits of this machine. He has used one with unequalled satisfaction in this county, and can guarantee every claim for it. Farmers who have had work done with it prefer it to any other. Prices as low as asked for inferior machines, and the easiest possible terms given for time payments. A full steam outfit will be on exhibition near Rensselaer depot after the 15th of April.
